## RECTOR'S GRADUATION ADDRESS

Ka tangi te titi  
Ka tangi te kaka  
Ka tangi hoki ahau, Tihei mauri ora  
Tena Koutou Katoa

Good evening everyone, and I add my welcome to those of Board Chair Andrew Fox, MC's Harvey Henderson and Aitken Hawkins and our Head Boy, Daniel Stack.

Tonight is a night of celebration – celebration of so many of our students, primarily in academic endeavours, but also the very real celebration of all our Year 13 students – of 5 years hopefully overwhelmingly spent well in classrooms and corridors, on fields and field trips, in Chapel, dining room and perhaps dormitory. It is with real affection and with every good wish for the future that we tonight farewell the class of 2014.

I wish to acknowledge the dedication, expertise and enthusiasm of our staff and Board members who work tirelessly, regularly go beyond the call of duty and have as their primary motivating question: "What is in the best interests of the students?" This College has always been powered by the selfless commitment of so many for the good of the future generations. Thank you to staff and Board members.

To our parents, too, I thank you for trusting us with your sons during a vital stage of their development into young men. I hope that your decision to choose Silverstream

as the secondary haven for that transition – has been the correct one for you and your son. I hope we have honoured your son as the unique individual that he is.

Prizegiving speeches are often a long list of College highlights allowing us to collectively bathe in the reflected glory of these triumphs, pat ourselves on the back and tell ourselves how good we are. Please know – we are always very proud of the individual and collective achievements of our students and staff and take real pleasure in seeing our students developing into fine young men. But also, we embrace that the teenage years are a journey and that journey often involves wrong turns.

I invite you to celebrate tonight that we endeavor to stand by them through the good times and the not so good times. It's easy to get rid of people when things go bad – it's actually really about belonging when we choose to walk beside and support each of our students as they experience the ups and downs of life. It's really about belonging where we intentionally choose empathy and compassion as our way of being as a College.

So rather than a catalogue of successes, I wish to address our departing Year 13 students one last time. Perhaps one of your highlights of this evening is that this will be the last time you have to listen to the Rector droning on about being your best, putting your

Gerard Tully

best foot forward, being amazing and so on.

At the Year 13 Retreat about 5 weeks ago, you each wrote privately of your personal hopes, dreams and aspirations for your life beyond Silverstream, and also of your worries. I was privileged that you said it was ok for me to read of these hopes and worries, given that they were recorded anonymously. Under "Hopes" the most common word used was "happy" which is fair. We all want to be happy. Every morning I pray for my family members wherever they are in the world – that they will be "safe, happy and healthy".

So what is the source of this happiness that you desire?

Since I was a little boy I have been captured by Oscar Wilde's fairytale – The Happy Prince. I liked it so much that my mum bought me the record of it.

"High above the city, on a tall column, stood the statue of the Happy Prince "The story goes on to expose the plight of the Prince, who when he was living, lived only for his own pleasure and happiness, but now that he is dead and elevated so high he can witness the misery and sadness of so many of his people. He feels guilty and ashamed that when he was alive he did nothing to alleviate the suffering. Given that he is now a statue, and cannot move – he enlists the help of a little swallow to pluck the jewels and gold from his statue and deliver them to those in need in the city. Eventually, the magnificent statue is stripped bare, becomes drab and is pulled down and the little swallow dies from the harsh winter that he would have escaped, had he not become the

Happy Prince's loyal friend and messenger. 'Bring me the two most precious things in the city said God to one of his Angels, and the Angel brought him the broken heart of the prince and the crumpled body of the dead bird.

"You have chosen wisely" said God, "for in my Garden of Paradise this little bird will sing and in my city of gold the Happy Prince shall live for evermore.

A fairytale for little children to be sure but like most fairytales one that contains many insights into life.

After more than 50 years of life, I have come to believe if you want to be truly happy look first to the happiness of others. Recognise and honour the dignity and mana of each of your brothers and sisters in Christ. This is the call of the Gospel, this is what Christ asks of us.

So men, as you leave to embark on realizing those hopes, dreams and aspirations that you have talked of happiness, stimulating careers, loving families, maintaining close

friendships, financial security, I hope that in your own words:

You will live with passion  
You will stay true to yourself, and  
You will make the most of all that life has to offer you.

I also pray that - many years from now – when God says to his Angels, bring me the most precious things in the Hutt Valley – or wherever it is that you have wandered – the Angels will bring each of you to Him – for the way you have lived your life – for yourself, but equally for others. And that you will live for evermore in that Garden of Paradise.

And good luck to whichever one of you thinks he will be retired by the age of 35. Again, you go with our affection and our best wishes. Kia mau ki te pono. Sectare Fidem

No reira – ka nui te mihi ki a koutou Katoa

Tena koutou, tena koutou, Kia ora mai tatou katoa

## HEAD BOY'S ADDRESS

*Daniel Stack*

This is our last prize giving. An hour ago we had our last mass. Yesterday was our last full day of school. Most of us played our last winter sports game last term. We've had our last St Patrick's day. Before that we had our last McEvedy. Our last athletics day.

I still remember the first time I heard the school song. The roar of 700 voices loudly proclaiming their pride. I remember the first time that I saw Fletcher win a race at McEvedy. Wearing my huge blazer for the first time, feeling the stress of remembering which way I had to turn at Ranks. I remember watching my very first 1st XV traditional from amongst the crowd. And I even chanted along when the Year 13's started shouting "Let's get mental."

I also remember the first time I was doggy piled by Year 13's because I accidentally stood on the athletics track. The first time I saw someone get tied up to the cricket nets. The first food fight at McEvedy. I even remember fearing for my life every time I had to walk past Redwood to get to the tuck-shop.

Our Legacy. What have we done?

In 4 years there will be another student standing here, I don't know who it will be. But I do know what they will say:

I remember the first time that I met my mentors. I remember them showing me around the school; and I remember all of the stress wash away from me. I remember getting lost on the way to class and this enormous Year 13 showed me where to go. I remember the Year 13's by Redwood stopping their game and waiting for me to walk past so I wouldn't get hit. I remember being bombarded at McEvedy from all sides and I remember seeing Year 13's catching the fruit and throwing it into the bin. I remember the 1st XV final, when our team battled it out right to the finish, and despite the opposition's team being worth more than our new gym; I still clapped along with all of the Year 13's each time that Scots got a point.

All of the little things that we have done this year. The things that

we don't even think twice about. They are the things that forge our legacy. We've made all of these tiny changes in our school, but it's those tiny changes that will continue for years after we have left. No longer will Year 9's have to worry about walking past Redwood, no longer will people be tied up at lunchtime. What better way could we possibly show our Marist values than to catch the food being launched at us at McEvedy and simply throw it in the bin?

We've had our lasts. But now we can look forward, be excited for what comes next. Some of us know what we're doing, others don't. But regardless of that, we all deserve to spend one last holiday together. To enjoy the company of our friends before we all go our separate ways.

We have left behind us a next generation of Streamers who love their school and who will work; just like we have, to make it a better place.

What greater legacy can we leave than that?

# STAFF FAREWELLS

John Greally

John Greally.....our Chaplain  
There was shock and dismay evident when our very dearly loved and highly regarded Chaplain, John Greally, spoke to the boys for the last time at Assembly in the first week back of the third term.

John had decided that, after five years here at Silverstream, a change of direction in his choice of career was the right thing to do. Not so sure were the staff and seven hundred and fifty boys who considered him "theirs".

To all who knew him, John was always gentle, compassionate and caring, non-judgemental and generous with his time and his skills.

Always hard-working, John organised the Retreats, the Masses, weekly Benediction and all the other liturgies which are part and parcel of being Catholic here at St Patrick's, Silverstream. Although an ex Town boy, John was not only thoroughly Marist but very much "one of us".

John knew the boys by name and was a regular and very popular visitor to the classroom. Staff could always rely on him for extraordinary liturgies and other events related to our religious practice and classroom scenarios. John supported the Marist initiative, directed the establishment of the Marist Walk, arranged the badges for the Compassionate Marists, trained altar servers and special ministers, all without fuss or fanfare. Staff and students alike looked forward to celebrating all the major liturgical feasts with John, sure in the knowledge that the prayers and intercessions and, more especially, the homily, would suit the occasion and provide intelligent participation and consideration.

On the sad occasions John was always there to comfort and console, to offer a kindly word, to visit the bereaved and make their darkest moments lighter. To the confused or worried, a knock on John's office door was the most obvious solution. John's reassuring manner could soon put troubled minds at ease.

To the Boarders, John was "ours". They lined up to participate in the weekly Masses; many gaining great confidence in their ability to address a congregation, thanks to the wholehearted trust John placed in them and the hours of work he put in behind scenes.

To the Dayboys, Kaitoke Country Gardens and the Jonathan Doyle visits will always be associated with John. He had the knack of working out what would best suit the teenage mind and knew that some active participation was key to success. The fun experienced skeet shooting and playing knee rugby while at Kaitoke are firmly fixed in the memory. As for the visits from Australia of Jonathan Doyle, the catch cry became 'Your strength is not for you'.

We miss you John, your friendly face, your kindness and dedication but we wish you God's blessing as you set forth on the next stage of your life. You can never know just how deeply you touched our lives.

## Katelin O'Connor

At the staff farewell to Katelin midway through Term 2, four different departments were represented – English, Art, Transition and Social Studies. Such was the contribution Katelin made to our school in the relatively short time she had been here.

Originally employed as an Art teacher, Katelin's versatility saw her fill a number of roles over the next seven terms. Her ever-present smile and positive attitude made her a very popular staff member and a hard person to replace.

It is well-recognised that building positive relationships with students is at the heart of successful teaching and Katelin epitomised this philosophy. She created a classroom atmosphere that was always positive and affirming, and the boys responded to this.

Katelin was appointed to a permanent position at Wellington Girls' College thereby giving her the opportunity to teach Photography – the subject she is most passionate about.

We wish her all the very best for the future and thank her for the wonderful contribution she has made here at St Pat's.

## Darragh Burke

Darragh, the original Green Man, arrived at St Pats, the only school in New Zealand really for an Irish man, in 2011. He started with a bit of Economics plus Maths, then saw the light as most Irish men do and moved into full-time Maths. In his four years at St Pats, Darragh developed his teaching skills considerably. He became fully registered and eventually took leadership of Year 10 Maths. In 2014 he took 10RP boys beyond the usual curriculum level for this

group of able boys. Nine of these boys sat a full Level One NCEA Maths course and will have the opportunity in 2015 to test themselves in NCEA Level Two, opening up pathways for themselves.

Darragh's involvement outside of the classroom has been in Rugby. He appropriately finished his rugby involvement this year with a very successful season coaching the U15 team that won the Wellington competition and the Hurricanes U15 tournament.

Darragh returns to Ireland to pursue other professional aspirations. He returns a far richer man for his experiences here at Silverstream. We wish him well.

May the Irish hills caress you.  
May her lakes and rivers bless you.  
May the luck of the Irish enfold you.  
May the blessings of Saint Patrick behold you

## Patrick Houghton

When students post complimentary comments and pictures of a teacher around the school it's a sure sign that they are a respected member of the Silverstream community. And so this was with the departure of Patrick Houghton to England's green and pleasant land, after three and a half years in the English department.

Patrick started at Stream as a lanky Yr 9 in 2000, following in the footsteps of his older brothers. He departed as a lanky Yr 13 and returned as a lanky trainee teacher in 2010. He was offered immediate employment after his section and started 2011 standing in front of the class where a few years prior he had sat as a student.

Patrick quickly established a reputation as a quality teacher: he communicated clearly, delivered engaging and enjoyable lessons, was always willing to go the extra mile for a student, and spent a considerable amount of time imparting his cricket and rugby wisdom to the 2nd XI cricket and U65 and U80s rugby teams. Unfortunately, Patrick's cricket and rugby skills did not extend to the football field where he represented the staff team, the Chernobyls, in the annual national Marist football tournament, with enthusiasm rather than effectiveness. Despite this sporting limitation, Patrick is coaching football at his English school, Dulwich Prep.

Patrick is the embodiment of what it is to be a Streamer: he walks humbly with his God.

## Gil Hunter

Gil was employed at the College from 2006 until, leaving us at the end of Term 1 this year.

The most striking thing about Gil is his strong sense of humour, contagious cheerfulness, and boundless enthusiasm. He is passionate about making the new technologies work to enhance teaching, learning and social engagement and is amazingly supportive in helping staff and students work towards this. Gil is always willing to help people solve their IT woes and is unbelievably generous with his time in doing so. He also has the rare ability (at least in the IT world) to do this without making people feel they are stupid. During his term he worked tirelessly around the College - often late into the night, on weekends and through the holidays to ensure that we kept up to date with IT systems. He has a very wide range of expertise in all areas of IT; his knowledge of virtually any programme or application constantly amazed staff. Many of the systems we take for granted were made possible by Gil working quietly in the background. He was always willing to help people and was unbelievably generous with his time in doing so.

Gil had a great love of photography and would appear at all sorts of events to capture the boys in their myriad of activities. Many of these photos, often with written commentaries, found their way onto the website, thanks to Gil. ID photos and the annual sports team photos were also regular events for Gil.

Gil also loved football (having attended a number of World Cups as a spectator!) and always took a team in winter. He was a regular member of a staff group that often met on a Friday afternoon after school, to enjoy a Whiskey and share a laugh about recent events.

Gil has ventured out into the corporate world of IT. We thank him for his contribution over the years at Stream, and wish him well for the future.

## Stephen Bailey

Stephen worked as the IT technician at the College starting in November 2006 and finishing work in January of this year. He was also a parent of the College.

Stephen worked closely with Gil Hunter providing IT services throughout the College. Like Gil, he often worked long hours after the school had finished, on weekends and in the holiday.

Stephen always provided friendly and cheerful service to the staff. Despite having moved to other work, he retains his connections with the College by attending Mass every Sunday in the Chapel as part of the Heretaunga Parish. We wish Stephen well for his future endeavours.

## Dianne Tennent

While Dianne's stay at Silverstream was a fleeting one, she made a big impression.

Dianne arrived in the English Department via a lengthy teaching stint in Japan and a year at Wellington Teachers' College. Her arrival coincided with an influx of other young female teachers into the English Department and for a while SF and WT were seriously outnumbered!

Dianne's talents were not limited to teaching English and speaking Japanese. Who will forget her incredible singing item at the Term 2 Concert, which not only wowed the staff but possibly the toughest audience of all: teenage boys! Dianne also impressed as a member of the Staff Running team, competing in the Wellington 10 km event in June. At the end of the year Dianne was appointed to a position at Sacred Heart College. We will be sad to see her leave us but we wish her all the very best as she embarks on another stage of her career.

## Adrain Armstrong

Adrian was appointed to Stream in 2002 and he worked in the English Department until the end of 2013. Adrian was a popular and charismatic teacher and many boys loved being in his class. He, in turn, enjoyed their company and he would often be seen hanging out with groups of boys at interval or lunchtime. Adrian's great passion is mountain biking and he coached and mentored many young riders during the twelve years he was at Stream. Adrian was also involved with the coaching of high jump and he spent time in Term 1 preparing our athletes for Old Boys and McEvedy. At the end of 2013 Adrian was appointed to the English Department at Rongotai College, a school which is much closer to home. We wish him all the very best and we look forward to catching up with him at McEvedy in years to come.

## Antoon Kooij

Antoon Kooij - Teacher of Mathematics 2008 – July 2014

From the Netherlands, Antoon taught at Wellington East Girls College and Upper Hutt College before joining our Mathematics Dept. His room at the time was No 47 and Antoon's teacher code initials led the delightful wordplay of "AK47". Antoon bought an international perspective with him from the outset. He had very strong ideas on what quality education looked like, and shared these freely with staff and students alike. Antoon had a strong Christian faith and this also was evident to all he taught and worked with. Antoon always prepared his programs of learning meticulously and placed a high value on offering courses to his classes that gave plenty of opportunity for his students to excel if they so chose. Although his room changed to D11 during his time with us, "AK47" kept a ring of truth about Antoon as a person; he had strong and clear convictions and spoke frankly of what he thought about many things in Education, especially the degree of extra-curricular interruption in the modern New Zealand environment. He expected the same level of robust discussion from the other members of staff generally. Antoon was offered the chance to teach Mathematics in Hangzhou, China and could not pass up this opportunity to put his skills to even greater use in an international setting. Antoon maintains a home in the Hutt Valley, so we hope to have contact in the future. We thank Antoon for his professionalism and passion and may God bless his continued journey. We wish him every success (which he is already at the time of writing this!) in China.

## Cornel Fuhri

We were delighted to welcome Cornel Fuhri when she joined our staff as Head of Digital Technology at the beginning of Term 3 from Timaru Boys' High School. Cornel immediately became involved in our IT strategy and planning for BYOD for Year 9s in 2015. Her attention to detail and capacity to use technology to streamline documents and processes was quickly evident in her work on the Curriculum Handbook. Staff are now well positioned to use Google Classroom in their teaching and learning programmes for 2015. It therefore came as no surprise that Cornel has been offered and accepted a promotion to the role of Director of ICT and E-Learning at Scots College. Whilst we are disappointed to only have had the benefit of Cornel's expertise for such a short time, we acknowledge the opportunity which has come her way and her reasons for going. Cornel, thank you for all that you have given Silverstream in the short time we have been blessed to have you.

## Has technology taken over our lives?

Technology has taken over my childhood. There's no more hopscotch, skipping rocks, climbing trees and getting bruises from when you fall from your bike.

Technology has taken over our generation and has made kids get chubby. You don't see little kids at the park running and screaming and enjoying the sun. Now you see plain faces of the anti-social kids with their heads down texting. The average person spends four years of their lifetime looking down at their cell phones. I believe one day we will smile when our batteries are low because we are one bar closer to humanity.

This generation of kids are anti-social, selfish and blind. Mr Mark Zuckerberg, not to be rude, but you need to rephrase your network for what it really is: an ANTI-SOCIAL NETWORK. Because you see, while it plans to connect us, we've lost connections to reality. Some may have a big friend list, others are friendless, because we measure our self-worth by how many likes or follows we have. I believe self-worth shouldn't be measured by likes or follows; it shouldn't even be a judged.

Our generation is too reliant on technology, always wanting the new software update, but losing our updates on life. Always wanting iPods, iPads and iPhones so many "i"s, so many selfies, not enough "us"s and "we"s. Because, you see, technology has taken over. While companies like Apple plan to connect us, connection hasn't gotten much better. I believe reality's connection is the only strong connection we need in our life.

I may be crazy, but I envision a world WITHOUT Facebook, Instagram or Twitter. I'm not going to take pictures of my meals no more - I'm just gonna eat them. I won't write my dreams on a status - I'm gonna chase them. I'm not gonna want the next update - I just want to know, when do you want to meet up again?

## Meet the Teacher BBO

# BOARDING

## Boarding School Blue and White Report 2014

Boarding numbers at St Patrick's College Silverstream exceeded 100 in 2014 – the highest number of students-in-residence for 15 years. This increase has added vibrancy to both the College and Redwood House.

Facilities continue to be upgraded and the installation of reliable wireless throughout the house and more desktop computers was well received by the boys.

As always, school facilities are well utilised and the completion of the new gym has added to the wonderful amenities available to boys. Each night the gym floor is full of boys shooting hoops and playing touch, and the weights room full of muscles and an array of music blasting from speakers.

End of term movie nights have continued, as well as the popular quiz night. This year we also experienced zorb ball for the first time and I am sure it will be welcomed back next year. The year finished with the wonderful Boarders' Christmas Dinner.

Academic results in 2013 were again very pleasing with a 92% pass rate in Level 1 NCEA with Tarquinn Alatipi and Herewini Ammunson gaining Excellence Endorsements and Tuveni Strong, James Walker, and Malachai Wylie gaining Merit Endorsements. Level 2 was a fantastic 100% pass rate with Joel Hintz, Lewis Ngatai, and Cameron Rosiengrave all obtaining Merit Endorsements. Level 3 was 83% with Matthew Bastion gaining an Excellence Endorsement and Leo Maggs and Ryan Drake Merit Endorsements. A lot of hard work went in to these results with many hours utilised in study time and

superb academic mentoring by Mr Agnew and Mr Lambert.

19 boys were accepted as Year 9 students to start to 2014 as well as Robert Cairns (Year 13), Isaac Fa'alogo and Kinewe Royal (Year 12), TeAva Wichmann (Year 11) and Te Tana Wright and Toalima Anae-Laupola joining us in Year 10. As stated earlier this brought the numbers to over 100 boys in Redwood House.

The boys returning next year, farewelled the Year 13 cohort with a rousing haka. This group has been outstanding in the way they have role-modelled positive and respectful behaviour and the effort they have put-in to support our Year 9 boys has been very pleasing. Carter Andrews, Mana-Raina Collins-Lucic, Marko Collins-Lucic, Alex Lundon, Lewis Ngatai, Cameron Roseingrave, Nese Solia, Wairua Takarangi-Taniwha, Salesi Rayasi, and Jesse Williams all completed five years within the confines of Redwood House. They were joined by Nikau Sollitt-MacKay, Regan Eketone, and Cameron Soper (four years), and Nathan Moen and Robert Cairns joined us for their final year of school.

Carter spent three years in the 1st XI Cricket and Hockey Senior A side as well as representing the college in rugby. Mana-Raina represented the college in rugby and rugby league and won an Achievement Award for Gateway. Marko also played rugby for the college. Alex Lundon played rugby for the college and was a New Zealand representative in softball. Lewis Ngatai represented the school in waka ama and 1st XV rugby although his final year was cut short with a serious leg injury. Cameron Roseingrave was the

captain of the 2nd XV, statistician for the Senior A basketball side, Student Representative on the Board of Trustees, Lead Year 9 Boarding Mentor, Eucharistic Minister, and rugby referee. It is not surprising he received an award for Outstanding Service to the College. Nese Solia was Head of Pastoral in the college, and a member of the 1st XV for two seasons. Wairua Takarangi-Taniwha represented the college in waka ama, rugby, touch, and rugby league. Salesi Rayasi was a member of the 1st XV and Senior A Basketball team as well as being selected for the New Zealand Marist Sevens team. Jesse Williams was the go-to man in the House for anything to do with technology and played badminton. Nikau played for the 2nd XV rugby team as did Regan before his finger injury. Both boys were active in House haka events. Cameron Soper represented the school in rugby and basketball. Joel had a stellar year being Head Boarder, playing 1st XV rugby, becoming a World champion in Powerlifting, and was named Victor Ludorum and received awards for Diligence, Silverstream Spirit, and Outstanding Leadership in the College. Nathan Meon played 1st team touch and rugby as well as representing the college in athletics. Robert Cairns worked on his physique and gained a Diligence Award.

The Year 12 students have had a successful year and I am looking forward to their contribution in their last year of school. Ivan Fepuleai, Tone Fauolo, and Losi Filipo all played for the 1st XV with Losi selected in the New Zealand Barbarians team. Tarquinn Alatipi also represented New Zealand in U16 Rugby League. Sam von Hartitzsch represented the school in 1st team football and cricket.

The boarders collected a great haul at prize giving with Herewini Ammunson receiving awards for Achievement in English, First in Te Reo Maori, Award for Silverstream Spirit, Bronze Scholar Award, The Father John Silverwood Memorial Medal for Diligence, and the Rosebowl for Silverstream Spirit. Malachai Wylie was also successful gaining awards for Achievement in Mathematics, Award for Diligence, Award for Silverstream Spirit, and Bronze Scholar Award. Further award winners were Tuveni Strong Achievement in Mathematics and Tarquinn Alaitipi Award for Diligence.

Year 11 students have found their feet as they move into the senior school and face their first year of NCEA. They remain our biggest cohort but collectively show a lot of potential. Prize giving was again very pleasing with Josiah Bautista showing the way. He won awards for Achievement in Art Painting, Award for Silverstream Spirit, the Year 11 Art Cup, Bronze Scholar Award, the Father John Silverwood Medal for Diligence, and the Rosebowl for Silverstream Spirit. Evan McKenzie was the Silver Scholar and gained Achievement in English. Robert Griffith was awarded Achievement in Religious Education, Award for Silverstream Spirit, and a Bronze Scholar Award. Clinton Barton gained Achievement in English, Award for Diligence, and a Bronze Scholar Award. Other award winners were Lewis Bush First in Communication English, Caleb Holmes Achievement in Art Design, Andrew Stewart, Achievement in Mathematics, Te Ava Wichmann Achievement in Carpentry, Te Tahinga Whaanga-Davies Achievement in Mathematics, and Nui Te Koha Award for Diligence.

Year 10 students have shown glimpses of their potential and they will need to step-up next year with

the rigors of NCEA. It was pleasing to see four boys work their way in to the extension class with good work from Year 9. Year 10 is a very sporty cohort with many boys representing the school in a variety of sports. They have continued to develop under the guidance of Mr Shepherd this year and I look forward to their transition in to the senior side of the college.

Year 9 is always a challenging year as the boys move from different schools and living at home to boarding at Silverstream. They have a lot to learn and the guidance and patience from Mrs Pope benefit them greatly as they move through the years. Again the year group holds some wonderful potential and we look forward to seeing develop next year.

With the increase of boys in the House we added an extra supervisor to the experienced team of Mr Agnew, Mr Lambert, Mr Shepherd, Mrs Pope and Mr Dalton. Mr Houghton was with us for Terms 1 and 2 before heading off on his overseas experience. Mr Lloyd replaced him for the remainder of the year. Mrs Lanigan, Matron, was again very busy looking after the medical concerns with the able support of Mrs Pope. Mr Mita took over as night supervisor replacing Mr Huaki. Mr Cole continued as a regular visitor on Thursday nights.

The youngest members of Redwood House continued to grow in size and prominence around the house. George Tait and Kairan Agnew joined Elijah Agnew at Silverstream School. Millicent Tait turned three and was excited to have a new brother in Hugo Tait. Mr Lambert and Paula added to the growing crew with the birth of Harper.

Gap students Felix Von Rosgen, Tobias Blum, Juan Malo Valdivisio,

George Tait  
on St Paddy Day

and Peter Newton returned home at the end of Term 2 and have been replaced by Barney Cremin from England Paul Muwunga and Moritz von Knebel from Germany. Father John left us during the year and Father Tim Duckworth has taken over Mass with great support and organisation from Mr Lloyd. Mass has a great balance of fun as well as spiritual challenges for the boys. Mr O'Connor has continued to lead the chapel band each Sunday ably supported by Jerome Mason, Josiah Bautista, and Robert Griffith.

We would like to thank our support staff, Michelle and Keitha for their cleaning each day, Rosalie from the laundry, Wayne, Trevor and John in the maintenance department, and JD and his team for their preparation of the copious amounts of food throughout the year. JD received great recognition through his company, Compass Group, for the outstanding work he and his team do in the kitchens.

2014 has been an enjoyable and rewarding year. 2015 will bring its own challenges and opportunities as we farewell the Year 13 students and welcome the incoming Year 9 young men of Redwood House.

# St Patricks Day

# Newspaper Clippings

## Arts student anything but average

By SIMON EDWARDS

He entered his Year 13 graphic design project around the made-up affliction of 'averagism', but Roydon Missekine is anything but mediocre in his skills. At age 18, he is already winning graphic design commissions from a leading Wellington design company and from clients overseas. Last week he was named the winner of the 2014 Expressions Visual Arts scholarship to help him with further study.

Though he was always drawing stuff, and picked up art, graphic design and art history as subjects at St Patrick's Silverstream from year 11, it was last year that he pushed it up and got passionate about it.

Thanks to a contact of his mother's, he took a day off school for work experience with leading clothing design manufacturer Icebreaker.

Roydon says it showed him the worth of putting himself out there, and asking experts questions. His next step was to send a portfolio of his work around Wellington design houses to see if anyone was willing to let him visit.

Branding, design and market strategy experts Chilli "invited me in for a chat". By the end of last year, he'd earned his stripes as an unpaid intern, and Chilli was putting paid assignments his way.

With the bigger jobs, Roydon says you "have more control over what happens" and can really flex your creativity.

Roydon had done Year 13 graphic design in his Year 12 at St Patrick's but wasn't happy with his 'merit' grade. In his last year at college he was determined to do better.

For the three A2-sized boards that are a big part of the final marks, Roydon recognised that creating a "problem", then presenting design solutions, was the best route to putting out work with impact.

The problem he created was "averagism", an affliction that "worked" against teenage males doing mainly things, such as growing a beard and being a car. He created a "manifesto" in which he explored the averagism phenomenon, presenting a range of characters and how they failed or succeeded in their struggle to be "normal".

"It was really good fun."

It was selected as one of the best boards in the country and has joined the touring 'Top Art' collection of year 13 art and graphic design work. Roydon agrees it will be pretty cool if his work ends up on display in his hometown at Expressions.

Another fun exercise was creating his own line of label clothing called Strunch, featuring motifs such as axes and knives. He made

reasonable sales in Australia via internet orders, and while he only looks even, the time invested was a worthwhile experience.

He gets a lot of inspiration from design websites, and has enjoyed on-line chats with top American graphic designer Nick Slater, via the Dribbble website. A big user of Twitter, Roydon has also put his own work up on blamco.net and other sites.

"Reaching out and exposing your work on-line is probably the best thing you can do," he says.

He has gained commission work for overseas clients, as well as tackling local assignments such as a book store, and a campaign for the Youth Alcohol Expo, which is changing its name and direction.

Roydon is midway through further study at the Yeebee School of Design in Wellington and has yet to decide whether to go to university this year, or concentrate on his work with Chilli and other outlets.

Expressions education coordinator Rebecca Padden said it was Roydon's "focus, commitment and maturity" that made him stand out in a talented field of applicants for this year's visual art scholarship of \$1000.

"He is totally immersed in his chosen field. Everything he does, thinks, sees is about his design and practice and where he is going with it."

**Ever Strunch:** Visual arts award winner Roydon Missekine with an example of his own clothing label, which went down particularly well with Australians ordering online.

## Boxers off to World Youth champs

### BULGARIA BOUND:

Ryan Scaife, left, and St Patrick's College Silverstream school mates Peter O'Reilly and Dominic Roe will box for New Zealand at the World Youth championships. Fellow Heretaunga boxer Nikau Fiso, right, missed selection because of age.

There's no secret to Grant Scaife's success at the Heretaunga Boxing Club.

New Zealand are sending five fighters to April's World Youth Championships in Bulgaria, three of whom box for Scaife at Heretaunga.

It's not a bad effort for one club, although not down to anything revolutionary.

"It's pretty simple. They're always fit and they have pretty good basics. It's like anything, if you have good basics you'll do well," Grant Scaife said.

"We do spar hard and we do a lot of ring work. Some clubs don't even spar."

Scaife's methods work. His son Ryan, who'll fight in Bulgaria in the under-69kg

class, is already a veteran of events like this, having fought at last year's World Junior championships in the Ukraine, and will be joined by Dominic Roe and Peter O'Reilly this time.

Scaife sees Roe and son Ryan as genuine medal prospects in Bulgaria, provided they can make it past their first fights. The New Zealand team will only arrive a day or two before their opening bouts, having made the longest trek of any of the participating countries.

Ryan Scaife lost first up to the eventual silver medal winner in his division at the juniors last year and ended up doing his best boxing days later. This time a fast start is critical.

"After Ryan got beaten, he sparred with a lot of the other countries and more than held his own. He hurt the Yank, when he sparred him, and the Yank was pretty good or at least he thought he was pretty good," said Scaife.

"We're as good as anyone, we just haven't got the volume of fighters [in New Zealand] and the frequency of competition."

The three Heretaunga fighters all attend St Patrick's College Silverstream and probably would've been joined on this trip by club and school mate Nikau Fiso, had he met the age requirements.

Scaife likes to think his coaching has helped breed some of the success, but peer support has been a critical component too.

"Me personally, I always wanted to be a world champion and I think Ryan's the same. I want them to not just be able to win national titles, but to win them well and to compete internationally," he said. "If you have a strong club, you get a stronger club because you're always training with good fighters. That's where the sparring comes in."

Scaife is yet to learn if he'll be the New Zealand coach in Bulgaria. If so, it'll mean a bill of \$20,000 for he, his son, Roe and O'Reilly to fly over.

A good performance there could also qualify for the fighters for August's Youth Olympics, in China.

# Silverstream celebrate winning weekend

## RUGBY LEAGUE/RUGBY SEVENS

JOE APIKOTOA closed his eyes as the Wellington College goalkicker lined up a penalty that could have won the secondary schools rugby league final on Saturday.

Apikotoa, the St Pat's Silverstream player-coach, was having flashbacks to the premier one rugby final, when Scots kicked a penalty to beat Silverstream with the last play of the game.

It could have been the same scenario in the league final, as the scores were level – 26-26 – and full time was up.

"I thought 'this looks familiar' and I couldn't bear to watch," Apikotoa said.

However, the penalty drifted outside the posts and the game went to extra time, with Silverstream's Losi Filipo scoring a brilliant solo try almost immediately, to claim the golden point victory and end a terrific final.

It was the beginning of a winning weekend for the Silverstream rugby community, comprising two finals, two codes and two last-gasp wins.

Apikotoa, and five others who took part in the league final, backed up when Silverstream beat Scots 17-14, after scoring a try in the last play of the game, in the final of the regional Condor sevens tournament on Monday.

"I'm pretty sore now," Apikotoa said on Monday night, after five games at the sevens tournament. "But I'm very happy – it was a very successful weekend."

Apikotoa, who spent three years in the Silverstream first XV, has also been a New Zealand under-18 rugby league representative for the past two years and will next month begin a career as a semi-professional league player.

He is under contract to the Melbourne Storm and scheduled to head to Melbourne on November 24, though he is hoping to delay his departure by a week, in order to play at the national sevens tournament.

While with the Storm, Apikotoa will also study sports science at ACU, the Australian Catholic University.

His team-mates in the Storm under-20 squad will include the 2013 school leavers Nelson Asafa Solomon (ex-Wellington College) and Eli Vole (ex-Scots College).

"It's coming up pretty quickly and I can't wait," Apikotoa said. "I will put my head down, work hard and just go for it."

Silverstream first XV coach Rob Ackerman is a former league international and

believes Apikotoa could make a mark in Melbourne. "He's got a good base and is going to a good club but it will be up to him from here," Ackerman said. "It will depend on whether he wants it enough."

"But he knows the game and did a good job [coaching the Silverstream team]."

Wellington College had a two-point lead at halftime in the rugby league final but Silverstream led 26-14 late in the game, before Wellington came back with two converted tries inside the last 10 minutes.

Wellington also went close with a dropkick attempt, as well as the penalty kick, in the closing stages.

"When we had the ball, we played really well but the defence slipped off a few times and we went to sleep in the last 10 minutes," Apikotoa said.

Filipo, who scored three tries, was named player of the final and, along with Lui Okesmos-Luamanu, Asafa Aumua, Lester Maulolo and Sione Uvea, also played in the sevens tournament.

The schools league competition began in 1988 and neither Silverstream nor Wellington College had made the final before.

Wellington coach Api Malu regretted not having more time with his team, most of whom had union rather than league backgrounds.

"They came together as a team nicely and I thought they did really well in the final – which was a fantastic game," Malu said. "But we had limited training time and had to keep the game plan as simple as possible."

"It was difficult to get the rugby boys to understand the defensive lines and defensive screen. They needed to learn that you can't miss a tackle, otherwise everything opens right up."

Malu said it was mainly a team effort that got Wellington so close but made special mention of Pepesana Patafilo, who was named player of the tournament, and Tamarii Hauraki-Tyrell. "They are both dynamic young footballers."

The girls' league final also went to extra time with Wainuiomata scoring a golden point victory over St Catherine's, while Bishop Viard beat Wainuiomata in the boys' under-15 final.

Silverstream and Scots both qualify for the national sevens finals, at the end of November, and Wellington East, who were the defending champions, also qualified for the nationals by beating St Catherine's 29-12 in the girls' sevens final.

**Big game:** Silverstream's strike weapon, Losi Filipo, who was named player of the final, attempts to hold off a Wellington College defender in the Stephen Kearney Cup rugby league final. Photo: KENT BLECHYNDEN/FAIRFAX NZ

**Powerful:** Rugby player and powerlifter Joel Hintz has a weight on his shoulders as he trains at the St Pat's Silverstream gym.

Photos: KENT BLECHYNDEN/FAIRFAX NZ

# Prop hoping for second winner's medal this year

## RUGBY, POWERLIFTING

JOEL HINTZ might come up against some bigger rivals in the front row this year but there won't be many who are more powerful.

The St Pat's Silverstream prop can master massive weights and has the medals to prove it.

Hintz, who turns 18 this month, won four gold medals at the classic world powerlifting championships, in South Africa, last month.

Competing in the sub-junior (under-19) 105-120kg division, Hintz benched 160kg, recorded 260kg in the squat and 250kg in the deadlift.

His squat and deadlift were world records for his class, as was his overall total of 670kg, and all his lifts were personal bests.

Classic or raw powerlifting is done without using any of the specialised clothing that enable bigger weights to be lifted, particularly in the squat and the bench.

"It's the basic gym junkies' sport and anyone can get into it," Hintz said. "It has the three compound lifts and it's just you against the weights."

Hintz, who is from Masterton but boards at Silverstream, first lifted weights after going to a gym for boxing training.

"I was doing a lot of press-ups and someone suggested I tried weights and I benched 80kg. I was about 12 at the time and that turned a few heads."

**'I will probably focus more on rugby and see what doors open.'**

**Running hard:** Joel Hintz in action with the ball in hand.  
Photo: KEVIN STENT/FAIRFAX NZ

He has been able to compete in powerlifting in conjunction with his rugby career.

"They go hand in hand to a point."

"The powerlifting is a help when it comes to scrums and rucks, it keeps everything tight."

Hintz, who is in his third year in the Silverstream first XV, is built to be in the front row, at 1.75m and a shade over 105kg.

"I was a hooker in my younger days, at Wairarapa College, but they needed a prop when I came over here [to Silverstream] and it suits my body type."

In the meantime, he is keen to get below 105kg, which would allow him to drop a weight division in powerlifting.

"At the moment, I'm just over

105kg and competing against people who are just under 120kg."

In the long term, he plans to continue weight training and before he turns 20 would like to increase his PBs to 180kg for the bench press, 300kg for the squat and 280kg for the deadlift.

He is also keen to pursue a career in rugby, which is likely to become his sporting priority. Hintz, a year 13 pupil, is a member of the Wellington Rugby schools high performance group and was a late addition to the Hurricanes under-18 training camp this week.

"I will probably focus more on rugby and see what doors open and where they lead."

"I want to work on my cardio base. I've got the strength and my speed is not too bad but I want to

increase my flexibility and speed and overall endurance."

Hintz, who gained an excellence pass in level I NCEA and a merit pass last year, will apply to various universities for next year.

"I would like to stay in Wellington but we will see what happens. "It can be tough to balance the sport and schoolwork sometimes but it keeps you on the straight and narrow."

He rates Silverstream's unexpected win in the 2012 premier one final as the high point of his rugby career and would love to earn a second winner's medal this year.

Silverstream, who complete their round robin matches with the traditional against St Pat's Town on July 23, are unbeaten in the local competition.

They were beaten by Palmerston North Boys' a fortnight ago, ending their hopes of a clean sweep of their traditional matches, but Hintz could see an upside to the loss.

"It was definitely disappointing but it was also a wake up call and probably came at the right time of the season."

"We've got a lot to work on but we are still peaking and I think everyone is in the right mindset."

Silverstream bounced back from the Palmerston North result to beat Rongotai 42-0 in a traditional a week ago and will play Christchurch Boys' High School during the holiday break.

# 17yo's touch of success

By COLN WILLIAMS

"It tells me I am doing well," Upper Hut's Connah Panatatau says of his selection at age 17 in the New Zealand Open Men's Touch side.

"But it's scary being the youngest in the team."

The St Patrick's Silverstream year 13 student's call-up to the 16-man team, which has players up to 35 years old, will see him vying for a starting spot in a three-test series against Australia in Mudgea, New South Wales in late April.

Connah's Sport of Touch elevation is another significant step for a young man who has made every past a winner, with a sport he already has seven years' experience in since beginning at primary school level on Friday evenings at Maidstone Park.

He has already represented New Zealand at under-17 level six months ago, and also in Australia; and the youngster also captains the Wellington under-17s.

Connah's open age call-up means the Te Marua lad has skipped under-19 and under-21 levels.

A stand-out performance for Silverstream in the end-of-year secondary school tournament was a key in Connah's full elevation.

After being named in the tournament team, he was included in a wider training squad for the New Zealand Open team, described as a "blend of hungry up-and-comers matched with the experience of seasoned campaigners".

"We had a camp last November and it went really well," Connah said last week.

New Zealand will look to defend the trans-Tasman title and build further to the 2015 Touch World Cup, in Australia.

Connah, who plies his touch trade in a 67kg frame, intends to stay in the game as an adult.

He also plays 15-a-side rugby and is

**Young talent:** Connah Panatatau has room and time on his side. The 17-year-old will represent New Zealand's open men's side in the trans-Tasman touch competition in Australia in April.

looking to make his college first fifteen this year as a halfback or first five.

"Touch does help a lot, especially with the passing and the reading of a game," he said.

The Sport of Touch lost its previous high-performance funding, and Connah

knows representing your country comes at a cost.

The players, including Connah, have to pay their individual airfares, and another \$400 in costs. The sport is busy and Connah, and his parents, are looking to find funding for the future.

**Strong support:** Silverstream halfback Kaide McCashin, with the ball, has some heavy hitters in support, comprising, from left, props Joel Hintz and Delano Morkel, lock Tone Faulolo and loose forward and skipper Jack McCormack.

# Friendships put aside for final

RUGBY

## AT A GLANCE

- St Pat's Silverstream v Scots College
- 2.45pm Sunday, Porirua Park
- Live on rugby channel

IT MIGHT not be State of Origin but it will be mate against mate in the premier one college rugby final on Sunday.

The two captains for the final, Jack McCormack (St Pat's Silverstream) and TJ Va'a (Scots), are close friends off the park.

It is a friendship that dates back to their primary school days at Wellesley College. The pair have spent the best part of a decade playing rugby with and against each other and are often together away from the sports field.

But that will not dull their desire for victory this weekend.

"I think it makes the game even bigger," McCormack said. "You don't want to lose to your best mate."

Not that McCormack, who also led Silverstream last year, needs any extra motivation. The rugged loose forward spent seven months rebuilding his strength and fitness, after a shoulder operation, to give himself another chance to win a premier one title.

He was a member of the winning Silverstream squad in 2012

but had to miss the semifinal and final because of injury and was a forlorn figure, with his shoulder in a sling, after Silverstream suffered an unexpected loss to Wellington College in last year's final.

McCormack had been nursing a shoulder injury last winter but after being cleared to play in the final, after a few weeks on the sideline, lasted only 25 minutes into the game.

"It [the shoulder] popped two or three times in the final," McCormack said. "The last time, it popped out and didn't want to go back in. I spent 10 minutes in the changing rooms trying to put my shoulder back in."

"It wasn't that painful but you couldn't move it up or down, which is not very useful when you are trying to play rugby."

McCormack went to his physio-

therapist the next day and mapped out a plan for surgery aimed at having him back playing this season, though there was another holdup when his surgeon broke a wrist, delaying the operation by six weeks.

McCormack had the operation in November but did not return to rugby till late June. "I spent a lot of time working on the rehab, to get it right. It was a step by step process and took a lot of work in the gym and running around the Korokoro hills."

But McCormack didn't find the process too frustrating. "Once I'd had the surgery, every day was a step closer to playing."

However, he has taken time to regain his confidence and form. "My form hasn't been that flash. The shoulder has held up all right but it was more a matter of adjusting mentally and telling yourself that you can get in there and make the tackle."

"I only had two games before going to the Hurricanes [under-18] that good. But that has made me a little hungrier and I felt I was starting to hit some decent form

after the St Pat's Town match [on July 23]."

Silverstream always promised to have an outstanding team this winter and making the premier one final again was a key goal for McCormack.

"Winning on Sunday would be the high point of my rugby career, definitely. There would be nothing better than winning in year 13."

"It's what you dreamed off from year 9. It would be pretty special."

Silverstream have been unbeaten in the local competition this year but there have been losses against Palmerston North Boys', and there remains a feeling that the team has yet to realise its full potential.

"In a couple of games we haven't played that well but we have still been able to win," McCormack said. "I'm totally confident we can win [on Sunday] but we are up against some decent opposition. Scots are a really good side and to be honest, they have been very impressive."

Silverstream have considerable depth, especially in the forward pack, but have had that depth

tested by injuries this year. Talented back Lester Maulolo has missed the whole season, No 8 Nesie Solia suffered a serious knee injury last month and hooker Lewis Ngatai also missed the season.

In addition, lock and Hurricanes under-18 rep Lui Sunday after being sidelined for a period with headaches. Luamanu, who missed the 2013 final, is under the care of the Hurricanes medical staff, who will make the call on his availability this week.

Dynamic hooker Asafo Aumua was back in action, after a suspension, in the semifinal against Wellington College last weekend, though he might have come off the bench again, with his replacement, Ivan Repuleai, starring in his own right.

McCormack, Daniel Schrijvers and Joe Apikotoa make up a formidable loose forward trio and first five-eighth Nic Mannix has successfully managed a shoulder injury. Jarrod Adams and Losi Filipo provide pace and power wider out and winger Salei Rayasi scored four tries against Scots in the round robin clash.

# Little separates top teams in Gillette Cup

## CRICKET

WHO will solve the Gillette Cup riddle this weekend?

The Wellington Gillette Cup tournament, which begins on Friday, looks to have as many permutations as a Rubik's Cube.

Six of the eight teams are probably capable of making a genuine challenge for a place in the regional final, which is scheduled for tomorrow week, at the Basin Reserve.

Making the national Gillette tournament, which is held at Lincoln in December, is probably the most treasured prize in college cricket.

It gives the leading players a chance to shine on the national stage, with their schoolmates, and in a less demanding environment than the national under-17 and under-19 tournaments.

As a result, the regional tournament imposes a different pressure from the weekly premier games and being at the top of the local competition is no guarantee of success.

Four different schools – Hutt Valley, Hutt International, St Pat's and St Paul's – have represented the Wellington region at the Gillette finals in the past five years.

Remarkably, Wellington College, who have entered the regional tournament as favourite each year over that period, have not qualified for the national finals since 2008.

**Take that:** Silverstream's Mitchell Scott, who topscored in the match, in action against HIBS bowler Ollie Smythe, while keeper Bradley Johns looks on, in the Twenty20 final at the Basin Reserve.

Their teams have felt the weight of expectation in past Gillette tournaments but the 2014 team might not feel under the same pressure this weekend, in a tournament where Silverstream, HIBS and Onslow also have obvious prospects.

Wellington won all its 14 round-robin games last year but were unable to win either the Gillette tournament or the premier one final.

## GILLETTE CUP

March 21-23

Peitong Rec on Friday and Sunday, school grounds on Saturday.

Final: Thursday, March 27; Basin Reserve

Pool A:

Onslow College

Wellington College

Tawa College

St Pat's Town

Pool B:

St Pat's Silverstream

Hutt International

Scots College

Hutt Valley HS

Chemis will be another key batsman.

Young allrounder Jakob Bhula is making good progress and opening bowler Jack Sargentina, who has also performed with the bat this year, took 6-40 against Wanganui Collegiate in a traditional this week.

Onslow have been the success story of the premier one competition, and head the table with six wins from their seven games, with Silverstream, HIBS and Wellington College on five wins.

Onslow went to the top of the table with a comprehensive win over Scots last weekend and an effort described as "our most complete performance."

"Our first target for the year was to get the six wins that we thought would ensure we avoided the promotion-relegation games and to reach that in the first round," Tilley said.

Onslow's left-arm spinner Daniel Pile has picked up 10 wickets over the past three matches, to be the leading wicket-taker in premier one, with Alex Ridley and Daniel Shannon spearheading the pace attack. "Daniel has bowled particularly well in the last four or five games," Tilley said.

The experienced pair of Angus Henderson and Tim Johnson have been Onslow's leading run-scorers. "But if the T&B framed a market [for the Gillette tournament]

we would probably be fourth favourite, behind Wellington College, Silverstream and HIBS," Tilley said.

Silverstream lost to Wellington College last weekend, a day after claiming the Hunt Trophy by beating HIBS in the Twenty20 final at the Basin Reserve.

Silverstream's batting has been a strength this term. The team has topped 300 twice and made over 200 in five of their seven premier one games. The exceptions were when they collapsed for 58 against HIBS and when making 178 against Wellington College on Saturday.

Silverstream also have a trio of off-spinners – Peter Aitken, Ben Morrow and Zac Brodie – who are usually hard to get away.

Mitchell Scott, who was dropped early in his innings, set up with 77 from 53 balls, and Ken Tutin scored 43 as Silverstream got through to 137.

HIBS were always under pressure with the bat, after losing early wickets, and could manage only 66 from their 20 overs. However, HIBS are capable of matching any side this weekend, especially if top batsmen Troy Johnson and Ollie Flemmer have a good tournament.

Scots have lost all bar one of their games in premier one but can play the spoiler's role, particularly if allrounder Josh Lawrence regains the form he displayed at the Gillette finals in December.

# BRING IT ON

## Hip Hop Champs

**Back Row:** Sione Uvea, Jarred Adams, Arapeta Ammunson  
**Middle Row:** Toa Paranihi, Hemi Waitaiki, Kahil Adams, Ms Phoebe Walker  
**Front Row:** Lester Maulolo

This year the Hip Hop crew was a sought after entertainment gig, performing at a number of events including the Waitangi Day Festival of the Elements, the Under 15 rugby tournament, Change for Change and school assemblies.

The highlight of the year was the September road trip to Nelson to compete in the SHAKEDOWN Hip Hop Dance Champs. The boys practised hard, making the Tahuna Holiday Park's car park their studio and entertaining the cleaners and

groundsmen over the couple of days we stayed.

The competition was largely entered by dance crews from dance academies; we were the only self-coached school crew there. The boys put in an awesome effort and came a closely contested 3rd place in the large crew section.

Toa Paranihi was the star of the show. He also performed in the small crew section with a friend, and took out the win with a

sharp and professional standout performance.

The boys can be really proud of their dedication to choreographing and learning their set from scratch. There was an inspiring level of collaboration, camaraderie and teamwork. They really stepped up to the challenge, bringing infectious Stream spirit to a highly professional, industry championship event.

# Communication Studies

This class began the year with teacher Katelin O'Connor, who helped them produce some lovely work such as CVs and form filling. Mrs Hayworth took over when Mrs O'Connor left and pulled together their speeches and Visual images as well as encouraging them to embrace teamwork. As a class they visited Weta Workshops and saw how the props used on the huge feature films were made and also the costumes. Then (before climbing Mt Victoria) we visited the SPCA at their site in Newtown. This was a great experience for the students and for some it allowed them to think about what jobs they may do in the future.

# Ranks Quad

## We're back!

Great news. Today we moved Ranks back to the Ranks Quad.

Structural engineers have reported that the earthquake strengthening work undertaken in the Dowling Block in the 1990's also included significant grouting to the cavities between the bricks. Recent testing and core samples have established that the grouting was done to a high standard. The Ranks Quad is, therefore, no longer considered an earthquake prone structure.

I wish to acknowledge the work of the Board of Proprietors and our Director of Finance and Property, Patrick Teahan, in working hard behind the scenes to get us to this point. Thanks also to all the students and staff, who have put up with Ranks in a less than ideal setting, but have done so in a spirit of co-operation and good humour.

I have to say it is good to be back.

Gerard Tully  
Rector

# LEO PASIFIKA

2014, what a year. Being a student at Saint Patrick's College Silverstream is such an honor. It's a privilege to become a part of a warm, welcoming community and school. Spending 3 years in Samoa and going to Robert Louis Stevenson College. It has been such an experience and journey living away from home. It is great to see that there is a Pasifika community here at Saint Pat's Silverstream, because it makes me feel like I am at home and with other Pasifika students there is a sense of brotherhood. Over the year I have really enjoyed myself, mingling with other Pasifika and cultural students as well as the warm welcoming teachers here. I have done a lot of fun activities over the year with my Gagana Samoan class such as performing in our auditorium for Gagana Samoan language week, performing at Sacred Heart; as well as getting to know the Polygroup. Gagana Samoan language week: The Samoan language week was a blast and a great learning and fun experience to enjoy. For me personally the week was about enjoying and respecting our Independence Day as well as our culture and heritage. During the Samoan language week I was a performer for the Siva, I was an usher for Bishop Viard College, and also a helper. I helped with cooking, cleaning and decoration for the stage. But my over-all experience of the Samoan language week was

that we can embrace our culture and appreciate our Pasifika dignity and uniqueness.

**Sacred Heart College (Fiafia night):** The fiafia night at Sacred Heart college was such a great time because the Polygroup and I got to perform our Siva again but with a few new moves to it. All this great choreography couldn't have been possible without Liko who was a student teacher for Term 1 and 2. I have never felt so proud of my culture before and I have really embraced the true Samoan in me. Over-all I have that same feeling from the experience performing at the Samoan language week, fun and proud.

**Polygroup:** As you know this is my first year at Saint Patrick's Silverstream and it has been an amazing learning experience and the Pasifika students here are really great and fun to work and hang out with. But when it comes down to business and putting the Polygroup together they get down and serious. Thus showcases how much mana they have inside about being a true Pacific Islander.

I hope next year will be the same but better.

Fa'afetai Lava.

Maurice Tupua-Wilson

# JUNIOR HOUSE SPORTS

# SAMOAN INDEPENDENCE DAY CELEBRATIONS

May 26 was a special day for the College. This was the first time in the history of the College that the staff, students and Pasifika community officially opened the National Samoan Language Week, *Vaiaso o le Gagana Samoa* festivities for the Wellington region. As part of the cluster schools teaching the Samoan language in Wellington, we hosted some 200 students from ten schools around the region for a full day of activities, song, dance and celebrations. The theme for the day was “*Taofi mau i au measina/Hold steadfast to your treasures*”.

The day began with a powhiri to welcome our guests to the school followed by the opening prayer in the chapel led by Father Maleko Tufuga-Api. To celebrate Samoan Independence Day, the Samoan anthem was sung and the flag raised on the flag pole outside the chapel. The official programme for the day took place in the auditorium. We were incredibly

honoured also to have amongst our dignitaries for the day, Dame Susan Devoy - Race Relations Commissioner who officially opened the day, Hele Matatia – Deputy High Commissioner at the Samoa High Commission, representatives from the Ministry of Pacific Island Affairs and our keynote speaker for the day, PhD candidate from AUT University – Salainaolua Wilson, who spoke to the students on the importance of the Samoan language and urged them to maintain it. Our very own Polynesian Group entertained our guests to a fantastic performance. The students then got a chance to take part in various Samoan cultural activities based around the different ‘measina’ or Samoan treasures including the ‘ava ceremony, *folafolaga o sua* and learning how to make different Samoan handicrafts such as basket weaving, and making sennit. Our guests were treated to a mixture of delicious traditional Samoan and baked goods for

morning tea and lunch, cooked by our Pasifika Parents Association. The programme concluded with performances from the schools presented and quizzes from throughout the day to test students’ knowledge and participation throughout the day.

Special thanks to our Stream school and Pasifika community for joining together to ensure the success of the day. A big thank you also to Mr Eneliko Alosio who was integral in preparing our boys to host this great event.

# Spanish class trip to Peru

¡Adiós amigos! ¡Hola Perú!

Finally the day had arrived! After years of planning and months of fundraising our Spanish class travel group of twelve students and six adults met at Wellington International Airport to begin our journey to Peru.

Our first 'mis-adventure' was an unplanned 28 hour air detour via Sydney, Australia and Dallas, Texas due to an error caused by Jetstar and LanChile. Once we landed in Lima, Perú the real adventure began! Our guide, Lucho Hurtado a Peruvian national and director of 'Incas del Perú' met us at midnight at the airport and took us by coach to our accommodation.

From then on it was full on!! Early starts, light breakfasts, long days, big lunches, strange foods and amazing sights, sounds, smells and experiences became our routine. We struggled at first to get used to the high altitudes and spent most of the trip between 3000 and more than 4000 metres above sea level. That's higher than the summit of Mount Aorangi in the Southern Alps!

Follow our itinerary and enjoy the photo journal of our amazing Peruvian adventure!

**Day 1:** Travel from New Zealand to Sydney to Dallas to Lima, Peru. 28 hours flying!

**Day 2:** Lima city bus tour, changing of the guard at the palace, Pacific suburb of Miraflores.

**Day 3:** Bus to Huancayo and sightseeing in small villages.

**Day 4:** Start the day with Spanish lessons then visit the craft villages of Hualhuas and San Jerónimo to shop for weavings, textiles, gourds and silver gifts.

**Day 5:** Spanish lessons then visit Nauinpuquio Lake and pre-Inca archeological sites.

**Day 6:** A special visit to the Huaytapallana Mountains, a mountain school and llama shepherds then a challenging tramp up to the glaciers.

**Day 7:** Bus to Lima. Visit San Cristobal look out then a walking tour of Lima city centre.

**Day 8:** Flight to the Amazon Jungle and a boat trip up the river. Later, paddle canoes on the lake at night to find alligators.

**Day 9:** Amazon Jungle and forest walk to spot birds and monkeys then paddle on the lake to spot river otter and fish for pirañas. In the evening check out a tarantula nest!

**Day 10:** Flight over the Andes Mountains to Cusco then afternoon walking tour of the city.

**Day 11:** Bus to the Sacred Valley and explore pre-Incan ruins then train to the village of Aguas Calientes high in the Andes Mountains.

**Day 12:** Bus the treacherous road to Machu Picchu and spend the day exploring this incredible Inca city, one of the eight Man-Made Wonders of the World.

**Day 13:** Bus to Cusco for a free day exploring and shopping in the markets.

**Day 14:** Bus trip to Puno on Lake Titicaca then visit a colonial church and Incan temple.

**Day 15:** Race to the lake front on bike taxis, jump on the boat and stop at the fascinating floating islands of Uros then continue across Lake Titicaca to the island of Taquile to spend the night eating, singing and dancing with the locals.

**Day 16:** Spend the day exploring Taquile and observe the traditional culture of the women weaving and the men knitting. In the afternoon return on the boat to Puno.

**Day 17:** Bus to Sillustani, an Inca burial site then continue on to Chivay to enjoy the hot springs.

**Day 18:** Bus to the Colca Canyon to Cruz del Condor for spotting the huge majestic bird of the Andes, the Condor.

**Day 19:** Bus to Arequipa City for a walking tour and visit to the Santa Catalina Monastery. Later in the evening a night bus ride to Nasca.

**Day 20:** Arrive in Arequipa and travel to the desert oasis of Huacachina. On the way check out the amazing Nazca Lines in the Atacama desert and finish the day with dune buggies and sand boarding on the desert dunes.

**Day 21:** Return by bus to Lima for last minute shopping and a farewell dinner.

**Days 22, 23, 24:** Departure day breakfast, farewells return home.

¡Bienvenidos amigos!

# BIG BOYS BREAKFAST

Friday 5th December, 2014  
more than 200 dads, step-dads, big brothers, grandfathers and significant men in the lives of our Year 9 & 10 boys gathered in the dining room to enjoy breakfast together. It was a wonderful to see so many of our boys and their 'dads' tucking in to the dining room version of 'McMuffins', as well as fresh fruit and yoghurt. Mr Tully commented that he rarely gets to eat breakfast with his own son and so acknowledged what a great opportunity the 'Big Boy's Breakfast' provides for them to spend time together.

Our guest speaker, Jimi Hunt, encouraged everyone to 'Live More Awesome' – in fact, this is the name of the foundation he and a friend have established which is determined to find better ways to help the people of New Zealand to deal with depression. In setting up the 'Live More Awesome' foundation he wanted to lift people with mental health issues up, not talk down to them. Another message Jimi had for the boys and their dads is that it's ok to talk about depression and that if we 'ask for help' there are always many people prepared to give it.

Jimi suffered from depression that ruined more than three years of his life and is still something he deals with every day. When he was younger Jimi ran numerous fun events and he realised to get better mentally he would need to get fitter by participating in exercise he enjoyed and looking for those 'yahoo!' moments he had created and experienced in the earlier years. Jimi's first major activity attracted national attention; lilo-ing the entire length of the Waikato River. 425 kilometres long, Jimi swam for 12 hours every day, for 11

days.

"Dreams don't come true – but goals do. Turn your dream into a goal – add a timeline." Jimi described feeling so depressed at times he felt like he was "wearing a really heavy lead vest" but he was so scared of not achieving his goal and the deadline he set himself. This motivated him to do the necessary training.

Jimi hadn't thought about the many lakes created by the dams along the Waikato which would require him to swim huge distances and he hadn't anticipated encountering the Full James Rapids, along with his fear of whether he would survive. That's when this quote by Peter Brock; "Bite off more than you can chew and chew like hell" needed to be put into action. Jimi said it was also scary having to ask for a place to sleep each night and to be fed. Jimi feels we are so full of pride that it's hard to ask for help. However, every single door Jimi knocked on asking for genuine help opened to him. 10 doors, 10 offers of help - not the 100 doors he had anticipated he would have to knock on when he started his adventure. He was worried what people would think about him, worried he would lose clients and friends. In reality he got nothing but love from everyone. His followers on Facebook found him inspiring, yet Jimi said he did this for himself, not for anyone else. He learned that brutal honesty inspires people.

Jimi's next big adventure was to live out his childhood dream of building the World's Biggest Waterslide. He asked himself who was he to build the World's biggest waterslide – it should have been built in America, not in New Zealand by him. He had no money, no land to build it on and

no idea how to build a waterslide – so he asked for help. He put an image of the projected waterslide on Facebook and next thing he knew people were saying they were coming from all around the world so he needed to build it. The event itself was the most beautiful soul uplifting two days of his life, emphasising that you can do whatever you want to do if you set a goal, commit to a deadline and ask for help.

So, what next big adventure does Jimi have planned? He's currently building another waterslide – this one is inflatable and will be 600 metres long. The event is to be held at Bethell's Beach, Auckland, in March 2015. It's designed for the 'yahoo' factor and will raise more funds for the 'Live More Awesome' Foundation. After that Jimi hopes to tour New Zealand with his waterslide – and the boys at Stream can just envisage themselves on it now!

## ***World of Image***

a short story by Zachary McLeod (Year 10)

A BOY NAMED DAMIAN was, as people typically are today, entirely obsessed with his image. Now, it is safe to say that not all youth today are faced with this 'challenge' by their expectant peers. But in this case, this epidemic had taken over the youth in question. So severe was its hold over this boy that with great reluctance it was Dad who drove his son to the nearest clothing shop, reached for his financially crippled credit card and swiped away a \$600 clothing purchase. The clothing was intended to make Damian's peers look at him like he was an equal, someone who was accepted in their 'circle' with undying equality and the appearance of a good social status.

This event was one of many such shopping trips and with Damian's mother now dead, there was a little more money to be side-lined to the 'image shopping' that William Johnstone's desperate son had embarked on.

Today was Damian's first day of college, one that had seriously given him a shake-up of nerves. As with every new place he set foot in, he had to make sure that the uniform he got was brand spanking new, along with a brand new iPhone and associated gadgets to match the stuff that other middle and upper-class students of the private, boys-only school of Castro College 'had' to have.

When he stepped out of his Father's hire-purchased blue Porsche and into the midst of 850 other rich kids, he knew that he had guessed right in obtaining the things he had demanded - these boys would have all of those things for sure. Dad could afford (just) to pay the \$15,000 a term in fees for him to go to this school, but his finances had been found wanting when Damian realised what kind of boys went to this school. He guessed it may have been a catastrophe if he had not taken the measures that he had.

However, these measures were not necessary just yet. The bell rang, summoning the students to their classes - a week before school had been due to start, they had received by email a timetable for which classes were on at what times. Also attached with the email was a form class, which he was to go to before he went to his first period. "Probably to get to know the other boys," he thought dismissively, as he followed the other boys who were scooping up their bags and dragging themselves (reluctantly by the look of it) off to class.

When he arrived at the mahogany door of the form room D14, he peered inside the foggy window, before grabbing the door handle and turning it with a sharp click. He stepped discretely inside, and before him was a large but haphazard circle that could be accused of a hasty formation. The circle was made up of 22 boys who stared blandly at him as he neared the teacher to introduce himself. "Presentation is a

principle" was his Father's saying. Now that he thought about it however, he saw it as a somewhat hypocritical saying, given his Father's major dislike of carefully creating your image for other people.

"Well, good morning. And you are?" the teacher raised her eyebrows in question. Damian observed her as rather pretty, despite a squashed-in nose and a simpering look that was a little humiliating in front of his peers; he feared they might pick up on the favouritism she projected in her look, and hate him forever for it. He knew from his years of being around boys that they didn't find it hard to pick out the teacher's pet. Or maybe it was just a sarcastic look, like she hated teaching rowdy boys and was trying to put on a brave front in the face of it.

"Um, I'm Damian Johnstone Mrs...?" and he returned the look of question.

She now stared plainly back at him, abandoning the simpering posture.

"Ms Jackson, Mr Johstone. Now please, would you take a seat, just beside Jacob here."

She pointed to a friendly looking boy 90 degrees to her right. Damian obeyed and plonked himself into the chair Ms Jackson had indicated to him, placing his bag securely between his legs.

"Well then boys, this is Damian Johnstone, as you probably just heard. Now, I trust then that you will make him feel welcome here at this school?" she asked, fixing her now malevolent gaze on the students, as though threatening them. "Look after this boy or else."

Damian was mystified as to why she took this stance on one pupil.

"Well, I think that just about settles this form class meeting. The next time I will see you here should be on your timetables. Enjoy your day, boys," and she stood up to get back to her desk. She probably had lots of other work to do that was much less trivial than talking to moody teenage boys.

The rest of the day passed in a blur, with boring old Science in the morning followed by an insanely-planned pre-home-time lesson of PE in which all had to jump into the freezing school pool in their school swim shorts. Despite the fact that it was boiling hot, the pool retained its icy stance. Cleverly, a few boys had known what the lesson was going to be, and had evaded having to swim by 'accidentally' forgetting their gear. Their PE teacher however had worked out what they had done, and warned them that if they did the same again, he would make them swim in their underwear. "What a dick" was the comment that everybody was frozen on, as they got changed and made their way to the front gates.

But waiting for Damian by the gates was a group of boys who waved him down as he neared them. Reluctantly, he approached them instead of choosing to pretend to ignore them. He tried to hide his face from the teacher standing outside the gate; there was a direct line of sight between the cluster of boys and the teacher.

"Well Damian, we just thought we would introduce ourselves, since we haven't really had the chance to do so yet today. I'm Aiden, and this is Bradley, Simon and Jake."

He pointed at himself, as if it wasn't already clear enough who Aiden was, before indicating each boy individually. Damian thought carefully before he answered. He had to make sure he didn't unleash a raft of suspicion on their part and reveal that he wasn't as rich as he was trying to make out. He realised a split second later that he had hesitated for a second too long.

"By the way, we know you aren't rich as you are trying to make out to us. After all, you're not as snobby and arrogant as we are. At least in our case, that's something a rich kid does well." Aidan hesitated, then said, "But we aren't going to mark you out for it."

"Well you're wrong, because my father is a lawyer, at one of those top firms in town. So rich in fact, that he puts your 'fancy' stuff to shame with his superior things. Did you see the car that I arrived in this morning?" Damian asked, trying hard to sneer, but failing utterly at it. He had given his last defence away.

"Oh, cut the crap. Seriously, we might think we're better than middle class society, but we can talk to you. My family are all Christian, and the Bible says we shouldn't judge people. Or something like that. Right?" Aidan replied. This time his expression was determined - he and his friends weren't going to do what Damian had feared most.

"Oh alright then, you got me. I made my Father get all this stuff for me. Now I see how futile it was, and how inevitable it was that I would get found out. It's just that..." Damian sighed, and looked directly at the boys this time, rather than trying to look away and act cowardly. Aiden and the other boys apparently got the message about why he had done what he had. In fact, they looked exasperated, as if this same thing had unfolded many times before, by desperate "newbies" trying to impress other boys who came from much wealthier families.

"My God, you're such an idiot. You actually went and blew thousands of dollars of your Dad's precious money, just to make sure we looked at you like some other rich kid?" the boy called Bradley whispered, looking mortified at the thought of such a scheme.

Damian hung his head. He had spent huge amounts of his Father's money for

nothing; all he had to show for that money was fancy gear that nobody even cared whether he owned or not.

"I must apologise to my Father. I will see you guys tomorrow," Damian said to his new friends, and he picked up his bag. He turned to go, and then he hesitated. He held out his hand and shook four hands in return. "Thanks for becoming my friends. I didn't think anyone from this kind of school would have if they had found out my secret," he said gratefully to them.

"You're welcome mate. We will see you tomorrow. Remember what you owe your Dad," Aiden finished sternly, and Damian shook hands with the four boys once more, before dispersing out through the crowded gates.

When Damian got home his Dad was there waiting for him, funnily enough. He wasn't normally home from his job until around 9pm. He approached his Father cautiously, and stood in front of him. Then suddenly, to the immense surprise of William, his son bent down and gave him a hug. He laughed, clearly pleased about this unusual token of gratitude. But when William looked carefully back into his son's usually lively face, he read shame and regret.

"I'm sorry Dad about wasting your money. As it turned out, the other boys didn't care about the stuff I had to try and convince them that I was rich. There were some boys I talked to before I walked out the gates. They had worked out my secret, but they want to be my friends anyway. They were the ones who said I should say sorry for wasting your money," he said breathlessly.

It was clear to William than his son hated having done this kind of thing. Regret and guilt were clearly weighed out on every word.

"Yes son, I knew that you were wasting not only my money but YOUR time." William sighed in exasperation, before looking back into Damian's face to give his final word on the matter. "Your foolish actions have almost kept me from keeping a roof over your head and paying the bills. So...perhaps you should consider getting a part time job to pay back the money you have wasted," he said sternly, but then broke into laughter alongside his son. They both knew that he couldn't maintain a stern manner for long. It just wasn't something he could do.

"Come on, let's get some afternoon tea. And I wasn't joking about the part time job," he finished, and they both enjoyed some coffee and a carrot cake for their afternoon tea, their problems staying in the dark while they enjoyed the light of each other's company.

# CULTURAL O'SHEA SHIELD

The weekend of 17th & 18th of May saw the O'Shea Shield team enjoy wonderful Hawkes Bay weather and the friendship of 16 other Catholic Colleges from Napier to New Plymouth to Nelson. Our team consisted of Harry Poland (Junior Prepared Speech), Marcus Hewitt (Oratory), Tide Robinson, Hemi Waitaiki and Thomas Yates (Debating), Jonathan Petersen, Jeremiah Go and Hemi Waitaiki (Religious Questions), Thomas Yates (Impromptu Speech), Joseph Faure (Scripture Reading) and Daniel Stack, Harvey Henderson, Ryan Green, Scott Maxim and Aitken Hawkins (Religious Drama). Thanks go to the coaches who spent many hours preparing the boys for the competition. The team performed creditably with grades ranging from 4 – 6, 6 being the highest grade, which Marcus Hewitt was awarded for his oration on courage. We placed 4th overall with 34 points. Congratulations to St. Catherine's College who were the outright winners this year. We look forward to challenging hard for the Shield when it is hosted at St. Pat's Town in 2015.

Jeanette Duffy (O'Shea Shield Co-ordinator)

# O'Shea Team

**Back Row:** Hemi Waitaiki, Aitkin Hawkins, Jonathan Petersen, Harvey Henderson  
**Middle Row:** Ms Jeanette Duffy, Thomas Yates, Marcus Hewitt, Tide Robinson, Joseph Faure, Mr Mike Cole  
**Front Row:** Daniel Stack, Jeremiah Go, Tuveni Strong, Harry Poland, Ryan Green

# O'Shea Drama Team

## O'Shea Drama

The group of Senior boys entering the competition this year created a devised play based on the 'I Am' scriptures. They were described by many in the audience as the most entertaining and funniest performers on the night and scored well in the competition.

**Back Row:** Ms Susan Hayworth, Daniel Stack  
**Front Row:** Harvey Henderson, Ryan Green, Aitkin Hawkins

# Debating

**Back Row:** Mr Mike Cole, Hemi Waitaiki  
**Front Row:** Thomas Yates, Tide Robinson, Ryan Green

**Back Row:** Tide Robinson, Jonathan Petersen, Mr Tony O'Connor

### Duke of Edinburgh, Hillary Award

This year, 2014, has been an eventful one for the School's Duke of Edinburgh Hillary award programme. It is particularly notable for being the first without Mr Des Boyle, who ran the program since the 1970's. He retired in 2013. Many thanks to Messrs. Dennis Clarke, Chris Fouhy and Paul Wilson who have helped to fill the void caused by Mr Boyle's departure. Special thanks too to last year's Head Boy Oliver McClure who has continued his voluntary service to the school by assisting on the School tramps. His involvement has ensured that the camp-fire tale of "Cedric the ghost of Cone Hut" is handed down to a new cohort, along with dubious quality singing.

This year the College was invited by the New Zealand Award Organisation to trial the introduction of an Online Record Book (ORB) for recording participants activities. This is an electronic alternative to the paper booklets, with the major benefits being that they are more portable, less likely to get lost and provide a real-time progress report for the different activities. According to ORB a total of 45 students have actively participated this year, involving 16 Bronze, 18 Silver, 7 first year Gold and 4 second year Gold.

A major feature of the year has been the disruption to the Adventurous Journey section of the Award by extreme, stormy weather. In September last year the Silver tramp from Mt Holdsworth to Kaitoke had to pull back to the starting point to be "rescued" by School Van. Ironically the rescue itself needed rescuing when it was found that the diesel van had been topped up with petrol. This year the Gold qualifier trip to Nelson Lakes had to be postponed and, with winter and exams in between, at the time of writing it has yet to be revived. The Bronze practice tramp had to be cut short and the second attempt at the Holdsworth to Kaitoke tramp had to be postponed twice before being successfully completed. Even then, allowance had to be made for extensive flood and slip damage to the track. The only upside is that the weather has been so bad that all the postponements were clearly the correct decision. At the time of writing the unsettled weather persists, with the final scheduled event of the year, the Bronze qualifier to the southern Tararuas, due in early December. Hopefully and prayerfully more settled weather will have set in by then.

The delays have meant that the presentation of some of the awards will be delayed until early 2015.

Alistair Watson  
Duke of Edinburgh Coordinator

### **First day;**

On our first day of the trip, we set off ready, on the long trip to Carterton that turned out steady. The weather changed to overcast making everything a bit damp, however we continued on near the entrance to set up camp. With high spirits and energy of a heap, after a game of tag we went straight to sleep.

### **Second day;**

We set out early the next morning after our first night's rest, While prepping and hoping to do our best. Whilst raining to begin and slow to get going, we warmed ourselves up as the wind started blowing. At a rocky summit with a beautiful view, we took our break while the wind blew. And before we left to go down below, on top of the summit, it started to snow. After walking through forests and across many bridges, we came to the flats where there were no ridges. We set up camp and calm weather came, and then we set up a fire that we had to maintain. The spirit was high as everyone gathered around, chanting and singing making a very loud sound. We were forced to bed by the cold and wet night, although our big second day put us to sleep just right.

### **Third day;**

The next morning began with a bit of light rain, we continued to pack but not in vain. As the rain cleared away, Mr Watson gave us his say. He coached us on nature and the value of life, as well as why we give nature no strife. He mentioned fire and lavatories so that next time we go, we go closer to trees. As we set out for the day we split into two, a risky decision? We will soon find out for who. The hill seemed impossible for all but Mr Clark who worked that hill like it was his last, as the group at the front crossed over the hill time seemed to pass quite fast. As we waited at Cone hut over the phone came a call, one of the boys had suffered a fall. The hours past before we all were on the same track, and moral seemed to lack. The daylight was fading as we crossed down by the river, we walked as fast as we could before we all started to shiver. Eventually we found our camp, but had to put up with the damp. The fire was magnificent lit by the silvers, the flame lucky solved all our shivers.

### **Fourth day;**

The night was a toughie, mainly because it was roughie. The wind was powerful and destroyed most tents, In the morning the wind continued to be immense. We knew this day would be tough as the weather had been rough. The slips along the track we knew would be slack. On our way back home we had to chop and change, as the route needed to rearrange. Our balance was key as we crossed the stream, while Mr Watson only could gleam. As midday lingered we arrived safe and sound, a little bit wet but not a single frown could be found. We rested at the waterhole, before we continued on our roll. The last trek seemed to drag on, by now our packs weighed a ton. As the weather grew bad, we definitely weren't sad. We arrived at the bus as a team but with out a fuss. The tramp taught us more than ever before. With our knowledge on nature and tramping alone, we felt very satisfied as we headed off home.

# OLD BOY PROFILE

## **John Laurence Gordon** **(First row third from left)**

It was with great sadness that we learnt of John's sudden death at his home on the 29 July 2014.

John came over to Silverstream from Picton in 1942 and spent three years as a boarder at the College during the WW11 years.

John was an able scholar and took great pride in developing his neat handwriting. This skill was instrumental in his gaining a high mark in the Handwriting exam, which helped him to pass his Public Service Entrance Examination in 1943. He was a keen athlete and in 1942 won the U14 long jump title. Rugby was his focus and passion in the winter months while at College. In 1944 he was a member of 1B rugby team and the team's goal kicker

Upon leaving College John studied and attained his Marine Engineer's certificate at the Lower Hutt Railway Workshops. He chose to go to sea as a Marine Engineer where he made over 200 trips on the TSS Monowai between Sydney and New Zealand from 1951 until 1955.

He came ashore to marry Anne in 1955 and start their family. He joined Mobil as a Sales Representative, where he worked his way up in the Company, shifting around New Zealand, he held the position as New Zealand Commercial Manager upon his retirement in 1986.

He was meticulous, well organized and a great Committee man. He was Vice Chair of the Transport Committee for the 1974 Commonwealth Games held in Christchurch. His attention to detail and formidable administrative skills

were displayed to advantage when he organized security for the Papal Mass at Athletic Park with Pope John Paul II in 1986. The Papal Medallion he was subsequently awarded was one of his proudest achievements, and he was greatly honored to meet the Pope in person.

John was a member of the SPCOB Association and long time Committee member and served as President from 1987-89. The current President Evan Bayly recalls his commitment and loyal support when he said at John's Rosary. "He always attended AGMs and kept the Committee honest with his inquiries regarding the finances and management of the Association. He attended all events, annual dinners and always made his presence felt. John will be sorely missed with his vast Institutional knowledge. I can recall asking him a question- he pulled out his notebook and gave me a detailed answer to my query. I will miss his impressive font of knowledge"

John served on the St Patrick's College, Silverstream Board of Trustees as an appointed Trust Board Rep and Cardinals Rep from

1992 to 2004.

Over recent years John attended the 1st XV traditional rugby matches and followed their progress throughout the season with great pride.

This year he was one of the first to RSVP to attend the luncheon before the traditional 1stXV with Wellington College.

John became a member of the recently established Stream Foundation and was thrilled to be able to attend the opening of the new Gymnasium on 29 May this year.

John was a Life Member of the Marist St Pats RFC. His passionate interest in the Club began as a squad member that won the 1949 Jubilee cup. Following his playing career he took on many of the administrative roles involved with the club, but perhaps most of all John was the 'greeter' at the Clubrooms entrance – smiling and welcoming face to Club members and visitors alike.

John's legacy will live on through, his wife Anne and daughters; Susan, Jane, Mary-Anne, Louise, Ruth and their families.

Sectare Fidem

## 2014 SKI TRIP

The recent reestablishment of the ski team caused a buzz around the school, and in October a group of eleven students led by Mr Beckman enjoyed a great trip to Whakapapa ski field.

The team spirit among the group really stood out, meaning everyone participated to their best ability, whether experienced or a novice on the slopes.

Weather conditions were good for late in the season, and the group tried some slalom, free-style jumps and plenty of team runs from the upper mountain, with both skiers and snowboarders represented.

The motivation and maturity demonstrated by the boys while on the trip was inspirational, and more trips for the team will definitely be on the cards in the future.

Particular mention should be made of Reece, who became the action cameraman for the trick and jump attempts, Mitchell, who had a great positive attitude, and Anton, who showed a natural ability for skiing and who was completing runs from the upper mountain by day two, despite never having tried the sport before.

Thanks also go out to Miss Walker, who came along and provided invaluable support.

Roll on the 2015 ski season!

### Takapuwahia Marae Trip

Tuesday 21 October was a memorable day for me as I went on my first Maori trip at St Patrick's College, Silverstream.

When we arrived at our destination we were welcomed onto the Marae with a powhiri.

As the caller called us on to the Marae it sent chills up my spine. It was a nervous but exciting feeling because it felt awesome to be at the Marae.

After the Koro spoke his words of welcome to us in Te Reo the local people sang a song then Herewini stood up to do his speech in Te Reo for all of us from St Pats. At the end of his speech he placed a koha in front of them as a gift of thanks for letting us come to their home marae and to help pay for the costs of the day.

After the hongi and handshakes we had a talk by one of the members of the tribe who spoke about Ngati Toa Rangatira and their famous ancestor and their chief Te Rauparaha who composed the haka "Ka mate" This is the haka the All Blacks perform.

He also spoke about how Te Rauparaha had migrated from Waikato south in search of greenstone, the most precious treasure at the time, but decided to stay in Wellington because of the trade with the Europeans.

After all of this useful information we went and had a little kai so we could gain energy for the action packed day ahead. When the morning tea was over we were split into two different small groups, one staying at the marae to practise their taiaha skills (Maori weapons) and another practising their Waka Ama skills down at Porirua harbour. I was in the first group that did taiaha. It went very well. We learnt many different types of actions and even played a Maori stick game called Maui and Matau.

We finished our turn using the taiaha an hour later. Waka Ama was next and as we walked the short way to the Waka (canoe) sitting on the waters at the harbour I was feeling very confident as I thought paddling would be very easy I thought wrong!

Out on the water in the Waka I worked it out that you had to paddle

by staying in time with the guy two places in front of you and change from one side to the other every ten strokes. I lost my breath a couple of times but soon found a good rhythm and all was good. After about half an hour my time doing Waka Ama was over. It was a great learning experience paddling out on the water and heaps of fun.

Then came our big kai- lunch. We had something very tasty, Boil Up! It was delicious. I have had it before at my own Marae and it was exactly as I remember it, very, very yummy.

In the afternoon we had a good game of Kia Orahi. It's a fun but complicated game with a few rules I have yet to learn.

Overall it was an awesome trip to the Marae and a great experience for us younger Year Nine students. I'd like to thanks Jury's mum from the Marae who organised the day, Matua and all the other people that helped us on the day. I personally had a great time and would love to go back to that Marae again someday.

Year Nine Te Reo student

**Back Row:** Michael Conlon, Ryan Quinn, Marcus Hewitt, Joseph Faure, Tuveni Strong, Malachai Wylie

**Middle Row:** Charlie Penman, Jeremiah Go, Nathan Romanos, Daniel Stack, Liam Taylor, Thomas Yates, Zachary Murrow

**Front Row:** Linus Go, Jonathan Petersen, Tide Robinson, Oliver Perkinson, Christiandel Rabe

This has been a year of experimentation for the Young Vinnies. There has traditionally been an issue with commitment, as many students simply don't have the time to donate an entire year to helping the Vinnies. With this in mind, we decided to focus on having a small core group of members but also to allow people to sign up for individual initiatives without the need to commit to being a permanent Vinnies member. Although much of this concept was trial and error, it definitely has huge potential for future development as it means that multiple committees can be working simultaneously on several different fundraisers.

Term One was spent preparing for the initiatives that were planned for early Term Two. We kicked the year off with a mufti day themed around "What I want to be when I'm older." This was thought up by Jerome Mason and his committee who came up with the idea to raise money for Starship Hospital. The theme was chosen both to have a bit of fun, but more importantly to show solidarity for the kids who

Starship treat who may not get the chance to grow up and have a shot at achieving their dreams. The fundraiser was a huge success and (unofficially) broke the record for the most money raised from a mufti day at Stream, with the final total being over \$1800.

Shortly after the Starship mufti day, we held our first Junior social for the year. Ben Clegg and his committee did an excellent job organising the event, primarily with the smaller jobs that many people would simply have overlooked. Again, this fundraiser was a huge success and all proceeds went towards the Caritas organisation. Our second social was held in term 3 and was similarly successful. This time Thomas Gilbert took the reins and did an excellent job delegating roles to his committee to ensure that the event ran smoothly. Our Food Drive also ran early Term Two. Joseph Faure and his committee made an excellent video that stimulated the school into action. The focus was put on actually bringing good food, as opposed to just the cans that

people have in their pantry that they never use. The school heard and understood the message and it was extremely noticeable that many people had made a conscious effort to provide high quality cans and dried foods. We managed to collect over 1000 food items which were donated to various food banks throughout the Hutt Valley. A special mention must go out to the food and nutrition teacher; Nicola Potts, who generously allowed us to store the food in her storage room.

Ann D'Souza has been amazing with her support and advice for the group; so a special thanks to her. And of course Patrick Hallot, as always, has both been able to step forward and help whenever needed, but also been happy to step back and allow the students to learn and make mistakes. His work will undoubtedly continue for many years to come.

ART  
DESIGN

A COLLECTION OF IDEAS FROM ART + DESIGN THIS YEAR

# CAREERS & GATEWAY

Our department offers Career Education and advice to all students in the College, organising opportunities for students to access information programmes run within the College, as well as opportunities to visit or hear from a wide variety of Tertiary Providers. We also run the Gateway programme, Travel and Tourism courses, manage the funding for STAR courses, and administer all the courses which teach Core Generic unit standards. Mrs Diane Kurton is our very able administrator and Gateway Workplace Coordinator.

In Term Four we also organised a Careers Expo focused on Year 10s, but available for all levels, to allow them to make well informed subject selections. They had the opportunity to talk with Subject Heads of Departments as well as a number of Tertiary Providers. This was well attended and we plan to do something similar next year.

Another highlight has been the very successful running of the Gateway programme which culminated in a Graduation Lunch held in the Conference Centre on October 21st

**JOSH KELLETT**

**Work Place:** Upper Hutt Animal Centre  
**Achievements:** Passed five Unit Standards  
**Plans for next year:** Work on a farm.

**NICHOLAS RUBY**

**Work Place:** Togzone (pool)  
**Achievements:** Passed everything in Gateway.  
**Plans for next year:** get into Gateway and build on his experience

**NICHOLAS MALLENDER**

**Work Place:** The Warehouse then Jarvis Plumbing.  
**Achievements:** Level 2 Retail, Red Shirts Programme  
**Plans for next year:** Stay In school and getting more qualifications

**DANIEL SHEPHERD**

**Work Place:** Metal Art  
**Achievements:** Welding, NCEA Level 1.  
**Plans for next year:** Enjoy my last year at school.

**MITCHELL KNIGHT**

**Work Place:** Warehouse/Rebel Sports.  
**Achievements:** Retail Certificate.  
**Plans for next year:** Carry on work at Rebel Sport.

**LIAM MULDER**

**Work Place:** Acme E  
**Achievements:** NCEA level 1, First Aid, Site Safe  
**Plans for next year:** Hopefully get an Apprenticeship

**KEATON TE AMO**

**Work Place:** Joinery.  
**Achievements:** Passed Joinery unit standards  
**Plans for next year:** Do a mechanics course

**GEORGE BAILEY**

**Work Place:** Warehouse  
**Achievements:** Got a job  
**Plans for next year:** Come back to School and continue with Level 3 Retail units

**SAMUEL MCKISSOCK**

**Work Place:** Ingot Metal.  
**Achievements:** BCITO 5 units  
**Plans for next year:** Get a Job.

**THOMAS MCMAHON**

**Work Place:** Hutt News  
**Achievements:** Journalism, wrote articles for paper  
**Plans for next year:** Taking photography to follow journalism pathway

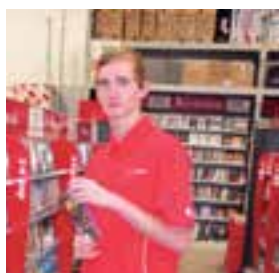

**BRODIE ROCHE**

**Work Place:** MLH Electrical.  
**Achievements:** Finished some of my electrical booklet.  
**Plans for next year:** Year 13

**VINCENT BLANE**

**Work Place:** Building with Aaron Malaoch.  
**Achievements:** Passed BCITO and Carpentry.  
**Plans for next year:** Apprenticeship.

**AARON CHAPMAN**

**Work Place:** Warehouse.  
**Achievements:** First Aid Course, Fire Warden and Career Pathways  
**Plans for next year:** Tourism.

**JACKSON RYAN**

**Work Place:** Tennis Central – Upper Hutt City Council.  
**Work Experience:** Tennis Coaching, lifeguarding, Ultimate Frisbee Coach.  
**Achievement in Workplace:** SIT Booklets.  
**Plans for the Future:** Gap year

**BENJAMIN BUTLER**

**Work Place:** St Patricks College Silverstream Dining Room.  
**Achievements:** NCEA level 1, 2 First Aid Certificate, Knife Skills, Plunket Certificate.  
**Plans for next year:** Play rugby In Europe.

**AJUNG MADUT**

**Work Place:** AC Automotive.  
**Achievements:** Experience in the automotive industry, MITO Unit Standards.  
**Plans for next year:** Mechanical Apprenticeship or travel agent

**TOVIO KARAITIANA-UGONE**

**Work Place:** ANZ Bank Upper Hutt  
**Achievements:** First Aid, Fire Warden, Career Pathways  
**Plans for next year:** Travel.

**NANUMEA FOUA**

**Work Place:** Upper Hutt Automotive and Diesel  
**Achievements:** MITO Unit Standards  
**Plans for next year:** Potential course at Weltec and carry on working.

**SAM DEWAR**

**Work Place:** Football for schools.  
**Achievements:** Passed fitness Unit Standards from SIT  
**Plans for next year:** Coaching for a year, then go to University.

**JAYDEN WRIGHT**

**Work Place:** Building with Jared Torrington and Diesel Mechanic with Murray Wright.  
**Achievements:** Passed BCITO Unit Standards  
**Plans for next year:** Weltec or apprenticeship.

**BAYLEY THEODORE**

**Work Place:** Duncan & Taylor.  
**Achievements:** Passed BCITO and built a deck for the technology dept.

**Plans for next year:** Apprenticeship.

**PETER O'REILLY**

**Work Place:** Select Electrical  
**Achievements:** Gained experience in the electrical Industry

**Plans for next year:** Electrical Apprenticeship

**NICHOLAS HOPE**

**Work Place:** CJ Hope Ltd  
**Achievements:** Built a deck for the technology dept. BCITO Unit Standards

**Plans for next year:** Building

**JAMES LAVERY**

**Work Place:** Chris Geany Painters & Decorators.  
**Achievements:** Gained knowledge of a possible career pathway

**Plans for next year:** Working with Geanys or going overseas

**ALEXANDER GREY**

**Work Place:** St Patricks College Technology department  
**Achievements:** Learned the network systems

**Plans for next year:** Gain skills and work in the computer technology area

**TE PINE FOUA**

**Work Place:** Hutt Gas and Plumbing  
**Achievements:** Plumbing Booklets

**Plans for next year:** Get an Apprenticeship, Follow The Buzzards.

**LUI LUAMANU**

**Work Place:** With Phil Ryasi at School (Coaching).  
**Achievements:** Learnt coaching skills.

**Plans for next year:** Get apprenticeship in Plumbing.

**MARKO COLLINS-LUICIC**

**Work Place:** Maycroft Constructions/ Plimmerton Motors.  
**Achievements:** Gaining more knowledge in building, cars and engineering.

**Plans for next year:** Gain an apprenticeship.

**MANA-RAINIA COLLINS-LUICIC**

**Work Place:** Maycroft Construction and The Warehouse  
**Achievements:** Gaining knowledge of the building industry, Site Safe and Health and Safety  
**Plans for next year:** Work or study in the building industry.

**DALEY MCCARTHY**

**Work Place:** Red Shirts Programme Warehouse.  
**Achievements:** Credits in Retail.  
**Plans for next year:** Retail.

**MATTHEW MA'A**

**Work Place:** PITA farming  
**Achievements:** NCEA Level 1, First Aid Course  
**Plans for next year:** Do a farming course

**KAIDE MCCASHIN**

**Work Place:** Paul Nydam, Plumbing and Gasfitting Services.  
**Achievements:** Plumbing Booklet.  
**Plans for next year:** Not sure

# SPIRITUAL LIFE

The Spiritual life at St Patricks College Silverstream suffered a blow with the departure of John Greally, our chaplain of 5 years, to pastures new. His service to the College in guiding us spiritually on our journeys of faith is hugely appreciated and we wish him all the best.

To fill the void of John's departure some new initiatives were brought in to allow the boys to continue developing their faith and spirituality in a number of ways. Every Wednesday, Thursday and Friday at Break One the chapel was made available to pray. On Wednesday in the Lady Chapel a 3 minute rosary (one decade) was said out loud in a group. This was designed to slowly teach how to pray the Rosary and also introduce the boys to communal prayer. On Thursdays the Chapel was available as a space for individual prayer, where the boys and staff could light a candle for anything on their mind, or just have a place to come and think. They could stay as long or as little as they felt they needed. This was greatly received and gave the boys an opportunity to escape the hustle and bustle of everyday life. Finally a new formatted Benediction was held every Friday Break 1. This allowed the boys to pray in a liturgical and traditional manner.

For retreats this year, the Year 11 cohort spent the day both reflecting on their own personal values and acting them out in a number of activities around the school. The Year 10's spent their retreat walking the great outdoors stopping to appreciate all the things and people in their lives they were thankful for. On the Year 13 Retreat the question of what will 'Sectare Fidem' mean to you once you leave school was explored in a number of seminars led by Old boys of the College.

I would acknowledge and thank the Society of Mary for coming to our aid in the form of Priests to celebrate our College and Boarders Masses throughout Term 3 and 4. Particularly Father Tim Duckworth, Father John Walls and Father Mark Walls.

The Thursday 'Intention candles' in the Chapel. Each candle is a person, event or issue a student or staff member wanted to pray for.

All souls liturgy to pray for all our loved ones who have passed. Each of the crosses above is in memory of a student who died while attending the College.

Year 11 students constructing a Chapel as one of their tasks on Retreat, Troi at the Altar preaching to his congregation.

# COMMERCE

Accounting – Business Studies – Economics

“Proud to promote entrepreneurship, competition and Money”

The Commerce Department in 2014 had another successful and productive year. It started with the release of the NCEA academic results for 2013 in January 2014.

Level One Accounting: 13 Merit endorsements and 5 Excellence endorsements.

Level Two Accounting: 6 Merit endorsements and 2 Excellence endorsements.

Level Three Accounting: 3 Merit endorsements and 1 Excellence endorsement.

Level One Economics: 4 Merit endorsements and 3 Excellence endorsements.

Level Two Economics: 8 Merit endorsements and 2 Excellence endorsements.

Level Three Economics: 8 Merit endorsements and 2 Excellence endorsements.

One hundred Year 10 Business Studies students ran small businesses in 2014. The students enjoyed running their small businesses, which included a range of products, being wrist bands, drink bottles, beanies, t-shirts, bucket heads and sun hats. Most of the businesses made a profit or at least broke even.

In Term One the Year 11 Economic students went on the annual two day “Economics Road Trip” to Manawatu. On this trip they studied various energy projects, the dairy industry and local businesses.

Year 12 and 13 students participated in the Reserve Bank Monetary Policy competition.

Robert Cairns attended the New Zealand Business Week sponsored by Massey University during the first week of the Term Two holidays.

Thomas Yates applied for the Price Waterhouse Coopers Accounting scholarship and Brendan Herder (Old Boy and Head Boy) gave Thomas advice on how to apply for the scholarship.

Robert Whitefield (Old Boy) made a presentation to the Year 13 Accounting students on what it is like to be a university student. The Year 13 students enjoyed the presentation.

Gavin Miller the Careers Officer for the Chartered Accountants of New Zealand attended the Year 10 Careers Expo in Term Four.

Year 12 Economics students visited the Reserve Bank and also the Government Treasury Office. In 2015 the Commerce Department will offer a Level Two Business Course for Year 12 and 13 Students.

The department in 2014 had five talented teachers who taught in the following areas:

- Chris Fouhy who taught Year 9 Financial Life Skills and Year 10 Business Studies.
- Darragh Burke taught Year 10 Business Studies.
- Bjorn Agnew taught Year 12 and Year 13 Economics.
- David Bowles returned to full time teaching and taught Year 10 Business Studies and Year 11 and Year 13 Economics.
- Peter Jones (HOD Commerce) taught Level One, Two and Three Accounting.

# DRAMA

## Junior Drama

The year began with a half term option for Year 9 where they spent time concentrating on mime and movement and moved into producing a short (20 minute) production of Shakespeare's *A Midsummer Night's Dream* at the end of Term 2. This production was performed as an opener for the Year 12 production and they were able to utilise their sets. Family, friends and teachers attended and they all enjoyed this funny performance.

Year 10 have been working hard in their Drama option during Terms 3 and 4. They performed a movement piece in Term 3 and will be performing a short version of Shakespeare's *Much Ado About Nothing* at the end of Term 4. (Shakespeare is a Year 9 Unit but these students, have not had the opportunity to study Drama at Year 9). This has been a short taster of the type of things studied for Level 1 NCEA and the students have enjoyed a variety of onstage and backstage opportunities.

## Shakespeare

The Shakespeare Globe Centre New Zealand, University of Otago, Sheilah Winn Shakespeare Festival, is the full title of a nationwide event, in which high school students perform five and fifteen minute scenes from Shakespeare's plays, set in any time, place, dress – though definitely in Shakespeare's words. This year, for the first time in many years, students from St Pat's entered. Mrs Hayworth directed a group of Year 11 and Year 9 boys in a scene from 'The Tempest' and three Year 13 boys, Aitken Hawkins, Harvey Henderson and Thomas Yates entered a scene from 'The Merchant of Venice', directed by Thomas. Both groups were highly commended by the judges.

## Senior Drama

The Level 1 NCEA Drama class has a number of Year 11 and some Year 12 students.

They studied the theatre form Commedia dell'Arte, which is an Italian form using masks and stock characters – the origins of slapstick comedy. This was a highly successful unit culminating in short performances for family to watch.

The final Internal Assessment involved learning about wartime evacuees and enacting their own devised plays based on first hand accounts from that time.

Niu Sila by Oscar Kightley and Dave Armstrong was their major production for the year. The original play was written for two actors playing multiple roles.

One of the challenges for me as a director was giving all 17 students in the class equally sized roles. Over two nights I had eight students playing Peter and Ioane, four playing Mum and Dad and one playing Mrs Tafioka. That left 20+ small characters and so, true to the spirit of the original play, it fell to just four boys to play those remaining roles. This play addresses a number of issues about ethnicity in New Zealand and the power of friendship. The class embraced the humour in the play as well as exploring the more serious issues of prejudice and racism. The audiences thoroughly enjoyed both nights.

The Level 2 NCEA Drama class studied Shakespearian theatre and for their major production for the year they performed 'The Tempest'. As they had never previously studied Shakespeare they found the language somewhat challenging but they rose to that challenge and the audience enjoyed their interpretation.

The year began with them tackling scenes from Kiwi playwright Greg McGee's play 'Foreskin's Lament', which is a landmark play in the history of New Zealand theatre. It draws on the Rugby culture of the period (pre 1980) and comments more broadly on national codes and values. This was a worthwhile exercise, giving them an insight on a (largely changed and more tolerant) culture of this country.

The year ended with the class successfully tackling issues that affect our world, including abuse, depression and proliferation of mobile devices in our society. They created a number of moving and remarkably devised performances, which challenged both the students and their audience.

# ENGLISH

2014 saw the start of a new era for the English Department. We had a number of experienced staff members leave St Pat's and they were replaced by a group of enthusiastic, young female teachers.

Adrian Armstrong had been a very popular English teacher since his arrival in 2002 and he left at the end of 2013 to take up a position at Rongotai College, which was much closer to home. Pat Houghton, like a lot of young teachers, was keen to travel overseas and he left us at the end of Term 2 after picking up a position at Dulwich Prep School in London. The third member of the English Department to leave was Katelin O'Connor. She was appointed to a permanent position at Wellington Girls' College where she was able to focus on teaching Photography, after recovering from a badly broken leg! We wish them all the very best at their new schools and thank them for the wonderful contribution they each made to our department. They will be missed by many staff and students.

Dianne Tennent, Claire McLelland, Rachel Crawford and Lisa Pedersen were their replacements, and with their arrival the English Department became, overnight, a lot younger! They made an immediate impact and as a department we have already benefitted from their I.T. skills, enthusiasm and willingness to try new things.

There have been a number of student successes this year which I wish to highlight.

The Year 9 and 10 Speech Finals again saw a very high standard of public speaking skills from the finalists. In Year 9 the top three place-getters were Josiah Samani, Jeremy Tonise and Iona Apineru.

In the Year 10 Final, the place-getters were Zac McLeod, Harry Poland and Charlie Penman.

One of the initiatives introduced this year by our hard-working librarian Cindy du Toit, was the Year 9 Pizza Reading Challenge. The aim of this programme was to encourage our Year 9 boys to read widely. If they were able to read at least eight books from a variety of genres, within a tight timeframe, they received a pizza! The first three boys to complete the Challenge all came from 9WR, and they were Maxim Clifton, Aragorn More and Filiifa Nanai.

The NZ Book Council ran a Creative Writing competition for Wellington schools and St Pat's scooped the quinella with Krisham Raju taking first place and Harry Poland the runner-up. Their successful entries are reproduced elsewhere in this Yearbook.

Harry and Charlie were also successful in another Wellington competition, this time for spelling. In order to get through to the Spelling Bee Final, they had to correctly spell words such as: sobriquet, putrescent and graffiti. A daunting task! As a department we wish you all the very best.

## Two worlds

Written by Enjalas Jenkinson

### Verse 1:

I pour my heart into these verses  
Accustomed to the bad life, stealing money, snatching peoples purses  
Around you all you ever hear is curses. More lies and more lies and the sound of people hurting  
Young ladies mastering the fine art of flirting  
Felt like all them rich people kicked me to the kirb'n, I had nowhere to go and I didn't have a  
person who understood me and that's why I'm hurting so I'm searching  
I ran into these gangsters that got me into bad stuff  
But the best thing about them-at least they understand us  
Mislead, misguided broken and mistreated  
Alcohol women and money is all I needed  
Soon found out that those things didn't satisfy – all them old pleasures that never fully gratified  
the emptiness inside me  
Blacked out on a black street with an empty bottle besides me – a reflection of my life, keep on  
messing up and I can't get it right  
Keep on messing up, and I can't get it right

### Verse 2:

I can't ever seem to get it right  
Some of my mistakes keep me up all night, it's like a transformation taken place in the moonlight  
Spoken to my mother and she says it's gonna be alright  
But anything good seems way out of sight  
I'm not seeing clearly even when I'm in the light  
Scared to trust a man coz all they ever do is flight  
And every night he coming home all he ever do is fight  
The sound of his voice gives me a cold fright, and it's that same damn voice that keeps me up all  
night  
Everyone can see it that I'm not alright, but they don't wanna know how I'm doing coz it costs time  
The only time that they ever wanna talk, is when they in the mood and they get up in ya draws  
so they can tell their mates that they one up on the scoreboard .then calls asking us t o break up  
got me asking questions like was it the makeup  
left my heart in pieces for someone to rake up  
different day but the same old stuff I gave you everything but it wasn't enough  
different day but the same old stuff I gave you everything but it wasn't enough  
and now Im wondering if I will ever find a man that loves me for me and who I am, but who am I, is  
this a disguise hiding the real me up on the inside.  
Who am I?..I don't know

A very sophisticated poem

Swords of sunlight pierce the bright blue sky, the trees stand still.

Sits on the grass, weathered and old, hibiscus and old man's beard adorning its proud, staunch  
body like royal vestments.

The park bench; the most interactive device in the 21st century.

I sit down carefully as to not hurt the old chap. He is a hive of memories, one which may answer my  
problems. He was built yonks ago!

His strong limbs have supported many people staring at the sunset, or the dewy grass.

As I stare at the dewy grass, I move from wandering thoughts to a more pressing, bittersweet  
question.

A question of what are we?

I wait but no answer comes

Seems to be urging me to elucidate.

But how can you make clearer something that is harder to understand than photons?

Our relationship is alike to a bugle and asparagus;

A breath of fresh air every now and then, and back to boring.

Maybe we should go on holiday to the Galapagos Islands.

Surely no asparagus there.

Just bugles, me and a beautiful girl.

My tendon tensed as I ridiculed that idea.

Park bench?

Yep. I'll bring him as well

Written by Harry Poland  
Year 10

## Adventures of Special Agent Paul Rodgers

By Krisham Raju, Year 10

It was another slow day at work. The air-conditioning was running non-stop and the sweet smell of coffee filled the hallways. Everyone in this building is here for the same reason, and that is to fight crime. We have the most superior brains and the most expensive equipment, all gathered here in this state of art building.

As for me, I'm Paul Rodgers, Special Agent for the National Security of the US, and part time stand-up comedian.

I welcome the sound of the intercom, as my boss summons me to his office. Hopefully today I would have a more meaningful and interactive task rather than sorting out his old files.

I quickly tuck in my shirt and put on my tie before taking the elevator to the top floor.

"Paul! Just the man I needed to see," my boss exclaims as he violently shakes my hand.

"Hello Mr Johnson," I reply and quickly jerk my hand back.

I follow Johnson back into his office and take a seat.

"I have a pleasant surprise, Paul," Mr Johnson says. "We have tracked down the whereabouts of George Willis. Just in case you don't know, George is a convicted murderer who has been on the run for yonks. This is the first major breakthrough in the case."

"Where is he?" I ask.

"We received an anonymous tip that George is hiding in the Galapagos Islands."

"What?" I reply in astonishment, "Anonymous is my favourite poet."

"Real funny, wise guy" Johnson said unimpressed. This is very important, so let me elucidate this to you."

"George Willis plays the bugle at the Hibiscus club in Galapagos on weeknights. He goes by the stage name Jimmy Photon and walks with a limp because, the bullet he took while escaping from custody cut-off his Achilles tendon. I need you to go to the island and bring that crook back to American soil."

"Yes, sir!" I reply excitedly.

The next evening, my flight touches down in sunny Galapagos. As much as I want to stay and enjoy this tropical paradise, there was business to take care of. I check, load and holster my .45 weapon. The plan is to case the Hibiscus Club now, do a few preparations, and then go back for dinner tonight.

At 7:55pm, I am seated at the Hibiscus club eating some bittersweet asparagus alongside a steak, waiting for George to play his bugle. After a while, George, or shall I say Jimmy enters through the backstage door.

He stands right in the middle of the stage and scans the audience, like a radar. As soon as he sees me, he drops his bugle and makes a break for it. As I predicted, George grabs open the emergency door and runs straight into the shipping container that I had strategically placed there this afternoon. The door slams shuts, and I have some precious cargo to deliver back to the US, flying first class, courtesy of the US Government. Mission Accomplished!

# FOOD & NUTRITION

## YEAR 10

Food and Nutrition at Year 10 was overseen by Head of Department Mrs Nicola Potts working in close collaboration with new staff member Mr Stuart Pyne. Units covered included Limited Resources, Cultural Foods, and Sport Nutrition. Each unit blended practical cooking experiences combined with learning about the Food and Nutrition Guidelines, nutrients, the four major food groups, serving sizes, and how planning for food can help young adolescents grow and develop into healthy functioning men.

Limited Resources was a challenging test of creativity, seeing students choosing from a short-list of simple household ingredients with the aim of cooking a quick and nutritious meal. The Cultural Foods unit required students to study a country or culture of their choice, creating a booklet which analysed factors that influence food choices alongside recipe examples. Finally Sport Nutrition provided an excellent insight into the nutritional needs of young people who take part in physical activity. Overall, it's been a thoroughly enjoyable and insightful year for both students and staff as they work with unity towards developing greater understanding of Hauora in action.

## 11 FAN

This year in 11 FAN we have gained many skills and experiences. I came into this class at the start of the year not knowing what to expect. Mrs Potts quickly pushed any doubt from our minds as we got straight into both theory and practical lessons. I believe it is safe to say that each and every one of us will have come out of this year's work with something under our belts, whether it be cooking for our top sports teams before their traditionals, making nutritious meals for our growing teenage bodies, the mystery box challenge, or maybe taking something from the theory lessons. This year has been a great year in the Food and Nutrition class and the time has flown by. Finally a big thanks to Mrs Potts for putting in so much of her own time for the benefit of our learning as well of that of the Colleges. I guess at times she probably calls us her noisiest, most off task class, but we are all thankful for the effort she has put in to us this year. It has been such a fun year and one that has taught us all many life skills that we will keep forever.

## HOSPITALITY

In June Ashley Lumsden, Luke de Jong, James Forbes, Cameron Wilson-Meek, Connor Elliot and I entered the City and Guilds interschool competition at WELTEC. The two teams had to prepare an entrée using a leek and a main course using a chicken breast. In the 90 minutes that we were allowed, that went so fast, Luke and Ashley made Leek and Feta Cigars and a main course of Chicken Breast resting on Mashed Potatoes and Steamed Carrots and Beans. While James and Cameron made a Leek and Bacon Tart and a main course of Chicken Breast and Ginger Sauce with Steamed Carrots. Ashley and Luke came away with a Bronze Medal.

In my role as team manager I learnt plenty of new things; such as how hard it is to manage a team, even with a checklist, the extreme pressure of trying not to forget any cutlery and ingredients was difficult. It was a great experience, because I did not know about the speed and could not visualise until I was at WELTEC how hectic a real commercial kitchen environment is. I would like to thank Mrs Potts for entering us in the competition for the hour practising beforehand and for organising the food and transport.

By George Bailey.

Cameron Wilson-Meek and James Forbes, receiving their Certificates

Luke de Jong and Ashley Lumsden Ready for Action

## 13 FAN

2014 was a great year for 13FAN. We got involved in so many different aspects about food and nutrition and made our contribution to the school community and also to the wider community surrounding people's food choices and cooking skills. The boys in the class really got involved and took on board what was being taught and really tried to make a difference via their influence on their peers and also those out in the community. The whole year was really focused on the lack of cooking skills and nutritional knowledge among the New Zealand society. Through our internals, we tried to achieve a goal of promoting cooking skills and nutritional knowledge of the society we live in. To achieve this we participated in many different things such as taking one of our mates from school and teaching them a few cooking skills. However, as these boys are seniors we would hope that they already have some form of cooking skills. Therefore, we did a project with the children at Silverstream Primary school where we had them come in on a few occasions and we asked them questions and then got cooking with them and had lots of fun. These fun few activities with the children hopefully opened their eyes to cooking and nutrition and how important it is.

From branching out to the Silverstream children we took a step back and, for one of our internals, each took a few boys from school and produced an action plan. This action plan was to target the cooking skills of our peers and how unprepared many of us are for our future. Many boys chose to look at fast foods and then re-create them to show the difference in price, taste, ease etc. Within our groups of boys we made up questionnaires to see the before and after results of the action plan and how successful they were. The lack of cooking skills and nutritional knowledge within our College is a growing problem and through the internals we have done, we can see the true effects that come from having a lack of them.

We weren't just stuck in the class room doing internals all year, we still had plenty of fun cooking and preparing meals and food products. The year as a whole was a fun and enjoyable time and many of the boys in the class have been together for a few years so it will be a very sad time to say goodbye to a class that was so much fun and had such a great and influential teacher. We will be sad to say goodbye. We all had such a good time that we can look back on it and remember how much fun learning could be. The skills and knowledge we gained from our year/years in Food and Nutrition will benefit us greatly as we now have the ability to choose what we want to eat because we know what it'll do to our body. 2014 was a great year for Food and Nutrition, we all wish it would never end.

# GEOGRAPHY

## Level 2 Geography fieldtrip 2014 – Tongariro Volcanic Environment

The L2 Geography fieldtrip to the Taupo/Tongariro region was a real success. 15 students accompanied by Mr Tinney and Mr Columbus departed Stream in minivans at around 10am Monday morning early in Term Two. A few short stops on the way before we arrived at the Lake Taupo Christian Camp. Most of us were sceptical about the accommodation and food, but were pleasantly surprised by the high quality of both. The weather forecast for the following two days was not very good, so the bad news came that we probably wouldn't get to complete the Tongariro Subalpine Crossing. Early the next morning we got our mountaineering clothes on, had a big breakfast, then loaded the vans. The weather was not as bad as expected so we set off to the summit of Mt Tongariro. As we ascended the volcano, the views were stunning. Mt Ngauruhoe and its red looking crater loomed over us as we trudged up the Devils staircase. We got to the summit of Tongariro but had committed to going back to collect our vehicles. The moon like experience on volcanoes was not one I would easily forget! That evening we went to the Tokaanu Hot Pools for a swim. The next day was spent in Taupo collecting information for our Geographic Research internal assessment. We went to the tourist hot spot areas of the Huka Falls, the Huka Falls Jet and Prawn Farm, and the Huka Bungy Jump. Tianeve manned up and did the group and himself proud by completing his first bungy jump. The remainder of the day was spent in our groups collecting surveys from various spots around Taupo. Our final day was the drive back in the vans. We had a lunch stop at a random location near the Rangitikei River before getting back to Stream by around 3pm. Many of the group initially thought the Tongariro Crossing would be boring, but it is something that we would all like to go and do again.

## Level 3 Geography fieldtrip to Golden Bay.

The L3 Geography trip to Golden Bay was once again a great success. 36 students accompanied by Mr Tinney, Mr Tait and Mr Blum set off on the Interislander Ferry for Picton. We packed into our hired vans then set out for our destination of Golden Bay. The following two days were spent studying the Natural Processes which shape the Takaka River. Part of our internal assessment was to collect data from the river which included getting in the river to measure its width, depth and velocity. During the latter parts of these days, once our work was complete, we spent some time at an awesome swimming hole/jumping, spot on the Takaka River and also had the opportunity to play on the diving board in Golden Bay High Schools swimming pool. There was also beach cricket, cockle collecting (don't eat too many), swimming and a group went for a fish off the break water. The third day was spent exploring the natural beauty of the Abel Tasman National Park. We went to Totaranui Beach, did a short tramp through to Goat Beach where we had a swim. During the afternoon we walked through the Awaroa Estuary across to Awaroa Beach. The final day dawned and we were all up early as we had to get back to Picton to catch the 1pm ferry. A couple of students got rather car sick on the final drive from Havelock to Picton which pre-empted the rough ferry crossing back to Wellington where several students were ghostly white with sea sickness! Overall, it was an extremely fun and memorable trip to a place that I will definitely visit again one day.

# HISTORY & Classical Studies

The revival of History at Stream continued with verve through 2014. Level 3 Classical Studies was also back on the table with a large and lively group of Year 13 boys engaging with aspects of the civilizations of the ancient Greeks and Romans. This was the first year the subject had been taught under the realignment and a revamped course of study was presented to the boys, with the campaigns of Alexander the Great, Greek mythology and Virgil's Aeneid examined.

There was hearty uptake of History at all three senior levels, with an overhaul of the Level 2 programme a focus. The Level 2 boys worked through the emergence of the Cold War, the conspiracy theories surrounding the assassination of JFK (very popular!) and a survey of the Vietnam War, particularly pertinent to the planned return visit to Vietnam in 2015.

A major oral history internal was introduced at Level 3 (History), whereby the boys researched a significant New Zealand event and carried out an oral history interview with an individual who experienced or has a perspective of their event.

This was based around two study days at the National Library in Wellington. The first day was focused on introducing possible events to the boys with a visit to Te Papa, followed by a tour and introduction to the resources held at the National Library. The second visit provided an opportunity to utilize the archives of the National Library, an invaluable experience for those boys progressing to university in 2015.

The highlight of the Level 1 programme was a study of the 1981 Springbok Tour and the visit of Mr. Fordyce and Mr. Jones to the class, whereby they relayed their perspective and experience of the tour, as opponent and supporter respectively. The Level 1 Historians also visited the Holocaust Centre in Wellington to hear Holocaust survivor Mr. Daniel Goldman relay his experiences of those tragic events. He was a child during WWII and lived in a Jewish ghetto in Lithuania. His father was the only member of his family to survive along with him. It was a sobering and vital experience for the boys to hear first hand the nature and reality of the Nazis attempt to exterminate Europe's Jewish

population.

During the second term Mr. Columbus and Year 13 Historians/ Classicists Zac Brodie and Kasey Joe-McIndoe attended a ceremony on the steps of Parliament marking the beginning of the First World War. This was a moving occasion, particularly the moment when the original announcement of war breaking out in Europe, made by Governor Lord Liverpool on August 5 1914, was read out.

A return to Vietnam is locked in for April 2015. Our first trip (July 2013) was a resounding success and we're excited to return with 35 Year 11 and 12 History and Geography students next year. We will spend 14 days travelling from Saigon in the south of the country to Hanoi in the north. This trip has been expanded from the first with a visit to Halong Bay in North Vietnam. We look forward to reporting back to the school community our experience in next year's Blue and White. Other plans for 2015 include a First World War day in Wellington where we take advantage of the myriad of exhibitions and activities set to commemorate Gallipoli and the wider First World War.

## Our Mission

St Patrick's College Library recognizes the responsibility of promoting the value of libraries and is challenged to provide a place for students and staff to appreciate the power of information.

We find it essential in preparing individuals to become literate seekers of information and to encourage a passion for reading. We are dedicated to providing a balanced collection of books and database material that will enhance the independent learning styles of lifelong learners.

## Reading is good for you - Written by Kyle Mans Year 10

Reading is good for you in a variety of ways, for example it helps improve memory, helps expand your knowledge, it is free entertainment and reading lowers stress and the risk of disease.

What's better than entertainment? Free entertainment and even when you use your kindle or other devices books can cost as little as a dollar, but you don't have to buy books to enjoy them, just go down to your local library and find the book you want. Libraries also have a huge variety of books so you have a greater chance of finding your desired book.

## Why should we read?

The answer is simple. It's good for you. Just like exercise is good for your muscles, reading is good for the brain. Reading requires 7 different parts of the brain to work together. Reading books causes you to remember characters, places and detail about other things. Every time you read your brain makes a new memory, this makes brain synapses or brain pathways. Every time you make a brain pathway you exercise existing pathways and you remember things easier. Memory is important in everyday activities and especially when it comes to tests because no one wants to forget how to do the Excellence question.

Nearly all successful people will tell you there is at least 1 book that changed their life. So please whether you do it for inspiration, entertainment, laughter or sadness, mystery, knowledge or just because you are bored. Whether it is a hard back, soft cover or your Kindle. Just read.

Kyle Mans  
Library Monitor

## Warhammer Club

**Wednesday:** 3.15pm - 5.00pm in the Library.

**Manager:** Mr Charlie Lloyd

**Available:** Books, Audio Tapes and Board Game.

This year sees the creation of the Stream Wargaming club. It has been set up by Mr Lloyd to provide streamers who have a passion for all aspects of the Miniature Wargaming hobby, to have a place to build, paint and game with their Miniatures. Mr Lloyd has been involved in building, painting and gaming with miniatures for 17 years and wants to impart that knowledge to a new generation. The hobby also encompasses strategic and critical thinking, elements of mathematics, creativity and social interaction that is not through a screen, values he believes are fantastic for young men to learn. The club is always looking to expand, so if you're interested come along!

3rd Place Aragorn More

# Learning Support

It has been a full on year in Learning Support with a lot of new faces arriving both staff and students.

What is Learning Support?

Our department is a working classroom that offers a range of services to students who need academic and personal support. Our dreams and aspirations have been to focus on improving literacy both in Year 9 and Year 10 students.

All staff work with students, in small groups and one on one tutoring. We support subject teachers and work collaboratively with them in the classroom for the benefit of the students.

Students for requiring extra support local Resource Teacher

of Learning Behaviour Michael Te Tana has provided ideas, resources including one on one tutoring and mentorship. The Rimutaka RTLB cluster has also provided resources and support to help all students fulfil their potential

What happens in Learning Support?

In K18 the programme is literacy based around English surface features, personal and creative writing. At times we respond to concerns from classroom teachers on areas that require attention for example graphs in Maths and Science.

New Staff

We welcomed one new staff member in 2014 Linda Reeves. Her commitment and knowledge have

added value to the department and to the lives of students she has worked with. Nga mihi nui koe.

Finally

I would like to thank Sue, Mary and Shivonne for the support they have given to me and on behalf of the students you work with everyday. Your dedication and determination has made a huge impact on the success each student has made in 2014.

Overall, this year has been successful and we would like to thank Senior Management and our Deputy Rector of Curriculum for her patience and support.

Kia kaha, Kia maia, Kia manawanui

**Front Row:** Ceri Dell, Troy Polaczuk, Luka Goeres, James Beachen

# MATHS

In 2014 the Maths staff undertook the mantra “what can we do better now than we did before”. This followed on from the newly erected signs at the school entrance, which state “What will I learn today?” We thought that was an apt reason for looking specifically at all that we offer to our students.

The staff in the department took charge of various areas or levels, and set out to “do it better”  
At Year 9 Jane Nolan promoted the use of a vast array of resources, well compiled and updated to reflect the current student abilities. Practical tasks were set up for Measurement, and Circles were introduced, with good success. E-ATTLE testing occurred twice in the year and patterns of progress were identified, realizing that this type of test is not the complete picture of a student, just a snapshot.

At Year 10 Darragh Burke set up one of his many Year 10 classes with an opportunity to experience Level One NCEA. A small group of 9 have elected to move on to Level Two in 2015, after much success during the year.

At Year 11 Hugh Steel took up the challenge to get all of the boys their Numeracy, a requirement for all students under NCEA. The boys responded well to tutorials in the first half of the year as we worked our way through the Internals, and much success resulted. Inevitably, the challenge did prove to be too much for a small group of students, who will require some extra work next year. We also encouraged more boys to aim higher, with two

classes of extension. This proved to be very productive, with our Excellence and Merit results much better than last year.

In Year 12 Kirstin Stern and Tony O'Connor shared responsibility for MAT200, while Hugh Steel looked after MAT201. These classes made good progress, particularly the MAT200 group, who have a less challenging but suitable programme for the year. In MAT201, the level of challenge is high and it will always be that way. In Year 13 Kirstin Stern organized the changed programme for MAT300, incorporating the new programme InZight in our Internals, while Tony O'Connor looked after MAT301. We worked with our top academics this year in a far more liberating manner, allowing them to set their own pace and direction. This is a move that the school will adopt across all Year 13 next year. In short, we set out to do it better – time will tell, as always, but when we sit back and look back at our year, I believe our footsteps will have been straight and true. On our waka this year we farewelled Antoon Kooij, and at the end of the year Darragh. They get a special mention elsewhere, but we did welcome Nathan Beckman who has made an immediate impact with his empathy for the students. I also want to acknowledge the assistance given by Phil Henley who stood in for Kirstin when she departed for a term to Europe for a well-deserved family trip.

Hugh Steel

# RELIGIOUS STUDIES

2014 has been a roller coaster of a year within the Religious Education Department. Early in Term 2 Mrs Law passed the baton on for the leadership of Department to Mr Havell and Mrs Whiteford. Later the Mrs Myers Reid joined the college to teach Year 10 and 11 on a part-time basis while Mr White went part time so that he could pursue a pastoral role in a parish ministry.

For many in Year 9 Religious Education has been a new experience but I have been most impressed by how quickly they have adapted to the new challenge. Religious Education invites students to balance the spiritual with the academic so an important feature has been opportunities for prayer and reflection as part of the programme.

Year 11 started the year at full pace. Before long the full demands of NCEA were upon them. Many perhaps missed the idyllic times of Year 10 as the content increased and the demands of the many assessments took their attention. Boys learn the meaning of the word 'appeal'. Not satisfied with initial grades many challenged the system to deliver better.

Year 12 was for many quite a demanding jump. Apart from the rigorous demands of trying to gain some Level 2 credits there were other things happening. There were the Bible walks down to the river, Plunket and how to look after children in an Early Childhood Centre. Challenge 2000 visited in Term 3 which meant the excellent opportunity to make links between the principles of social justice as studied in class and the real world.

Year 13 is a tough year. After five years of Religious Studies students begin to seriously reflect on the meaning of the subject and where it fits into their lives. Students seem to struggle with two questions. How can I fully engage in this subject? How does this subject help me with the life beyond St Pats? As they grapple with ultimate questions they are further challenged by the motto "Sectare Fidem" hold fast to the faith. What does this really mean for the amazing journey which will begin after they leave? Faith is a lifelong thing – something which always challenges us and something which can help us to hold fast when times seem especially challenging!

Mr K Havell.

# OPENING OF THE NEW GYM

## Fr Peter Blake (SM) Centre for Physical Education and Sport

On Thursday, 29 May, St Patrick's College, Silverstream, officially opened its new gymnasium. It was blessed and named The Fr Peter Blake (SM) Centre for Physical Education and Sport. Classes and recreational use are now in full swing with everyone loving the new facility.

The building is the first major project accomplished by the recently established St Patrick's College Silverstream Foundation. The opening was a unique celebration of contemporary St Patrick's culture at its best, involving aspects of Catholic, Marist, Maori, Pakeha, Pasifika and Silverstream heritage.

The following excerpts include comments from Gerald Scanlan, Chair of the Board of Proprietors.

'Kia ora Koutou – Greetings everyone'

'Ko wai tenei whare? – What is the name of this building?'

'Ko Pa Petera Perieka – Fr Peter Blake'

'Mo Wai tenei whare? – Who is the building for?'

'Mo nga tama O Hato Patariki Mawai Hakona, me te iwi whanui' – It is for the boys of St Patrick's College, and for the wider school community.'

The new gymnasium is a signature facility for the College and the wider community that began with the College founders, the Society of Mary, who remain deeply committed to the awesome ministry of forming boys into men.

'It is an unmistakeable sign of commitment to our identity and our aspirations from the Society of Mary, the College leadership and staff, the Board of Trustees, the Board of Proprietors and our many old boys and benefactors. Today we say loud and clear we want St Patrick's College Silverstream to be known for academic, sporting and cultural excellence – in an environment that is thoroughly Catholic and Marist, that enables quality learning and teaching and that fosters a strong and welcoming sense of community.

'The project was the result of years of vision and dedication by many who were widely acknowledged and thanked, with a particular tribute to Brian McGuinness. Brian's vision, energy and sheer determination took this building from the seed of an idea to a superbly constructed reality.

'It is a fitting tribute to his vision and love for Silverstream and a remarkable legacy that caps many years of service to the College.

If the thousands of boys who will spend time in this centre in years to come catch from their physical

endeavours even a faint impression of Brian's character, values and ethic of service then our families, communities, church, nation and world will be the better for it. 'No reira, tena koutou, tena koutou, tena tatau katoa.'

# ATHLETICS & CROSS COUNTRY

## ATHLETICS

### Old Boys

19 titles – lost 392 to 266

### McEvedy

6 titles – Mitchell Bialy Long Jump, Michael Poa 800m, Nikolai Allen 3000m, Lester Maulolo 110m Hurdles, Joseph Apikotoa Shotput, Sione Uvea Discus 3rd place for the team

### Wellington Regionals

5 titles– Mitchell Bialy 100m, Lui Okeamo- Luamanu Shotput, Vern Sosefo Discus, Michael Poa 800m, Nikolai Allen 3000m

### North Island Champs

Medalists: Michael Poa 3rd in 800m and 1500m, Lachlainn Marryatt 2nd Javelin

## Cross Country

- Back Row:** Zachary Graham, Benjamin Clegg, Daniel Larkin, Liam Carson
- Third Row:** Dylan Edwards, Liam Kennedy, David Armstrong, Cameron Roberts, Billy Chang, Robert Griffith, Thomas England, Hamish Cathcart, Tobias Meyrick
- Second Row:** Mr Hugh Steel, Thomas Jones, Joshua Clegg, Charlie Penman, Nikolai Allen, Oliver Barrass, Michael Poa, Sean Hewett, Tomas Roche, George Bridgeman-Sutton, Jared Priston
- Front Row:** Joshua McGregor, Michael Paine, Jared Sarten, Trent Hunter, Jake Anderson, Vincent Blane, Joshua Anderson, Cameron Cuff, Harry Poland, Hayden Roseingrave

## Cross Country and Road Race Season

### Wellington Cross Country Champs

Year 9: Michael Poa, 1st; Nikolai Allen, 2nd; 3 and 6 man team, 2nd.

U16: Jake Collins, 7th; Liam Carson, 8th; Harry Poland, 11th; 3 man team, 1st, 6 man team 2nd.

Seniors: Trent Hunter, 13th; Josh Anderson, 14th; 3 and 6 man teams, 4th.

### NZ Secondary Schools Cross Country Champs

Year 9: Nikolai Allen, 3rd; Michael Poa, 6th; Sean Hewett, 45th; 3 man team 4th.

Under 16: Jake Collins, 6th; Liam Carson, 13th; Harry Poland, 40th; 3 man team 3rd.

Seniors: Josh Anderson, 33rd.

Nikolai Allen was the best placed Wellington runner at the NZ Champs, and the Year 9 team, having two runners in the top 10 is a first for our school. The U16 3rd place as a 3 man team is our best team result in several years and again was the best due to excellence at the top end, with Jake and Liam in the front group and Harry in support. In the senior race Josh Anderson excelled as a first year senior.

### Wellington Road Race Champs

Year 9: Michael Poa, 1st; Nikolai Allen, 3rd; Sean Hewett, 9th; 3 and 6 man team, 1st.

Under 16: Liam Carson, 3rd; Jake Collins, 4th; Ollie Barrass, 9th; 3 and 6 man team, 1st.

Seniors: Josh Anderson, 12th; Trent Hunter, 14th; Liam Kennedy, 15th; 3 and 6 man team 3rd.

### Role of Honour

Mitchell Bialy – extraordinary commitment, ability and leadership of athletics. A role model for any sportsman at Stream, combining ability with a work ethic and attention to training that became very evident when the Blue Squad concept started. Mitchell took leadership of the 30 athletes with ease.

### The U16 team

This team dominated the Wellington scene, and the 3rd placing at NZ XC Champs was evidence of their ability on the national scene. There are a number of growing athletes in this group who potentially can make a very big impact in the senior ranks in the next few years. They dominated the Wanganui Relays, putting up a better time than the senior Wellington College team.

### Blue Squad

Going from strength to strength, a true combination of teacher and student initiative, with seniors leading the way and teachers in the background providing guidance as needed or simply just encouraging, along with Mrs Potts providing a breakfast opportunity.

### NZSSAA Champs

A Team of 31 attended the NZ Champs in Wanganui in the first weekend of December. The team performed extremely well, with only 2 medals but numerous top ten results, boding well for the years ahead. The most positive aspect was the attitude and commitment to work prior. Congrats to Mitchell Bialy who completed a very impressive athletics career at Stream and led by example. Mitch was presented with an Athletics McEvedy singlet.

### Results:

4 x 400m team, 2nd place Junior, 3:39.10 Michael Poa, Jake Collins, Liam Carson, Max Press

Michael Poa: 2:00.32 3rd 800m, Junior

Todd Svenson: 12.18m 4th Triple Jump, Junior

U16 Road Race team, 4th place Harry Poland, Cameron Roberts, Michael Paine

Max Press: 2:02.51 5th 800m, Junior

Ken Tuffin: 12.41m 6th Triple Jump, Senior, 9th Open 300Hurdles 41.83

Tajun Crosland: 11.90m 7th Triple Jump, Junior

Toalima Anae Laupola: 12.10m 9th Shot, Junior

Alex Winship: 1.71m in High Jump, Junior (first major comp) 10th

Jake Collins: 2:06.11 14th 800m, Junior

Nikolai Allen: 9th in Year 9 Road Race

Ryan Scaife: 2:01.93, 14th 800m, Senior

Regan Wright: 1.76m, 16th High Jump, Senior

Cameron Cuff, Oliver Holmwood,  
Kyle Manns

Teams have been selected on a "friends" or year level basis reflecting a social approach to the game. This too will change next year as several promising (and modest) players emerged from our new Year 9 students.

Silverstream 1 and 2 were predominantly Year 10 students who were new to the game in 2013. They built on their knowledge and skills and as older students in the grade enjoyed greater success in terms of games won.

Silverstream 3 and 4 were our Year 9 players, many of whom had previous experience. Silverstream 3 were unbeaten until the final round of the competition when they were beaten by the eventual winners of the grade. Silverstream 4 also proved to be competitive opponents and the highlight for this team was Ben Lucock's completion of the season without losing a game.

The new gym has made the whole experience of managing this sport easier and more enjoyable. Once the competition rounds were completed, students continued to practise weekly with games amongst themselves. These were fiercely contested and show promise for further growth and success in 2015.

With the increase in numbers this year, I had the assistance of Ms Diane Tennant. I offer my thanks to her for her willingness to organise, supervise and transport students to games. This is no longer a job for just one person and I hope that interest in Badminton will continue to increase.

# BASKETBALL

**Back Row:** Enjalas Jenkinson, Christian Giannotti, Salesi Rayasi, Daniel Van Den Kerkhof, Kenneth Tuffin, Vince Long, Cameron Roseingrave

**Front Row:** Mr Karawana, Luke De Jong, Dom Kafatolu, Benjamin Ross, Mitchell Bialy, Regan Gubb, William Horua, Mr Reuben Pivac

Basketball at Silverstream continues to grow from strength to strength and 2014 was no exception. The Junior A basketball team reached their first Premier final in recent times and for three and a half quarters led the game.

The Senior A team reached the National Tournament for the first time in the school's recorded history. Six teams at both Senior and Junior levels made their respective semi-finals in the College Sport league with the Junior Blue and White teams both winning their divisions. Lastly, both the Year 10 social team and the senior social team also won their respective divisions.

The Junior A team, coached by Terry Stallworth, won a thrilling semi-final against Wellington College away at their gym on the back of a high fitness level and some tough crucial shots. The final was heart-breaking result where they were 7 minutes from a maiden Premier title before they were eventually overrun by the fast finishing St Patrick's Town,

who had an answer for everything that Stream threw at them. At the Regional tournament, they finished a credible sixth place after losing a close Quarter-final to Hastings Boys High School.

The Senior A team, coached by Brandon Karawana, lost their Premier semi-final to Hutt Valley High School (who then went on to defeat St Patrick's Town in the final) with a horrible second half after leading at half time. Through the year they did win two of three Traditional fixtures against Rongotai College 59-30 and Wellington College 68-48. The Wellington College fixture was the first time it was played between the two schools and played in front of a packed house in the brand new gym facility.

At the Regional Tournament the Senior A team won a tense playoff game against Napier Boys' High School to make the National Tournament and eventually finish 5th in New Plymouth. At the Nationals in Palmerston North, they finished 4th in their pool of 6

to make the middle section of the Secondary Schools draw, playing off for 9-16th place. Two very good wins against Onehunga in overtime and Hamilton Boys' High School was an outstanding effort for their first ever time playing at this level.

Some individual recognition awards for the team this year were; 50 Senior A game pockets to Mitchell Bialy, Benjamin Ross, Christian Giannotti, Salesi Rayasi, William Horua, Regan Gubb and Kenneth Tuffin.

William Horua, Mitchell Bialy, Salesi Rayasi and Benjamin Ross were awarded a Traditional Cap for starting in 4 Traditionals and Salesi Rayasi also won the College Sport Wellington Top Points Scorer award for his 230 points in the Premier Grade over 10 games averaging 23 points a game.

With a large number of Year 13 players leaving this year, there will be plenty of opportunities for the next generation of Silverstream Basketballers to make their mark in the years to come.

## Senior B

**Back Row:** Jack Wright, Andrew Stewart, Thomas Gilbert, Fa'amanu Taeao, Devon Winera, Mr Thompson

**Front Row:** Joseph Faure, Mudiwa Nyahwa, Anthony Coles, Conor Souness, Johann Perez, Emmanuel Francis, Thomas Chumko

## Senior C

**Back Row:** John Granda, Moeva Vaeau, Sky Piakura-Moate, Martin Isaya, Matthew Hine, Mr Marriner

**Front Row:** Jerome Mason, Jacob Marriner, Tomos Jones, Clinton Barton, James Matamua

Senior C basketball had a mixed year results wise. The boys showed determination and all season long and battled hard against teams much older and bigger than themselves. Senior C team were also hit with a big injury list, despite losing up to four players at one point of the season, they still came out and competed with a fighting attitude.

Led from the front by captain Tom Jones and vice captain Clinton Barton, the team managed to qualify for the semi finals vs Wellington, the top qualifiers in our grade

Special mention to all members of the team the fronted every week at trainings and games: Moeva, Jacob, Clinton, Matt and Sky didn't miss a training all season

Congratulations to our award winners and I look forward to seeing you all playing again next year

## Junior A

**Back Row:** Swayde Brightwell, Josiah Samani, Antony Love, Chalis Crichton, Fritz Rayasi, Marco Mojicevic, Alejandro Sambajon, Mr Mita

**Front Row:** Benjamin Kingi, Teddi Hern, Rangimarie Mita, Christopher Linton, James Granada

## Junior B

## Junior Blue

**Back Row:** Kenneth Tuffin, Jack Wilson, Jeremy Tonise, Mitchell Couchman, Julius Zarate, Chase Pamatatau, Mr Le Toa

**Front Row:** Jack O'Brien, Daniel Martin, Jarred Le Toa, Isaiah Le Toa, Rawiri Mills, Josh Dalley

## Junior Redwood

**Back Row:** Kenneth Tuffin, Maika Fifita, Miguel Veilofia, Kienan De La Te Rambelje, Te Tana Wright

**Front Row:** Jonathan Odom, Tawhiri Logan, Xavier Seal, Toalima Anae-Laupola, Reece Saunders

## Social Dooleys

**Row:** Daniel Schrijvers, Matthew Twort, Zachary Brodie, Tynan Barrett, Benjamin Murrow

## Social Senior A

**Back Row:** Kenneth Tuffin, Anthony Coles, Anthony Smith, Samuel von Hartitzsch, Te Kore Nohotima-Taute, Jack Svenson

**Front Row:** Benjamin Ratahi, Keegan Radovich, Andrew Jordan, Ryan Fraser, Mitchell Knight

# CRICKET

## 1st XI

**Back Row:** Mr Ross McLachlan, Peter Aitken, Sameul von Hartitzsch, Carter Andrews, Mitchell Scott, Callum McLachlan, Jae Neshausen  
**Front Row:** Anthony Smith, Harrison Dean, Benjamin Ross, Zachary Murrow, Kenneth Tuffin, Benjamin Murrow, Ryan Fraser

### *Traditionals*

The local derby between St Pats Stream and St Pats town was hard fought. Stream batted first posting 376 with 50s to Ben Murrow and Sam Von Hartitzach flanking a brutal run a ball 139 from Mitchell Scott. Town replied with 173 all out.

With a bit of healthy debate the follow on was not forced. Stream built steadily in their second innings largely due to 93 to Ken Tuffin , setting the daunting task of a last day chase of 404 for Town to lift the trophy.

A 42 over opening partnership created some nerves around the Stream supporters as a draw began to look the most likely result. With the lunch break came a change of tactics, Spin was the way forward with both Zac Brodie and Murrow tempting the Town batsman with flighted deliveries. As the wickets fell more Stream batsman gathered around the batsman creating a rare experience for the team to play "test match" cricket.

Murrow finished with the outstanding figures of 6 for 79 and Stream finished the first of many team wins for the 2014 season.

The 2nd Two Day Traditional was to prove tougher vs St Bede's College of Christchurch. Batting first Bede's posted 157, thanks to 5-42 by Murrow.

In reply Stream failed to capitalise, being dismissed for 178. Scott (55) and Carter Andrews (46) threatened to take the game away from Bedes who fought back into the game with vigor.

Bede's, through a double hundred to Kennett, gave the Stream boys a clinical lesson in application for 103 overs before declaring at 377-3. This left a challenging target of 356.

None of the Stream batsman fired as they were dismissed for 129 as Bede's ensured the trophy returned home on the plane with them.

### ***Gillette Cup***

Round one of Stream's quest to qualify for the national finals saw the team play as close to a perfect one day performance as you could get from a school boy team. A maiden hundred to Tuffin was worked around powerful hitting by Ben Ross (46), Scott (38) and Murrow (64).

345 was always going to be tough for Hutt Valley High who could only manage 73 handing Stream a 272 run victory. Peter Aiken with, 6-37, gave a fine display of accurate off spin in his key role with the new ball.

The 2nd game vs Scot's College was again clinical through a 3rd 5 wicket bag for the month for Murrow. 41 from Brodie and 57no from von Hartitzsch polished off the 139 runs in 27.1 overs.

The semi final vs eventual qualifiers HIBS was to prove a fiery game that HIBS always had the better of. After reducing Stream to 25-5 Tuffin led a gutsy fight back with a composed 51.

Defending 168 was always going to be a huge ask but the Stream team threw every piece of their strong team spirit at the HIBS team. Unfortunately, Johnson and Sears matched Tuffin's composure securing a comfortable win knocking Stream out of its Gillette cup campaign.

### ***Premier Youth One Day***

A new season started with a dominant 100 by Scott, ably supported by von Hartitzsch, with 71, as Stream posted 302 vs Wellington College 2nd XI. A typical all round bowling performance led to a 208 run victory setting the template for how the class of 2014 were going to play their cricket.

Round two saw Stream commit the cardinal sin of not batting their 50, being dismissed for 234 in 43 overs vs Hutt Valley High. A typical Tuffin inning of 71 was aided by quick-fire 41 by Scott. Hutt Valley were never in the hunt in reply, all out 61; Aiken the star with the ball with 4 cheap wickets.

A maiden hundred to Callum Mclachlan helped set a daunting 307 for Scots College to chase in round three. Mclachlan brought his century up in the 50th over showing application throughout. Captain Brodie snuffed out any hope of an unlikely Scots victory with 4-22.

Round four was played in the most bizarre conditions up above Onslow College, with a combination of rolling clouds and mist making viewing from the sidelines difficult. Somehow Scott (63) and Ryan Fraser (55) played through the worst of the conditions to give Stream 273 of their 50 overs. The ever improving Onslow chased hard but fell 51 runs short as the Stream bowling and fielding unit combined as they did so many times through the year to close key games out.

HIBS had the better of the Stream boys in round five after the Stream boys restricted the visitors to 169. A tired Stream team after a hectic month of Traditionals failed to compete as they were bowled out for 58.

A team batting performance saw Stream post 206 on a worn wicket against Tawa College in round six which Tuffin made short work of with the ball with a career best 6 for 26.

Round seven was a key battle between Wellington College, as it also set the seeding for the Gillette cup. The visitor showed their skill in the field with some superb catches as Stream posted 178 through forties to Scott and von Hartitzsch. Stream fought hard in the field and held the opposition at bay until the 46th over.

74 off 34 ball by Scott gave Stream early momentum against Wellington College 2nds in round eight, but it was almost comical that they were dismissed for 290 inside 41 overs. Andrews was undefeated on 61 of 39 and if the tail had stayed with him he may have pushed Stream towards 380 +. The ever improving Navros Singh grabbed 3 wickets as Stream were victors by 85 runs.

A winter break in between rounds eight and nine can lead to potential banana skins in wet conditions and a poor total of 154 vs Hutt Valley High could have been a lot worse if not for a defiant innings of 66 from Ross at the top of the innings. Singh with another key 4 wickets had a determined Hutt Valley fall 35 short.

A green seaming wicket against Wellington College provided a low scoring thriller in round ten as Stream's 121 all out was defended off the back of a brilliant 4 wickets by Murrow and the fielding group. The game was a must win and despite the scores provided over 80 overs of desperation of sides wanting to cement a spot in the one day final.

Scots College reduce Stream to 15-3 in round eleven before the Stream machine kicked into gear through Tuffin (80) and von Hartitzsch (51). A total of 248 was always going to be a big task for Scots as Singh, Aiken and Murrow starved the batsman of any pace leading to a collapse to all out for 93.

Round twelve saw the crunch match of the season. Onslow College had improved out of sight over the course of the season. With home advantage to Stream, 30s to Murrow and McLachlan saw the home team post 179 in their 50 overs. Fittingly in the must win contest the attack of Andrews, Aiken, Singh, Murrow and Brodie didn't falter as Onslow were dismissed for 144.

HIBS v Stream in round thirteen shaped as the most likely final but would also give crucial home advantage for the winner. The weather didn't rise to the occasion reducing the game to 36 overs. Stream were anchored again by Tuffin with a crucial 47. Andrews provided some late hitting to post a defendable 144. Stream appeared to provide a telling double blow removing Flemmer and Johnson and putting the screws on the HIBS chase. Some tail end heroics meant that the boys would have to wait for the final for another opportunity to beat their neighbours.

Round fourteen had a number of different permutations that could occur. Unfortunately the weather rained the round of with the only good news of the day: Stream through to the final.

The final pitted HIBS against Stream for the 6th time in a year with the wins at 3-2 to HIBS. HIBS chose to bat first and the teams traded early blows. The match shaped as another battle as neither side could assert dominance as it looked like Stream would chase around 210. HIBS put on 80 runs in the last 8 overs which proved to be a telling stanza of the match. 247 was still a gettable target but the Stream batsman fell to a climbing run rate and boundary dismissals. A deserved win to HIBS through a more disciplined performance.

The Premier Youth Cup will have to wait until 2015!

From the team a massive thank you to the support of our loyal parents who have watched every game and experienced the highs and lows. Also, to those that have worked tirelessly behind the scenes to give the platform for the boys to succeed.

There have been some key factors to the success of the Stream first XI this season. The captaincy of Brodie both on and off the field has been exceptional. Key players have made significant individual performances in key matches. Lastly, the players that may not have contributed with milestone performances have constantly provided small pieces of excellence that have made this team a consistent one.

To the leavers Brodie, Murrow, Andrews, Scott, Harrison Dean and Ross good luck with your future and thank you for your contribution to Stream cricket.

## 2nd XI

**Back Row:** Mr Ross McLachlan, Shaun Hanning, Navros Singh, Samuel Butler, Tyler Vailini, Keegan Radovich, Jae Neshausen

**Front Row:** Joseph Faure, Barnaby Costello, Christopher Linton, Harrison Boyle

The second XI had a mixed season, ultimately finishing round the middle of the table in a very competitive Premier 2 grade. The presence of St Pats Town 1st XI as well as a range of other first elevens made for a challenging competition. The team also suffered the loss of two consistent performers (Navroz Singh and Jae Neshausen) who were promoted to the 1st XI part way through the season.

While the bowling was tidy with good value from our pacemen Ants Smith, Tyler Vailini and our young spinners, the batting was fragile against some good attacks on some bowler friendly tracks. The fielding was mixed with a raft of dropped catches often letting teams off the hook and relieving pressure.

Special mention must be made of the contribution of Barnaby Costello who led the team with maturity and performed with the bat. In particular his 100 vs Wellington College was a dominating batting performance and set up Stream for what should have been a good win. Some poor fielding allowed Coll back into the match and they only needed one run from the final over with nine wickets down. Tyler Vailini produced the perfect inswinger to clean bowl the number 11 and the result was a remarkable tie.

Thanks to Ross McLachlan and Murray Aitken for their technical input and taking trainings and to Tanya Linton for scoring with such reliability through the season.

Some of the team will move up post xmas to the 1st XI and will have an appreciation of the effort and focus required to succeed.

Brendan Boyle  
Manager

## 3rd XI

**Back Row:** Jacob Marriner, Lewis Bush, Troi Alosio, Jacob Ross, Callum Harkin, Mr Murry Aitken

**Front Row:** Joshua Tainui, Benjamin Hounsell, Robert Griffith, Samuel Rammell, Caleb Healy

The season held many ups and downs for the 3rd XI. Our first few games were close and well fought. We began the season facing Wellington College 7th XI and won by 9 runs. Our batsmen played well with 40 from Lewis Bush and 29 from both Samuel Rammell and Callum Harkin. Our bowlers however saved us the match with Samuel Rammell obtaining 3 wickets for 32 runs of 7 overs, and also Troi Alosio with 1 wicket for 23 runs off 7 overs. The most valuable player went to Callum Harkin. The next match against Wellington High School was lost by 5 wickets but our top player went to Robert Griffith with 41 runs.

We won our next game against Paraparaumu College by 91 runs. Caleb Healy came close to his half-century scoring 47 runs, Lewis Bush followed behind with a score of 32. Top bowlers were Callum Harkin who gained his fiver with 5 wickets for 25 runs off 9 overs, followed by Robert Griffith, 2 wickets for 23 runs off 7 overs. Most valuable player went to Callum Harkin. We then went on to thrash Onslow College by 8 wickets with some top notch bowling from Jacob Ross, 1 wicket for 23 runs off 10 overs followed by Samuel Rammell with 3 wickets for 31 runs off 8 overs. Batting wise, a mention to Jacob Ross who scored 70 not out as well as obtaining most valuable player.

We then went on to beat Wellington High School by 3 wickets, Troi Alosio also gained his hat-trick. We then went on to play Naenae College before losing by 186 runs. The New half of the season began with a close game against Wellington High School. Silverstream had to get 2 runs to win before losing all wickets in a dramatic turn of events. High score went to Callum Harkin with 35 runs. Top bowler went to Andrew Roberts with 2 wickets for 20 runs off 8 overs. Most valuable player went to Callum Harkin. We then went on to beat Paraparaumu College by 6 wickets. Top score went to Josh Tainui getting 17 runs not out. Top bowler went to Josh Bowden with 3 wickets for 0 runs off 2 overs. We bowled Paraparaumu all out for 53 and chased down their score with 40 overs remaining. MVP was Lucas Dutton.

The third XI had to beat Naenae College in order to remain second on the table and advance through to the final. Naenae batted first scoring 209/7. Silverstream fell short by 57 runs: Top scores went to Connor O'Sullivan scoring 60 and Josh Tainui with 23 runs. Top bowler was Oscar Hanlin with 4 wickets for 41 runs off 10 overs. The most valuable player of the match went to Andrew Roberts. Over all the team managed 6 wins with no draws and 4 losses. The year's most valuable player was Jacob Ross, and the team saw Samuel Rammell and Robert Griffith as the captains.

## 4th XI

**Back Row:** James Beachen, Daniel Otte, Callum Burns, Connor Leahy, Liam Reeve, Simon Kelly

**Front Row:** Liam Veitch, Matthew Hine, Morgan Rowan, Ethan Loveridge, Alexander Mellow, Jayden Wright

For the 4XI cricket team the 2014 season promised much, the team had been together for well over a year. With new-comers Callum Burns, Jason Fawcett-Steere and James Beachen joining the team our goals were clear as to what we wanted to achieve. We kicked off the season against Naenae 1XI. This was a terrible way to start a season, after a sloppy day in the field Naenae set us the monstrous task of chasing down 302. Thinking that we were well and truly out of the contest Liam Reeve showed great discipline batting out the 50 overs for his first century, scoring 118 to keep us in the contest. Unfortunately, losing regular wickets meant we only managed 247. After re-grouping we discussed what went wrong and went about fixing our bowling and fielding problems. The following games we stepped up our bowling considerably with Daniel Otte and Connor Leahy leading in terms of wickets. With Callum Burns troubling every batsman he bowled to with his swing and sometimes unplayable deliveries made him a menacing bowler in the nets at trainings. Jason Fawcett-Steere also proved very handy with the ball but got limited overs due to competition from our openers. The end of Term 1 saw our best performances with the ball. After being bowled out for 130 against Paraparaumu we managed to bowl them out for 72 with Daniel Otte taking 5/16 off just 7 overs. However it would have been a lot less had it not been for some dodgy keeping. The following week we backed it up against the Silverstream 3rd XI with Ethan Loveridge finally getting some runs, making 62. Despite this we only managed a defendable 170. Then bowled them out cheaply, winning by 62 to cap off a good start.

Sectare Fidem  
Ethan Loveridge

## Int A

**Back Row:** Oscar Hanlin, Henry Fraser, Caleb Alosio, Josh Bowden, Jack Austin, Jonathan Tuffin

**Front Row:** Andrew Roberts, Tobias Meyrick, Connor O'Sullivan, Daniel Pereira, Josh Dalley

The 10a side for 2014 was a combination of 6 Y10 and 6 outstanding Year 9s.

The team started well with wins over St Pat's Town and Tawa before suffering a surprise defeat to St Bernard's and being well beaten by Scots. Stream then went on to win the next 3 games against Wellington College, Onslow and HIBS which was enough for the team to make the Term 1 final against the unbeaten Scots. In the final at Scots, Stream won the toss and elected to bat. An excellent opening stand of 96 between Jono Tuffin 46 and Connor O'Sullivan 78 laid the foundation for Stream to make 214/7 in 40 overs.

In reply Scots started extremely well before Caleb Alosio picked up the first wicket just before drinks with Scots 127/1 in 19.2 overs and then, after drinks with the last ball of the same over had the other opener stumped. Scots then collapse to be all out for 180. Caleb Alosio 5-21 and Henry Fraser 3-6 were the destroyers.

Congratulations to the team for a fantastic victory. The team didn't play in Term 4 as players were required for other grades.

## Int B

**Back Row:** Jordan Mills, Conor Frederickson, Mason Rene, Mitchell Taylor, Simon Goulden, Benjamin Hawinkles

**Front Row:** Jack Wilson, Oliver Barrass, Connor Peirce, Zachary Murrow, Rory Wilkinson-Dwight

At the start of the season I think we would have been at good odds to be in the Term 1 Div 3 final, let alone win it convincingly. The boys worked hard over the 8 weeks of the Term 1 season and grew the belief that we could win as the season progressed. Connor Peirce (with a century to his name), Mitchell Taylor, Jordan Mills and Jack Dutton were the backbone of a solid batting line up. Zach Murrow added variety to the bowling attack with his spin and was the leading wicket taker, while Mason Rene and Jack Wilson were the big improvements in the team. Jack Dutton was inspirational in the field and was backed up by the safe hands of Taylor & Mills. However it's difficult to mention individuals when this was a true team effort with everyone making a major contribution at some stage during the season. Four wins from six games saw us top qualifiers for the final.

Term 1 culminated in a complete performance in the final where, batting first, we amassed 241-5. This was on the back of a century opening partnership, with half-centuries to Mitchell Taylor and Connor Peirce. A five wicket haul by Jack Dutton, supported by pressure from the other bowlers, saw Wellington College bowled out for 134 inside 26 overs.

In Term 4 with promotion to Div 2, the team has continued on its winning way and, at the time of writing, with just one loss to Newlands were on target for a re-match with them in the Div 2 final. Felix Faure, Simon Goulden and Conor Frederickson have spearheaded the pace attack while an unbeaten 36 runs to Conor Frederickson and Zach Murrow's 5-11 against Kapiti are the standout performances so far.

Thanks to Louise and Tim Peirce for organising the team, Warrick Bowden and the 10A's for the skills training and to Rod Taylor for the pre-match warm ups. Connor Peirce and Zach Murrow have captained the team, both with great success. Thanks to boys who stepped up to umpire alongside Rod Taylor and Graeme Goulden. Thanks to the parents and caregivers for their support. Most of all thanks are due to the young men of the team for representing their school and performing to the best values and traditions of the College.

Connor Peirce, Zach Murrow, Ollie Barrass, Jack Dutton, Conor Frederickson, Simon Goulden, Ben Hawinkles, Jordan Mills, Mason Rene, Mitchell Taylor, Rory Wilkinson-Dwight, Jack Wilson, Felix Faure, Ben Wood, Tomas Roche, Cameron Roberts.

## Junior A

**Back Row:** Ryan Amer, Marc Neustroski, Luke Mannix, Reece Saunders, Wynn Hanning, Daniel Harkin

**Front Row:** Hamish Hastie, Jury Teniteni-Smeaton, Thomas Joe-McIndoe, Thomas Jones, Caelum Tainui, Xaver Bush

Term 1 – played 7, won 2, lost 5

Term 4 – played 4, won 3, lost 1

The 9A cricket side started the Term 1 season up against some tough opposition. After 4 losses on the trot the team started to hit its straps and won 2 of its last 3 games along with a close loss against HIBS. Thomas Jones was the best of the batsmen with 170 runs during the 7 games played including two scores over 50. Luke Mannix (8 wkts @ 13.5) and Thomas Joe-McIndoe (4 wkts) starred with the ball as the leading wicket takers during Term 1. Thomas also averaged 30 with the bat.

The side has started off the Term 4 season with some excellent performances. Currently the team is sitting 2nd equal in the standings after 4 games (three wins and one loss). An opening loss to St Pat's Town has been followed up by two large wins against Scots College and HIBS. The side also won a thriller against Wellington College 2 in the last over with Wellington College ending up 3 runs short of the 203 required for victory - Marc Neustroski's 3 wickets in an over was a turning point in the game. Jonathan Tuffin has impressed with the bat, scoring in excess of 50 twice, in the three turns at bat he has had. Henry Fraser, Toby Meyrick, Hamish Hastie, Caleb Alosio (five wicket haul against HIBS), Josh Dalley and Jack Austin (before his season ending injury) have been consistent performers with the ball. Toby has also impressed in the field and contributions, with bat and/or ball, from Daniel Harkin, Wynn Hanning, Caelum Tainui and Jury Teniteni-Smeaton have kept the team toward the top of the points table.

A large number of these players will play significant roles in the top college grades in the coming years.

## Junior B

**Back Row:** Joshua McQuade, Alex Stirton, Finn Clayton, William Sheppard

**Front Row:** Zach Reid, Keegan Phipps, Xavier Bush

In the 9B cricket team there were a number of newcomers and some who were returning to the sport. Not an easy sport to start off at, however all contributed in a positive manner, made the games possible and made progress in increasing their skill level. It is hoped that you continue playing and build on 2014.

Early 2014 saw 20/20 games where the team was either way too good for the opposition or the opposition “had the wood” on the 9Bs. More players joined the side for the resumption in October 2014 and 40 over matches were played. The games were of good quality and good watching for the spectators. The team is well placed to finish first or second in the league.

The strength of the team was the bowling as evidenced by Ryan Amer, Xavier Bush, Finn Clayton, Joshua McQuade, Logan Robb, Reece Saunders and Alex Stirton all bowling well and taking a number of wickets. Batting highlights were provided by Xavier Bush (2 half centuries), Joshua McQuade (1 half century), Keegan Phipps and Reece Saunders. Development in batting would see quite a formidable side.

# CYCLING

**Back Row:** Matthew Twort, Benjamin Clegg, Daniel Larkin, Warihi Snowden, Peter Aitkin, Ms Phoebe Walker  
**Front Row:** Fletcher Greaves, Josh Lawson, Luka Goeres, Toa Paranihi, Matthew Twort

# DRAGON BOATING

- Back Row:** Lewis Ngatai, Ryan Green, Toa Paranihi, Hamish Tustin, Christian Giannotti, Isaac Fa'alogu, Michael Conlon, Warihi Snowden
- Middle Row:** Nicholas Mannix, Jonty Bilderbeck, Tone Fauolo, Regan Gubb, Benjamin Ross, Delano Morkel, Jack Taylor, Luka Goeres
- Front Row:** Max Press, Jarrod Adams, Wairua Takarangi-Taniwha, Tarquinn Alatipi, Herewini Ammunson, Ivan Fepuleai, Daniel Fiso, Kasey Joe-McIndoe

New Season, new paddlers same attitude. When we hit the start line the difference between our team and their team.....

We are more prepared. So what does prepared mean?

Dragon boat season starts in November the previous year. The new paddlers get schooled on the finer details of the paddling technique. Everyone has expectations of each other and in this environment work ethic fuels success. Each paddler is given a program to work from whilst away in the holidays. The expectation is that when everyone returns in January we are fit and ready to go!

January arrives, Mr Agnew, Chris Fox, and Baz Taniwha have plotted a new set of goals. The expectation is we win all our races but only train in the dragon boat half as much as the other teams. Second half of the plotted goals, we will compete in Waka ama and win a regional title.

Two sports that are the same yet poles apart. Two titles, two sports, one team. We stare at each other. Challenge accepted.

Training starts and Mr Agnew hits us with the land based training. The famous "Dragon Hill". It lives up to its reputation. Times are assessed and tomorrow we hit the water. Techniques and lactic acid sets. 500m sprints in the water. We can't feel our arms as we paddle. The lactic acid builds up, we can't stop. Chris Fox pushing us, boys in the boat encouraging each other. Next training we are back on land. Combination of sprints and weights. 3 sets. Everyone is tired but we push and we encourage. Push and encourage. No short cuts. Push and encourage. Back on the water tomorrow. 500m sprints, lactic acid building again and now my hands are beginning to blister. Six weeks to go.

Now we are on the start line, six weeks blurred. The team is ready.

I am ready. How do I know I am ready? Over six weeks I have shaved five minutes off my time on "Dragon Hill". Over six weeks I can complete a full hour of paddling without stopping. Over six weeks my blisters on my hands have hardened and 500m seems like 10m. I am ready. We are ready.

The horn to start the final is like releasing a bull from its cage. Twenty Stream boys in unison. The boat leaps forward and we are two metres ahead of HIBS. Baz screaming "REACH" pushes us into the next zone. Three metres ahead. Baz screams again "FINISH". We reach the line and the adrenaline hits. Wellington Regional Champions for the 4th time.

Two titles one team challenged accepted, challenged achieved. 50 races unbeaten.

Big thanks to Chris Fox, Mr Agnew, Baz Taniwha and Mrs Potts for their help achieving our goals.

# WAKA AMA

# FOOTBALL

This season had the potential to provide one of the greatest in the history of the College. Experience was found in all positions across the park especially in the midfield and at center back. There were several young players that added enthusiasm to training and competition for positions and this drove our success this year.

Individual player development and the progression of our players into the Central League competition and higher honours of representing New Zealand has been successfully achieved this year with Sam Dewar, Benjamin Ratahi and Liam Wood representing their clubs at Central League level and Michael Faber making the New Zealand Under 17 team.

The players also set themselves lofty goals of being the only Silverstream team winning all six Traditional fixtures and capturing the Wellington premier title.

It was fantastic to see so many supportive parents at the games this year and the positive approach allowed the boys to express themselves and contributed to the successes this year. A big thank you to team Cogger, Wood, Bilderbeck and Gillespie

## **Highlights:**

Historically winning all six Traditional fixtures – the first Football team to manage this. Finishing runners-Up in the Division One and Rex Dawkin's National Tournament competition. Michael Faber being selected for the New Zealand Under 17 Squad.

Next year's team has 16 players returning that represented the College and with the development of the Junior Colts the 1st XI looks forward to a successful season

# Traditional Game

## **New Plymouth Boys High School** WIN 3 - 1

We played really structured football and controlled the pace of the game in the first half and were deserved leaders at half time 1 – 0, from a well taken Jonty Bilderbeck goal. Aidan Cogger scored in the second half and then we seemed to relax with our lead. The NPBHS team bounced back and dominated the last part of the second half and pressured our goal with a myriad of shots and deservedly scored. We finished off the last five minutes and the boys were pleased with the final result.

MVP – Liam Wood

## **Wellington College** WIN 4 - 3

This game was played on the turf at Maidstone Park as the College grounds were underwater after some light rain. During the first half the team passed the ball well and controlled the pace of the game and were deserved leaders at half time due to a Bosco Francis headed goal and a crafty Michael Faber contesting with the Coll keeper. As expected the Coll team bounced back in the second half and we conceded but bounced back to the 2 goal lead via a Jonty Bilderbeck goal. Connor Scott finished the scoring for our team with a 40 yard wonder strike and in injury time the Coll team grabbed a goal to make the score more respectable. Sam Dewar and Samuel Gillespie were outstanding and controlled the play with Benjamin Ratahi and Liam Wood superb at handling the pressure at the back.

MVP – Samuel Dewar

## **Saint Bede's College** WIN 2 - 1

Played under trying conditions the boys set out to pass the ball and control the game and after the first half were deserved leaders due to a Sam Dewar goal. The most pleasing part of the first half was blunting the St Bede's attack and allowing them only one off target shot during the first forty five minutes. In the second half we started strongly again and scored from a superb Samuel Gillespie header. The St Bede's bounced back and caught us out by playing the ball long and scored a well taken goal towards the end of the game. A nervous few minutes were required for the defensive team to soak up the St Bede's pressure before we gained the trophy.

MVP – Sam Dewar

## **Rongotai College** WIN 3 – 1

This game was transferred after the College grounds were again underwater. A really well played first half in which Samuel Gillespie netted a hat-trick in the 34th minute with three well taken goals. The Rongotai team bounced back and were unlucky to not be closer at half time. We started the second half poorly and conceded just after the kick off and this gave the Rongotai team a lift and placed us on the back foot for the next thirty minutes as the score was 3 – 2.

MVP – Sam Dewar

## **Palmerston North Boys High School (Home)** LOSS 2 - 1

After a difficult trip up on the bus we started strongly against a top 5 nationally ranked team and created enough chances to be further ahead than the Benjamin Ratahi goal. Several other opportunities were created and we defended well against a really structured and highly skilled team. The second half saw us defending as the Palmy boys created wave after wave of attack. The lead was extended when Michael Faber converted from the penalty spot. The Palmy team rallied and scored immediately to give some tense moments closing out the game.

MVP – Samuel Dewar

## **Saint Patrick's College, Wellington (Home)** WIN 6 – 0

Really solid team performance in particular from Dewar, Wood and Ratahi. The first half was affected by the force of a wind straight down the field and even though we scored 4 goals (two to Bilderbeck and one each to Dewar and Faber) in the first forty five minutes there was still some apprehension in the changing room at half time. The senior players took charge in the second half and we kept the ball away from the dangerous Town strikers and kept them scoreless and capped off the game with two further goals to Scaife and Bilderbeck (completing a traditional hat-trick). This was an outstanding way to finish the historical 2014 undefeated Traditional Season

MVP – Sam Dewar

# National Tournament

We had set ourselves the goal of winning this tournament and to erase the disappointing finish to the season in Wellington. The game against Rathkeale was a wakeup call and resolved the team into winning their way into the final. Some solace needs to be taken from the young nature of the team and the desire to play football instead of kicking it away with 15 of the tournament squad returning to the College in 2015 to make up the back bone of the 1st XI

## Match Analysis

<i>v.</i>	<i>Result</i>	<i>Score</i>	<i>Goal Scorers</i>	<i>MVP</i>
<b>Inglewod HS</b>	WIN	3-0	Gillespie, Ratahi, Rammell	Dewar
<b>Taupo-Nui-a-Tia</b>	WIN	7-0	Von Hartitzsch, Blake B 3, Dewar, Gillespie, Faber	Ratahi
<b>Rathkeale Coll</b>	DRAW	2-2	Scaife, Dewar	Ratahi
<b>Christchurch BHS</b>	WIN	2-0	Gillespie, Wood	Dewar
<b>Rosehill Coll</b>	WIN	3-0	Ratahi, Rammell, Bilderbeck	Wood
<b>Wairarapa Coll</b>	WIN	1-1 8-7 (Pens)	Scaife Faber, Gillespie, Dewar, Von Hartitzsch, Bilderbeck, Blake B, Wood L, Cogger	Scaife
<b>Onehunga Coll</b>	WIN	3-1	Dewar 2, Scaife	Dewar
<b>Long Bay Coll</b>	LOSS	1-2 (ET)	Faber (P)	Dewar

# GOLF

**Back Row:** Mr Peter Woods, Jack Thompson, Mitchell Scott, Max Quinn-Tapara, Brandon Postlethwaite  
**Front Row:** Benjamin Ruby, Flynn Murphy, Jack Clout, Jack Matheson, Josh Budge

The college entered three teams which played in the Phillips Cup in Term One. Max Quinn-Tapara, Jack Clout, Jackson Ryan and Flynn Murphy were a competitive team and beat a well performed team from Heretaunga College that included exchange students from Germany. In the finals held at Shandon Golf Club, the golfers played very well in coming 2nd behind Aotea College. St Patrick's entered a team in the College Sport Wellington Golf Championship in April at Royal Wellington. The standard of golf was outstanding with the outstanding leading players who shot 7 under and 5 under par respectively. The bar has been

raised to a high level which our players must work to match. During the year, Jack Clout, a member at Boulcott's Farm Golf Club, won the Wellington/Hutt Valley section of the Junior Tiger. Jack was the junior golfer of the year while Max Quinn-Tapara was the senior golfer of the year. From Term Two a group of boys took advantage of the opportunity to learn from professional coach, Doug at Royal Wellington. Good coaching leads to good performance. The annual match as part of the Old Boys Cup with St Pat's Town was postponed due to inclement weather. Jack Clout, Josh Budge Flynn

Murphy and Josh Dalley entered the CSW Junior Championships in November. This is a tournament for Year 9 and 10 students. The conditions at Trentham could hardly have been worse as the boys played in gale force winds. Congratulations to Josh Dalley for coming first in the non-handicapped section. In December we hosted St Pat's Town at Royal Wellington. The team led by Jack Clout and included Jared Sutherland and Josh Dalley outlasted our brother school in the match play competition, and so regained the Woods-McGrath Cup. This was a great way to finish the year.

# HOCKEY

For the third consecutive year popularity of playing hockey within the college continued its momentum with Stream fielding 3 teams in the local college competition.

With a large number of players from the 1st and 2nd XI being nominated to trial for Wellington U18 & U15 Representative teams, this enforces the calibre of players Stream are fostering and providing for selection.

## 1st XI

**Back Row:** Mr Mark Petersen, Mitchell Scott, Benjamin Clegg, James Jolly, Brendan Moen, Mishka West, Connor Leahy, Brendan Jury-Williams, Mr Phil Moen

**Front Row:** Amon van der Burg, Alexander Mellow, Thomas Pavitt, Kevin O'Kane, Nicholas Mellow, Jeremiah Go, Joseph Kelly

The 2014 season was a year of replacing, rebuilding and regrouping. With the loss of several senior students from last year's 1st XI the team was faced with all players needing to rise to the occasion and the necessity to play as a team. This included the naming of the 3 Starred Players from the 2nd XI (Joshua Clegg, Evan McKenzie and Connor O'Sullivan). The introduction of the Starred Players gave them the opportunity to improve their skills in playing a higher grade while contributing to the continued success of the team. During the first round of the local College competition, the team proved that although we didn't have

the experience as our competitors, we did achieve several crucial wins to secure our placing and to retain our position in the top grade. Heading into the second round we were faced with further hurdles due to long term injuries sustained to team Captain, Brendan Moen, and player Vincent Blane, both resulting in the players being out for the remainder of the season. Despite this Stream was never nervous of being in the position of having to play relegation at the conclusion of the final round. The season was completed with Stream's final placing of 6th and securing the team's placing in the top division for 2015.

The 1st XI also qualified to attend NZSS National Mayhill Cup Tournament. Knowing that the majority of our competitors had numerous national and regional representative players in their respective teams, we needed to support and play as a squad. With having not lost any games during pool play, Stream obtained our position in the Top 8. The quarter final was another hard fought game against tournament favourites Kristin College however at the blow of the final whistle Stream came away with a 3-2 win. In the semi-final Stream faced Hamilton Boys. Throughout the game all opposition possession

was contested resulting in Stream having more opportunities to put the ball in the back of Hamilton Boys' goal. Final result was a 2-1 win to Stream.

The scene was already set for the final with Stream already meeting Waiopahu during pool play resulting in a 3-3 draw. From the first blow of the whistle the intensity of the game was high and of a fast pace. Half way through the first half Kevin O'Kane was obstructed inside our attacking circle resulting in Waiopahu conceding a penalty corner. With a precise pass out from Nickolas Mellow, Mitchell Scott saw the opportunity of putting the ball into the back net. The pace increased dramatically during the

second half, with a solid effort from the entire Stream squad. Waiopahu had a final attacking opportunity being awarded a penalty corner. With tension at an all-time high, Mathew Wilkins defended like there was no tomorrow, clearing the ball from our goal and final whistle being blown with a 1-0 win. Stream was unbeaten throughout the entire tournament and also achieved the highest scoring game of the tournament 9-0 against Otumoetai College. Stream had 4 players that were named in the top ten scorers of the tournament: Kevin O'Kane 7 goals, Mitchell Scott 7 goals, Connor Leahy 4 goals and Ben Clegg 3 goals. Stream 1st XI has also secured

its placing to attend the highest ranked secondary school hockey competition (Rankin Cup) in 2015. Thanks must go out to the senior players that are leaving the College this year for their contribution, (Ben Clegg, Mitchell Scott, Kevin O'Kane, Brendan Moen, Alexander Mellow and Carter Andrews) with them they are taking a huge amount of experience and dedication. In addition to the success the players have contributed special thanks goes to the Team Coach Mark Petersen. Over the past four years Mark has coached the team to promotion to P1 as well as achieved 2 Secondary School National tournament wins.

## 2nd XI

**Back Row:** Mr Phil Moen, Charlie Heath, Joshua Lawson, Cameron Roberts, Joshua Clegg, Brendan Moen

**Front Row:** Liam Gullery, Damien Gee, Connor O'Sullivan, Evan McKenzie, Robert Veldman, Liam Thompson

Due to winning promotion last year, Stream commenced the season in the P3 3rd tier local competition. Throughout the first round the squad struggled to find their feet but avoided having to play relegation. Going into the second round with several games under their belt, the team found their stride and became a team that was hard to beat. Although relatively new to playing defensive positions both

Jae Neshausen and Robert Velderman proved too strong for most opposing teams as they provided solid play game after game. In addition to this Stream was also fortunate to have 2 goalies named into the squad with Ethan Stevenson and Connor O'Sullivan providing outstanding last line defensive play throughout the season. On the attacking front line Damien Gee, Cameron

Roberts, Evan McKenzie and Joshua Clegg ensured every opportunity obtained in the opponent's half was capitalised upon and provided continuous pressure.

The entire team should be proud of their accomplishments and experience obtained throughout the 2014 season and look forward to a large number of players being named in the 2015 1st XI squad.

## 3rd XI

**Back Row:** Patrick McCann, Jonothan Petersen, Daniel Larkin, Daniel Otte  
**Centre Row:** Mr Howard Lacey, Kevin O'Kane, Luka Goeres, Padriag Taaffe, Connor McNicol, Dylan Bentley  
**Front Row:** Brendan English, Harrison Dean, Joshua Lawson, Ryan Green, Max Perkinson, Joshua McQuade

The Third XI Hockey team had an enjoyable and successful season and comprised a diverse group which numbered both Year 9 and 13 students, many of whom were new to the game. The play was characterised by a rugged enthusiasm and occupation of the opponent's half which in turn translated into inevitable goal-scoring opportunities. The team was promoted after 5 games, which was a first for any Silverstream 3rd XI team. The team related and played well throughout the season with ample player reserves being available for most games. Most of the matches were played at nearby Maidstone Park which was convenient for transport and getting students home. The final was played against Naenae College to whom the team had lost a couple

of games previously. In the event, Silverstream prevailed with a 4-3 win after a valiant fight-back by Naenae who had been 4-0 down during the first half.

Daniel Larkin proved to be an enthusiastic player but not always steady on his feet as he regularly lost contact with the artificial turf and provided photo-shoot opportunities. Jonathan Petersen played steadily in goal throughout the season whilst Luka Goeres and Jacob Jarvie were efficient in converting opportunities into goals. Kevin O'Kane acted as referee for every game and his support and good humour was appreciated. All in all the team had a season which proved as enjoyable in terms of sport as in results

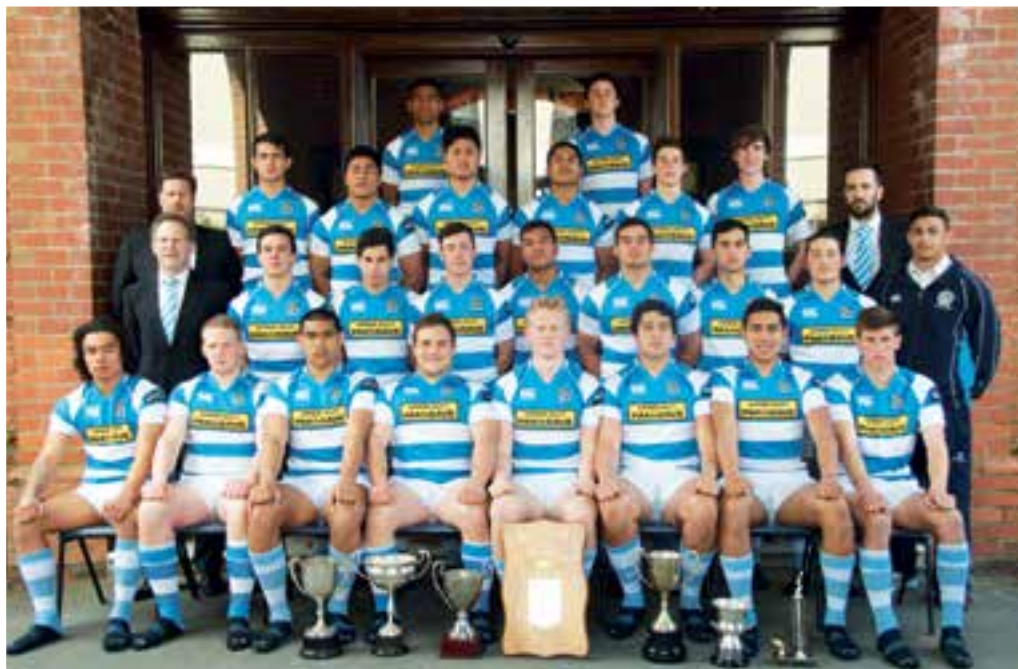

# RUGBY

## 1st XV

- Forth Row:** Salesi Rayasi, Regan Gubb  
**Third Row:** Mr Roger Walker, Jarrod Harawira, Asafo Aumua, Nese Solia, Sione Uvea, Kaide McCashin, Mr Dave Cournane  
**Second Row:** Mr Rob Ackerman, Nicholas Mannix, Keaton Te Amo, Nathan Moen, Losi Filipo, Connah Pamatatau, Kasey Joe-McIndoe, Lewis Ngatai  
**Front Row:** Jarrod Adams, Delano Morkel, Lui Okeamoa-Luamanu, Joel Hintz, Jack McCormack, Joseph Apikotoa, Vern Sosefo, Daniel Schrijvers

## 1st XV Traditional Fixtures

St Patrick's College vs NPBHS	(home)	won 46-13
St Patrick's College vs Wellington College	(home)	won 24-12
St Patrick's College vs Rongotai	(home)	won 42-0
St Patrick's College vs St Bede's	(home)	won 31-19
St Patrick's College vs PNBHS	(away)	lost 14-22
St Patrick's College vs St Pat's Town	(away)	won 20-18

The 2014 First XV season promised a lot, and delivered in so many ways, but ultimately will be remembered by the players and management as the 'big fish that got away'. At the start of the year the team, recognising their own potential, set the challenging but very realistic goals of winning the Grand Slam (all 6 traditionals) and making the Top 4 in the country. Ultimately neither of these goals were achieved, but as is the case with aiming for the stars with goals, even if you fall short at least you end up in the clouds.

Pre-season victories over Tu Toa, Feilding, Upper Hutt Colts, Gisborne, Hastings and Napier, along with a narrow loss to perennial national powerhouse, St Kent's, had the team fizzing and full of confidence that they could indeed achieve greatness.

As is always the case, the Premier 1 competition in Wellington coincides with the majority of our traditional fixtures. This makes for an incredibly busy and challenging May/June/July for the team. On both fronts, things started out very positively with an unbeaten round robin in the Premier 1 competition, a number of games of which doubled as traditional victories (Rongotai, Wellington College, St Pat's Town) and impressive victories over traditional rivals St Bede's and New Plymouth Boys' High School (the latter being a record setting score line).

However, the first signs of weakness came with a faltering display in the traditional loss to Palmerston North Boys, and the second came in a devastating last minute loss in the Premier 1 final to our new rugby nemesis, Scots College. This was a bitter pill to swallow as it ended our season in a second and crushed our opportunity to go on and challenge for a national title.

In the aftermath of these losses the players and management alike reflected on the fact that the greatest men and greatest athletes had all suffered much failure in their life, and what had made them great was their willingness to learn from their shortcomings and failures and build themselves into better men and athletes through this process. I have no doubt that that is exactly what this group of talented young men are now doing. A number have already taken this opportunity to grow as a result, moving on to representative honours at a regional and/or national level and performing with distinction. Others have been snapped up by various regional academy programmes to further their careers in years to come.

This is without doubt a team from which, in the years to come, we will hear many names being mentioned on Sky Sport in a range of different codes. It was again, and always will be an honour to have played a part in the development of some of the great young men and athletes that this College produces year upon year. I wish the 2014 crop the best of luck in their sporting and life endeavours, and to steal a quote from their leader this year, I hope they all 'rededicate themselves to their craft'.

THE TEAM COMES FIRST.....  
Our Marist Faith is core to  
our goals.  
Today we represent with pride all  
Streamers, past and present

## 2nd XV

**Back Row:** Regan Gubb, Benjamin Butler, Mitchell Bialy, Matthew Twort, Keegan Radovich, Benjamin Lewis, Tynan Barrett, Isaac Fa'alogo, Christian Afoa, Wairua Takarangi-Taniwha, Nikau Sollitt-Mackey

**Middle Row:** Mr Wayne Ross, Tovio Nasalio, Daniel Fiso, Derrell Crichton, Ryan Quinn, James Mainwaring, Thomas Mallender, Lince Kelemete, Zachary Brodie, Joshua Brown

**Front Row:** Mr Phil Rayasi, Albert Latailakepa, Enjalas Jenkinson, Jordan King, Cameron Roseingrave, Benjamin Ross, Kasey Joe-McIndoe, Herewini Ammunson, Mr Charlie Lloyd

The season kicked off against Wairarapa College 1st XV. In true Silverstream fashion the mighty 2nd XV rose to the challenge and gave a performance that humbled the boys from over the hill. Although we eventually lost 22-12, it formed a spark, a realisation that Silverstream could compete against the eight 1st XV teams in this grade. The spark began to ignite and Kapiti, Aotea, and Upper Hutt 1st XV's were all defeated as the team found its footing. Then came the rematch with Wellington College the only other 2nd XV in the comp. With a thirst to avenge our only pre-season loss, Stream took to Col, each team refusing to give in. We triumphed 10-5. The next game against Paraparaumu 1st XV will not be remembered for any reason other than a display of controlling the controllables of which the referee was not one. While not pretty or clinical another 1st XV lay defeated.

With Stream's sights set for a home semi, Porirua and Tawa 1st XV's would be tough games. A heavily depleted squad, due to our own injuries and reinforcing the 1st XV due to their own run of injury woes meant calling on some stars of the U80 grade, Kenneth Tuffin and Ryan Fraser, both of whom played outstandingly and will no doubt be pivotal players for Silverstream rugby next year. Tawa showed Stream just how powerful the elements can be if you use them correctly, we lost 29-7. Stream took out their frustration on the Porirua 1st XV, with the performance of the season, when we could do no wrong and enjoyed a 31-10 victory. The semi-final: a full strength squad and perfect conditions. A relentless first half stunned a Tawa team in front of their home crowd. They could not believe the score 10-8. Stream truly gave it their all in a passionate show of defiance against a far bigger side. However, an unlucky sin binning and the size of the Tawa pack meant eventually, the war of attrition created some lucky holes in our defence ending our season with a 23-8 loss.

The Squad finished as the highest ranked 2nd XV in Wellington. Every player involved was responsible for the success of this team. It was superbly lead by Captain and veteran 2nd XV player Cameron Roseingrave, who embodied Silverstream Spirit through his rugby winning the Bevan Packer Cup. The 9/10 combo of Jordan King and Tynan Barrett organised our backs into a force to be reckoned with and it earned them Best back and Most Valuable Players respectively. His tackle and turn over count, as well as his work rate saw Kasey Joe-McIndoe being awarded Best Forward and formed a formidable 6,7,8 combo with Thomas Mallender and James Mainwaring. Some notable players and performances were Mitchell Bialy's game winning try during the St Pats Town grading game and his monster semi-final penalty kick. Matthew Twort's defence in the centre throughout the season. Enjalas Jenkinson evasive running against Porirua. The locking pair of Ben Ross and Regan Gubb who dominating line outs and general play with fierce work rates and aggressive running games. A number of players also had the honour of playing for the 1st XV, showing the depth and ability of this team, Cameron Roseingrave, Ben Lewis, Tynan Barrett, Albert Latilakepa, Regan Gubb, Kasey Joe-McIndoe, Matthew Twort, Thomas Mallender, and Herewini Ammunson. Finally a player who showed loyalty and commitment, coming to every training and game even though he spent most of the season injured was Isaac Fa'alogo.

## 3rd XV

- Back Row:** Dylan Odell, Robert Griffith, Tahana Okeroa, James Walker, Tianeve Apineru, Tuveni Strong, Angus Love,
- Middle Row:** Mr Mark Lightenburg, Michael Conlon, Liam Sullivan, Joshua Baron, Thomas McMahon, Neihana Bush, Christian Fiso, Warihi Snowden, Malachai Wylie, Mr Peter Jones
- Front Row:** Brook Henderson, Ryan Green, Simon Kelly, Matthew Jenkins, Cameron de Vos, Jacob Fruean, Lewis Bush

The 3rd XV of 2014 played to its strength being a forward pack that dominated its opposition. We had the minimal number of backs and some forwards had to play in the backs to ensure we had a balanced team.

Attendance at trainings was always good, and the coach Mark Lightenberg loved training at the back paddocks, while the manager spent most of his time removing rocks from the ground.

The team was dominated by a number of boarders which made it interesting when it came to away games. The positive assistance from the parents with transport and comments on the side line was most appreciated.

Good spirit was evident during the season. Most of the players should aim for higher grades in 2015, with the goal to make the 2nd XV and some others knocking on the 1st XV door.

It was a successful and enjoyable and while we did not make the grade final, the players and management were a credit to the college and the team enjoyed the jet planes.

Coach: Mark Lightenberg  
 Manager: Peter Jones  
 Captain: Matthew Jenkins

Top points scorer: Michael Conlon with 42  
 Top try scorer: Tianeve Apineru with 7  
 Best performance: 12 all draw against Rongotai College which got us into our grade semi-final.  
 Best Forward: Matthew Jenkins  
 Best Back: Warihi Snowden  
 Best Team Man: Cameron de Vos

Played 11 games, won 7, lost 3, drew 1  
 Points for: 304, Points against 180  
 Tries scored: 52, Conversions 16, Penalties 4

## 4th XV

**Back Row:** George Daly, Ryan Quinn, Regan Wright, Daniel Larkin, Mana-Raina Collins-Lucic, TeAve Wichman

**Middle Row:** Mr Chris Fouhy, Sky Piakura-Maoate, Alex London, Thomas Williams, Sinapati Nanai, Mrs Libby Kirton,

**Front Row:** Jeremy Tonise, Marko Collins-Lucic, Te Pine Foua, George Bailey, Nick Mallender, Trent Hill

The rugby season got off to a slow start with the 4th XV coming together for the second round of the Premier 5 grade. The team met during the first week of Term 2 and decided that the team would play to enjoy the rugby and aim to win a game, which would have been the first win in a couple of years. The team started the season with great vigour and expectations were high. Hope was built on the fact that some of the boys were experienced 4th XV campaigners from last season and had played rugby for a number of years. Some boys new to the game of rugby decided they would like to be part of the team and were quick to learn their trade. The backline was well led at first five eighth by Alex London who was capable of gaining a lot of territory with his accurate kicking from within our half. Sky Piakura was a reliable and steady influence at 12 or 13 in combination with a number of other boys including Russel Falani and Te Ava Wichman. The outside back positions were filled by a variety of boys who worked hard together to secure ball out wide. These boys were often a combination of Liam Mulder, Tom Williams, Daniel Larkin and Kiniwe Royal. The engine room was led by experienced individuals such as Mana-Raina Collins-Lucic, George Daly and Nanumea Foua. These boys fronted a number of front rows bigger than them with courage and tenacity. Sinapati Nani and Marko Collins-Lucic provided strength and good lineout options as the tight forwards. The forwards had to be adaptable to new set ups with players being injured or unavailable. 'Points on the board' was the aim of each game! A very close final game against HIBS was a positive end to the season, which at times had been challenging for everyone involved and required both an openness and selflessness on part of the players and staff. After the final whistle was blown on the 2014 season these words of Martin Luther King seemed appropriate to fill the aching void, "We must accept finite disappointment, but never lose infinite hope".

## Colts

**Back Row:** Milo Nasalio, Ambros Keil, Demitri Perez, Fritz Rayasi, Iona Apineru, Miguel Veilofia, Jacob Clough, Joshua McGregor

**Middle Row:** Chase Pamatatau, Josiah Mulivai-Samoa, Maika Fifita, Tobias Meyrick, Troy Cameron, Luke Manniz, Ricky Sissons

**Front Row:** Mr Todd Southall, Caleb Alosio, Te Tana Wright, Xavier Seal, Joshua Southall, Cullen Goldsmith, Sean Hewett, Mr Nick Tait

In 2014 it was decided that the Under 14 grade would no longer exist. As a college we decided it was important to keep the nucleus of our best Year 9 rugby players together and have a crack at the Under 15 Division 2 grade. It was also decided to bolster the squad with players who had missed out on selection for the Under 15 team. This allowed experience and depth within the squad that would be important when taking on larger and older teams.

The grading games went well with two good wins against Newlands College (50-5) and St Bernard's College (31-0). Although both grading games were won comfortably the sensible decision was to be placed in Division 2.

An early wake up was a significant loss against Scots College and then playing Porirua College away. There were a few nervous looks from the players as well as from the sideline. The game was very physical with Stream losing two players with concussion but we stuck in the game and narrowly went down 17-22.

This was followed with a good wins against St Pat's Town (31-3), Mana College (44-19), Hutt Valley High School (23-17), and Tawa College (43-19).

This placed the team in 3rd and to play St Pat's Town in the quarterfinal. Stream played some great rugby running out comfortable winners 41-8. This meant a rematch against the significantly sized Porirua College team. A game plan was put in place to move their big boys around the field with some intelligent kicking behind the defensive line and moving the rucks from side to side. We were put under a lot of defensive pressure but held on to win 13-5. A fantastic result.

With a week off before the finals we arranged a 'friendly' game against Wellington College U15. This allowed us to continue with our momentum as well as trial a few combinations we wanted to use in the final against Scots College.

We trained well throughout the week and approach the final with confidence that we could turn around our earlier loss against Scots. We were placed under a lot of early pressure but our defence held strong frustrating the opposition. A penalty was their only return for a significant advantage of field position. We worked our way down the field and scored a great try in the corner and then grabbed another just before half time. This gave us the lead of 10-3 at the break. Scots scored quickly after the restart levelling the game at 10-10. From here Stream picked up the pace of the game and put significant phases together. We scored two more tries taking the game to 20-10 and kept our discipline on defence to hold this score to the final whistle.

This win showed the great development of the team throughout the season. The boys were eager to learn and showed a lot of resolve to win the semi-final and final against two very good Under 15 sides. A big thank you to all of them for their efforts. The boys and the coaches were well-supported from the sideline. Thank you to Alex Wood for assistance with the coaching and to Todd Southall for his management skills and his weekly communication as well as his deputies when he was unavailable. Thank you also to Mr Bowden for his organisation with rugby in the college and Mr Woodward and all his team for the great work they do on the college fields.

Mr Tait

## U15

- Back Row:** Mr Ross McLachlan, Mr Frank Harkin, Fredrick Sunia, Chris Aumua, Albert Polu, Tajun Crosland, Todd Svenson, Callum Harkin
- Middle Row:** Richard Douglass, Harrison Boyle, Mitchell Bull-Elvines, Kienan De La Rambelje, Teddi Hern, Callum McLachlan, Lucan Dutton, Mr Darragh Burke
- Front Row:** Aisea Mafile'o, Toalima Anae Laupola, Nicholas Apikotoa, Jack Wright, Tori Alosio, Kahil Adams, Stanley Paese

The 2014 Under 15's season was one which was very successful from start to finish, playing 24 games and only coming up short in one game versus Hastings' Boys in the annual Traditional game. This defeat, in hindsight, was very important for team growth as all players learnt a lot about themselves and where we needed to go as a group.

Focusing our spotlight on such processes ensured we were in control of our jobs but also gave the team a good understanding on how they were going to beat teams by breaking the game down into manageable compartments. The group's broad, flexible attacking framework ensured we were able to penetrate different pressure points in the opposition's defence and keep on the front foot for the full 70 minutes. Central to this was the ability of our 'spark-plugs' to make an impact coming off the bench at half time. There had to be a huge onus on all squad members to have clarity in their roles to ensure we didn't release the pressure valve when new personnel started the 2nd half. This was one of many competitive advantages we had throughout the season.

Throughout the season, our focus was always to start the game well, build momentum and see how teams react under pressure. This proved critical in the Wellington and Hurricanes final where we won the 1st half in both games. However, the 2nd half in both games saw us starved of possession and territory which was the ultimate test of the teams composure and their defensive work-rate and structure under pressure. A lot of work was done on our defence from day 1 with the message 'defence wins championships' reinforced every week. This proved to be the right message as the boys showed incredible character to work 'for' each other under relentless pressure to hold Wellington College and Westlake Boys' out in the dying minutes.

Ultimately, the boys trusted what the coaching and management team delivered all year and we trusted them to put our messages into action on game day. Most importantly, the team's shared belief ensured we came out on top in both finals.

Celebrating at the end of the Hurricane's Final was the ultimate reward for all concerned.

## U55A

- Back Row:** Mr Des Walsh, Mr David Bowles, Max Pahina, Gavin Migiro, Bryn Barrett, Delwayne Stokes, Christopher Magee, Jonathan Tuffin, Michael Poa, Mr Nigel Bingham
- Middle Row:** Regan Matheson, Xavier Bush, Daniel Harkin, Travis Langford, Liam Hunter, Sean Hurdle, Caleb Jones
- Front Row:** Nathan Cameron, Scott Svenson, Mitchell Taylor, Jayden Walsh, TeRaka Wiremu, Andrew Roberts

Runners up for the David Scott Cup, Under 55 Division 1.  
 Played 14 Won 11 Lost 3  
 Points: For 731 Against 95.

The team set a goal at the start of the year to win the grade, but unfortunately fell short at the last hurdle in a thrilling game in the final, Wellington College winning 5-0, scoring in the very last play of the game. This game was tight throughout the whole match, both teams played extremely well and played as hard as they could, but unfortunately Wellington College broke the blue and white wall of defence in the final minute and were victorious.

This team had done the hard yards on and off the field preparing for the season. The three grading games were all won by an average of 80 points with only five against, including a win against Wellington College, 33 – 5. We continued to cruise through the pool by training hard and preparing well, only losing to Wellington College, but beating the rest of the teams convincingly.

The strengths of the team were a hardworking forward pack backed up by speed and skill in the backs. The fact we scored 113 tries in 14 games, with Michael Poa, at first five/fullback, getting 24, Mitchell Fawcett, on the wing, 18 and Jono Tuffin, in the midfield, 15, was real proof of this.

In the semifinals we played St Pat's Town on Stream # 2. It was a hard fought game, but we stuck to our game plan and won 49-0, which set us up well for the big final. Then came Finals day, a huge occasion for us but unfortunately it wasn't to be our day and we lost 5-0. I couldn't have asked any better from the boys and we played a fair well fought game and had a great season overall. Every single one of these boys played their hearts out the whole season and show great potential for the up and coming future.

Congratulations to the following players who won the following at the annual Sports Prizegiving:

Best forward:	Delwayne Stokes
Best back:	Michael Poa
Best team man:	Sean Hurdle

Thank you to all the loyal parents who came to support us every Saturday. Most of all a big thank you to parents Nigel Bingham and Des Walsh for giving up their valuable time to coach us and also to David Bowes for managing the team.

Mitchell Taylor (captain)

## U55B

- Back Row:** Nichlas Stevens, Freeman Rae, Jack O'Brien, Jury Teniteni-Seaton, George Bridgeman-Sutton, Jack Wilson
- Middle Row:** Daniel Schrijvers, Ryan Amer, Reece Saunders, Jack Austin, Daniel Martin, Connor Mexted, Wynn Hanning, Dominic Row
- Front Row:** Miss C McLelland, Michael Paine, Bede Kane, Benjamin Mexted, Charlie Penman, Oliver Barrass, Caelum Tainui, Mr Gerard Tully

So we started off our season with a squad of twenty odd players, some who had never played rugby before. First up HIB's at HIB's... we had trouble with our lineouts, scrum and set play. End result, we lost that game 42-0, not the best way to start off a season.

Over the next couple of weeks and a few trainings under our belts we still did not manage to put together a win until, game five against St Bernard's.

This was to be the turning point in our season. With belief, commitment and passion our awesome team then went on a crusade and weeks later we were rewarded with a semi final game at home.

This was a closely fought game, our team now complete with courage held on until the whistle blew setting up a chance to play in the final, which at the beginning of the season seemed only a dream!

We played our best rugby in the semi final and came up one game short as we lost the final to a very good Kapiti team. Not what we wanted but that was okay, as we had such a great season. I loved everything about it even the trainings.

Congratulations to the following boys for winning the team awards

Best Forward: Nic Stevens

Best Back: Ben Mexted (Captain)

Best Team Player: Jack Austin

Thank you Mr Tully, Ms McLelland, Dom Roe, Daniel Schrijvers and parents for the season...without all your efforts we wouldn't be able to play every week!

Also a huge shout out to all my team mates this season, it was a real joy to play alongside you. You all showed how when we were all but out, you dug deep; had the courage to play through not matter what the score board said and fight till the end.....True Streamers!!!

Ben Mexted

## U80 White

**Back Row:** Ruamano Pickering, Oliver Hurley, Carter Andrews, Simon Kelly, TeAva Wichman, Vince Long

**Centre Row:** Andrew Jordan, Bailey Theodore, Jacob Reid, Maxim Clifton, Anthony Smith, Samuel Butler, William Horua

**Front Row:** Logan Mackinder, Thomas Hunter, Jack Taylor, Jayden Wright, Harrison Ritchie, Manase Taulanga

“You were born to win, but to be a winner, you must plan to win, prepare to win, and expect to win”

## U80 Blue

- Back Row:** Barnaby Costello, Mitchell Mexted, Benjamin Murrow, Regan Wright, Kenneth Tuffin, Mr Simon Stack, Mr Victor Herbert
- Centre Row:** Ryan Fraser, Te Tahinga Whaanga-Davies, Te Kore Nohotima-Taute, Christopher Quin, Nathan Lenihan, Fletcher Greaves, Toa Paranihi, Luka Goeres
- Front Row:** Daniel Stack, Carter Andrews, Jackson Ryan, Bailey Cowen, Zachary Brodie, Jack Svenson, Tyler Vailini, Trent Hill

The season began promisingly by Silverstream being able to field two teams in the Under 80's competition. The Blue team were well drilled through many rigorous trainings from coaches Mr Herbert and Mr Stack. From very early on we knew had a special team with great depth and set the Arthur Reeve Cup as the goal for our season.

Pre-season began with solid wins over Wellington College and St. Pat's Town, with the boys still trying to find their feet with the expansive game plan set by the coaches. As the competition began, the team clicked with an excellent display of running rugby with a 52-10 win over St Pat's Town.

The following week came the real test for the team with an away game against Hutt Valley High who had also established themselves as competition rivals. In a mediocre display of rugby where the Under 80 Blue team failed to take their plentiful chances, they went down 22-20. Although this result would be later overturned to a WBD to Silverstream as Hutt Valley High had fielded ineligible, overweight players.

Stream bounced back with a resounding 81-0 victory over Kapiti and followed that up with a 30-3 win over Wellington College and a 49-7 victory over the Silverstream Under 80 White team to book a place in the semi-finals. Sudden death playoffs came around after a messy, disrupted season and Stream Blue fronted with a well fought 34-20 victory over Wellington College.

Finals day loomed and Silverstream were expectedly paired to face off against Hutt Valley High for the Arthur Reeve Cup. For the Stream team, we knew of Hutt High's tactics to try and intimidate the opposition, yet revenge was on our minds after an agonising loss earlier in the season. The game started with a show of nerves from both teams in muddy conditions, yet Stream were able to implement their expansive, dominant rugby and scored two physical tries to lead 12 – 6 at halftime.

The message was simple to keep spreading the ball wide, and we did just so scoring three tries in quick succession to go to a commanding 29-6 lead. A yellow card to the Hutt Valley High fullback followed and Stream went on to trample the opposition and win convincingly, 49-6. Stream's mobile forwardpack, widespread backline and tough defense were too good on the day which saw them crowned Under 80 Arthur Reeve Cup champions.

Throughout the season the team looked to a core group of players for leadership, in Kenneth Tuffin, Ryan Fraser, Te Kore Taute, Jackson Ryan, Ben Murrow and Bailey Cowan. I would like to say a huge thank you to the coaches, Mr Herbert and Mr Stack for contributing their time to develop this time and we are extremely proud to be able to repay your efforts with a trophy.

## U65A

- Back Row:** Waylon Tuhoro-Robinson, Jacob Marriner, Tai Archer, Hayden Roseingrave, Jonathan Ryan, Connor McGeough, Lucas Dutton, Cullen Dexter, Vern Sosefo
- Middle Row:** Dylan fage, Josh Bowden, Joshua Tainui, Tate Kelly, Sean Hanning, Todd Henderson, Jack Matheson, Blair Dewar
- Front Row:** Mr Warrick Bowden, Luke Boon, Zachary Murrow, Harry Crichton, Lewis Fraser, Toro Hati, Simon Goulden, Mr Mike Ryan

With a proud tradition to uphold in the U65 Division One grade, the coaches and team of 2014 were going to leave nothing to chance. Early season camps and trainings held by coaches Warrick Bowden, Mike Ryan and John Herbert ensured the team were well prepared for the grading rounds which were successfully negotiated with some comprehensive wins over HIBS 58-15, HVHS 86-0 and 61-14. The format for the Division One grade was six teams with two full round robins with the top two teams going straight to finals. We started the full competition with big wins over HIBS 38-0, Porirua 57-0 and Wellington College 43-12 and then a 10-10 draw away to Naenae who were emerging as the giant killers in the grade. This was followed by a close 25-19 win over St. Pat's Town who appeared to be the other threat in the grade. This completed the first round with Stream on top of the table

In the second round HIBS (75-0) and Porirua (126-5) were comprehensively beaten as were Wellington College (17-0) with a good second half effort in trying conditions. We were able to avenge the first round draw with a hard fought 15-12 win over Naenae. Assured of a berth in the final, the last round robin match in Kilbirnie proved to be a thriller with St. Pat's Town snatching a last minute 31-27 win after Stream had earlier fought back to snatch a lead with minutes remaining. This ensured a re-match against the same opponents a week later in the Ina Hansen Cup final on Stream #1.

It would be fair to say this team saved the best until last. Only minutes into the final against St. Pat's Town, pressure from the kick off saw Lucas Dutton sprint through a gap to score close to the posts. In poor conditions our running, passing and handling were superb. Our set piece scrum was the best it had been all season, and we continued our domination in the lineouts. Shaun Hanning was able to add two penalties to his earlier conversion to stretch the lead to 13-0 at half time. It wasn't until the second half that Town were able to exert some pressure but our outstanding defence repelled them. A barging run by Jack Matheson put the final nail in the coffin when he crossed out wide to hand us a comprehensive 18-0 victory. Silverstream claimed the Ina Hansen Cup for the 5th consecutive season continuing its domination in the grade.

This was a season built on excellent preparation by the coaches, supported by Chrissy and Matt Fage as the management team. The boys worked well as a team and on several occasions during the season demonstrated their 'never give up' fighting qualities in the best Silverstream tradition. It's difficult to single out individuals in the team, but Lucas Dutton and Shaun Hanning were strong runners and prolific try scorers. Connor McGeough's boot was used to good effect to clear our line when in danger and inside back Jono Ryan and Cullen Dexter were solid all year. The two Josh's, Bowden and Tainui, dominated the lineout, and fellow forwards Jack Matheson, Zach Murrow, Tai Archer & Lewis Fraser provided staunch support.

## U65White

- Back Row:** Liam Kennedy, Daniel Champion, Josh Anderson, Isaiah Brennan, Devon Wineera, Taani Mafile'O, Chevy Fearon, Luke Baker
- Middle Row:** Alexander Winship, Samuel McKenzie, Jackson Shervey, Hamish Tustin, Jake Anderson, Bevan Angus, Zac Owczarek, Mr Anthony Neustroski
- Front Row:** Jared Angus, Thomas Lee, Wesley Dalton, Jayden Taylor, Bailey Chadwick, Samuel Puglia, Marc Neustroski, Robert Wellington

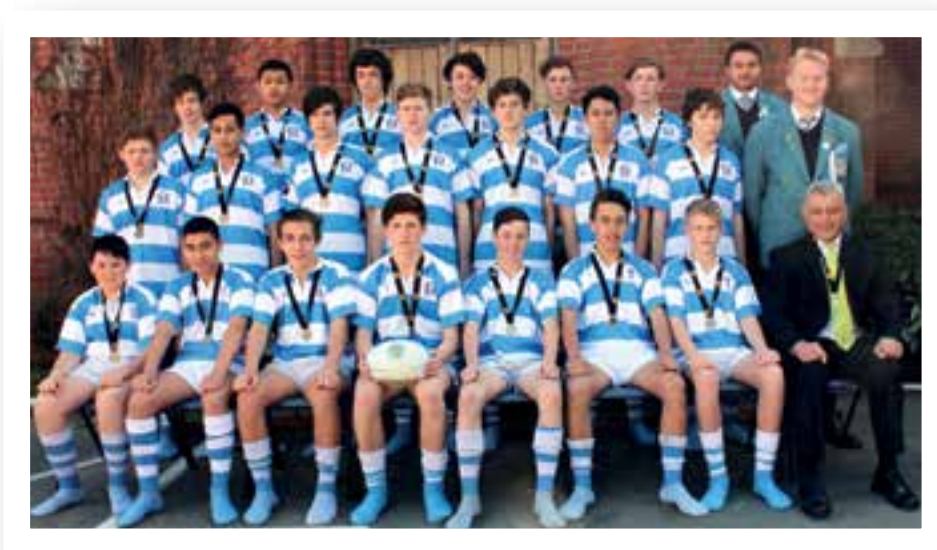

We came together as a team of 6 backs, 13 forwards and 5 players new to rugby.

After finishing top of our grading pool we were placed into the 2nd division. The 2nd Division which consisted of 8 teams, was very competitive. I thought 5 of the 8 teams could have won this competition. We thrashed Paraparaumu 64-5 in the quarter finals, a team that had beaten us previously. We lost to Onslow 22-17 in the semi final, a team we had previously beaten 26-24. Onslow went on to win the 2nd division. Our boys were asked to play some tough physical rugby this year and represented St Patrick's College with integrity, they were dignified in victory and humble in defeat.

Thanks for your hard work guys, you were playing good rugby and we had a good team by the end of the season.

## U65Blue

- Back Row:** Nicholas Kubala, Daniel Vailepa, Tawhiri Logan, Fletcher McGregor, Dakota Luger, Drew Cullen, Isaako Sopoaga
- Middle Row:** Henry Fraser, Aukusitino Smith, Cameron McAllister, Mitchell Couchman, Mason Rene, Tiaan Rountree, Rhys Sinke, Jack McCormack
- Front Row:** Benjamin Cuff, Josh Budge, Jacob Williams, Samuel Pahina, Peter Aitken, Carter Taumata, Keegan Bracefield, Mr Syd Budge

This year's U65 Blue team did extremely well in winning the Division 3 of the U65 competition grade. The team had hard games in the early grading part of the season but we believed in them and in turn the players set about winning a championship medal.

They had set goals and realigned as the year went on. Thank you to my coaching staff of Jason Pahina, Murray Aitken and Darren Taumata. You were always encouraging with your coaching and comments. A very big thank you to Natasha and Ken Fraser who help share the managerial duties of the team that allowed us to coach.

Thank you to parents on behalf of your sons. You relayed information and transported our team to games. Without this willingness to support, we would not operate as a team.

Special thanks to Maidstone Sports, Trevor Domney for the supply of training shirts and even though they were softball related, still kept the team going and helping win a championship.

Congratulations to the following recipients of our team awards:  
Best forward – Sam Pahina (captain); Best Back – Peter Aitken;  
Best team man – Dakota Luger.

From us all, have a great summer break and be fit and ready for the coming rugby season!

# RUGBY LEAGUE

**Back Row:** Mr Rob Ackerman, Jack McCormack, Lester Maulolo, Sione Uvea, Salesi Rayasi, Christian Afoa  
**Third Row:** Lui Okeamoa-Luamanu, Isaako Sopoago, Jarrod Adams, Tarquinn Alatipi Ivan Fepuleai, Luese Moemai, Joseph Apikotoa  
**Second Row:** Herewini Ammunson, Warihi Snowden, Tone, Ryan Quinn, Joshua Brown, Joel Hintz  
**Front Row:** Michael Conlon, Daniel Fiso, Vern Sosefo, Connah Pamatatau, Derrell Crichton, Nikau Sollitt-Mackey

Following two enthralling away victories against Naenae College and Taita College enroute to the final of the Stephen Kearney Cup Competition, the final against Wellington College was very eagerly anticipated. The St. Patrick's College team who had been coached and exceptionally well led by Joe Apikotoa throughout the season, certainly anticipated a keenly contested game in the final.

With seasoned rugby league players such as Losi Filipo, Josh Brown and Joe Apikota available for the final, their experience of the game was to prove invaluable as the game progressed.

In fact, Wellington College performed very well throughout the game, and they made the St Pat's side work very hard to achieve the result that was much sought after: St Pat's had never won the Stephen Kearney Cup in the history of the competition.

With the score at half-time only being 16-14 to St Pat's, the second-half was always going to be a very tight affair.

The Stream players who really 'stepped-up' in the second-half included Asafo Aumua, Lester Maulolo, Ben Butler and Sione Uvea, though it was a very much a good team performance that was evident in the final. However, Wellington College continued to make it very difficult indeed for St Pat's to get the victory, with some resolute defence across the field.

At the end of full-time, the scores were level at 26-26, and the 'Golden Point' rule was put into operation. There would be extra-time, and the side who was first to score would win the game. Then, it was a piece of individual brilliance by Losi Filipo, early in extra-time who scored a long range try from half-way that was to prove the difference between the two sides, and for St. Pat's to win the final.

# REFEREES

**Back Row:** Lewis Bush, Robert Griffith, Bosco Francis, Thomas Chumko, Dakota Lugar, Clinton Barton, Peter Aitkin  
**Middle Row:** Caleb Jones, Alex Hart, Trent Hill, Tomas Roche, James Matamua, Callum McLachlan, Fintan Morrison, Jury Teniteni-Smeaton

**Front Row:** Liam Veitch, Connor Leahy, Liam Eales, Bailey Theodore

# SOFTBALL

**Back Row:** Thomas McMahon, Jarrod Adams, Michale Conlon

**Middle Row:** Mr Syd Budge, Alex Lundo, Demitri Perez, Oliver Hurley, Dylan Odell

**Front Row:** Josh Budge, Trent Hill, Tianeve Apineru, Waylon Tuhoro-Robinson, Mr Rob Tungatt

St Pat's entered a senior team into the National Secondary Schools 2nd Division softball tournament held this year in Tauranga from 25 to 28 March 2014. The team played 7 games over 4 days and won 5 and lost 2. The team won the plate final convincingly and was very unlucky not to make the top 4 after a close game with PNBHS.

The team did well considering a pre-tournament injury to our No 1 pitcher but all others stood up well to the competition we faced.

The team was once again very humble and well behaved representing the school in a professional manner. We stayed out of town at Omokoroa Thermal Motel. The team benefitted after games by having a relaxing dip in the 3 thermal pools there.

Alex Lundo and Dylan O'Dell did a fantastic job in leading the team through the tournament.

We would again like to thank Kevin McEvoy from UH Cars, King Street, UH for their sponsorship for transport for our team. Also thanks to Mark Roche and Erica Mueli from New World Whitby for the supply of "energy goodies". Special thanks to Shelley McMahon for scoring and helping out with feeding all.

Lastly, thanks to Mr Rob Tungatt for his assistance with the team in a softball and food sense. Once again the team was very well fed at this tournament which assisted their energy levels.

Looking forward to next year's tournament and yet to be confirmed if we attend Div 1 in the Hutt Valley or Div 2 in Palmerston North.

Syd Budge

# TABLE TENNIS

**Back Row:** Ceri Dell, Liam Taylor

**Center Row:** Mr Simon Fordyce, Jeremiah Go, Adam Murphy, Rory Wilkinson-Dwight, Marco Zarate, Ajith Adipudi

**Front Row:** Brendan English, Mitchell Neshausen, Tuveni Strong, Tahana Okeroa, Troy Preston, Scott Bruin, Harrison Yates

While table tennis is undoubtedly a minor sport at St Pat's, it still manages to attract a healthy number of boys. This year we fielded four teams in the local Hutt Valley competition, where we were reasonably competitive in Division 3 but outclassed in Division 1.

The venue for this year's mid-week competition moved from Upper Hutt College to the Empire Stadium in Petone, which is a specialist table tennis centre. Having enough tables to play up to sixteen games at any one time helped to generate a much better atmosphere, and the boys enjoyed it.

Thanks to those parents who supported the teams and assisted with transport.

Simon Fordyce.

# SWIMMING SPORTS

## ***New Zealand Secondary School Swimming Champs – September 2014***

Tom England (17), Brendon De Greve (15) and Aragorn More (13) competed at the NZ Secondary School swimming champs at Wellington Regional Aquatic Centre in September this year.

All placed in the top ten for their respective events in their age groups. Brendon won a silver medal in the 200 metre breaststroke, and Aragorn won 4 medals out of the 5 events he entered – gold in 200 freestyle, silver in 400 freestyle, bronze in 50 freestyle and 50 butterfly (and 4th in the 200 individual medley).

### ***Full results:***

Tom: 8th 200 free, 6th 100 fly

Brendon: 2nd 200 breast, 8th 50 breast and 200IM, 6th 100 breast

Aragorn: 1st 200 free, 2nd 400 free, 3rd 50 free, 50 fly, 4th 200IM

### **Senior 1st Touch Team**

2012, 2013, 2014 College Sport Wellington Senior Touch Champions  
2012, 2013, 2014 Hutt Valley Secondary School Senior Touch Champions  
2012, 2013, 2014 Central Region Qualifying Secondary School Touch Finalists

The Senior 1st Touch Team has for the 3rd year qualified for the New Zealand Secondary School Touch Nationals, to be held in Auckland 12 -14 December.

### **Junior A Touch Team**

2010, 2011, 2012, 2013 2014 College Sport Wellington Junior Touch Tournament Champions  
2010, 2011, 2012, 2013 2013 Hutt Valley Secondary School Junior Touch Champions  
The Junior A side have kept the Silverstream legacy, winning the 2014 competitions.

### **Wellington Representatives 2014**

Congratulations to the following Streamers who represented Wellington in various Touch teams at the NZ Youth & NZ Open Touch Nationals March in Papamoa.

Mitchell Bialy, Chase Pamatatau, Connah Pamatatau, Mitchell Bull-Elvines, Tajun Crosland, Te Tana Wright, Sean Hurdle, Nathan Moen, Connah Pamatatau, Daniel Schrijvers, Keton Te Amo, Dylan Fage, Ambrose Keil, Te Kore Taute, Jarrod Harawira.

### **College Sport Wellington Touch Player of the Year 2013 & 2014**

Congratulations to Connah Pamatatau for receiving this prestigious award in November for the 2nd year in a row.

Connah started off a great year of touch being selected in the NZ Open Men's Touch Blacks team that travelled away to Mudgee, Australia in a 3 Test Series Trans Tasman against Australia. Unfortunately they lost but it was an awesome experience at just 17 years old.

His Wellington Open Mixed team won Gold at Nationals where he was then selected in the Open Mixed Touch Blacks team to travel to the World Cup in April 2015. He was also selected in the NZ U19 Men's team that will play a 3 test Trans Tasman series against Australia in January 2015.

Connah won the CSW Touch Player of the Year for the 2nd year in a row at this year's SPOTY's as well as being finalist in the NZ Junior Maori Sportsman of the Year.

## Junior 1

**Back Row:** Joshua McGregor, Kienan De La Rambelje, Todd Svenson, Dylan Fage

# WATERPOLO

## Senior

**Back Row:** Timothy Van Den Kerkhof, Jack Matheson, Harrison Ritchie, Ryan Green, Max Press  
**Front Row:** Liam Carson, Joshua Tainui, Kasey Joe-McIndoe, Nathan Lenihan, Aaron Chapman

The Senior A Water polo team competed in the Division 2 Nationals held in Hamilton. It was fair to say that the team experienced a lot of up and downs during the tournament with the team unable to make the semifinals despite strong performances and close games.

The team put this disappointment behind them and focused on winning the local Naenae College tournament. Easy wins in the pool play saw the boys through to the final against a strong St Bernard's squad. This was a hard-fought match and the boys unfortunately went down 3-5.

The season was up and down but the team found their mojo and played some consistent water polo throughout the two tournaments. The team this year was quite young with two Year 10 boys, Josh Bowden and Matthew Elder, travelling up to Hamilton with the seniors. and with only two Year 13s leaving, 2015 should be a successful year.

## Junior A

**Back Row:** Jack Mathesom, Aragorn More, Josh Bowden, Billy Chang, Brendan de Greve, Joshua Tainui, Mr Warrick Bowden

**Front Row:** Matthew Elder, Lochlainn Marryatt, Charlie Penman, Caelum Tainui, Joshua Southall

## Junior B

**Back Row:** Jack Matheson, Jared Angus, Jacob Clout, David Armstrong, Miss Rachel Crawford

**Front Row:** Cain Armstrong, Dominic McArdle-Holmes, Maxim Clifton, Joshua Tainui, Tomas Roche

### Junior Water Polo Team

Water Polo remains a sport of growing interest at the junior level, with another two teams entered into the local Hutt Valley competition. Junior White came away with a third equal placing with HIBS, and Junior Blue can be proud of the massive improvement that they showed throughout the tournament.

From these two teams, a Junior A team was selected to compete in the North Island Secondary Schools Competition in November, where the boys experienced times of challenge and great success. The team came back having grown, bonded and developed into promising players. A huge thanks to students, Max Quinn-Tapara (Y12), and Jack Matheson (Y11) for not only their great coaching, but also for taking responsibility for the organisation of the boys themselves. Also, thanks to Mr Bowden and Miss Crawford for their help and support during both junior level competitions.

And finally, a huge thank you to Mrs Katelin O'Connor for her great contribution over the past year and a half to the sport of Water Polo at Stream.

 Absent: Harish McMenamin, Hayden Day, Matthew Bly

## St Patrick's College - Silverstream - 2014

**PATCO**  
Teacher: David Cournane

Row 3: Samuel Pahina, Eric Botham, Marcus Hewitt, Zane McAisler, Kalde McCashin  
Row 2: Bailey Chadwick, Barnaby Costello, Anthony Smith, Zachary Brodie, Jack Hamlyn, Samuel Gratkowski  
Row 1: Alex Hart, Jack Clout, Logan Timmo, Joseph Slicker, Connor Sinclair, Trent Hunter, Nicholas Stevens  
Absent: Jarrod Adams, Lóislí Filipo

## St Patrick's College - Silverstream - 2014

**PATHY**  
Teacher: Susan Hayworth

Row 3: Angus Love, Thomas Chumko, James Balloch, Michael Jordan, Toa Paranihi, Liam Mulder  
Row 2: Moeva Vaezu, Vincent Lippitt, Jason Fawcett-Steere, Bryn Bohanna, Andrew Glasson, Milo Nasalo  
Row 1: Joao Astorga Da Costa, James Sunderland, Jared Sarten, Aaron Chapman, Corey Whitaker, Logan Lammie, Kenny Muir

## St Patrick's College - Silverstream - 2014

**PATPY**

Teacher: Stuart Pyne

Row 3: Sebastien Colterreau, Alexander Dunnage, Jonathan Petersen, Connor Leahy, Jack Wright  
 Row 2: Jack McGoldrick, Edwin Hu, Jordan Sutton, Braydan Linton, Ambros Kell, Logan Mackinder  
 Row 1: Trent Hill, Curtis Tyler, Rhys Mair, Dennis Fogarty, Benjamin Blake, Te Tana Wright, Luigi Basinang  
 Absent: Daley McCarthy, James Burborough

## St Patrick's College - Silverstream - 2014

**PATWA**

Teacher: Alistair Watson

Row 3: Ajang Madut, Isaac Wallach, Jerome Mason, Mitchell Mexted, Thomas Yates  
 Row 2: Linus Go, Martin Kelemete, Christopher Linton, Luise Moemak, Max Press, Mitchell Taylor  
 Row 1: Jared Priston, Ashley Lumaden, Jille Van Der Zee, Richard Douglas, James Winsthurst, Matthew Jenkins, Max Becker  
 Absent: Adam Murphy, Liam Hunt, Tovia Nasalo, Wairua Takarangi-Taniwha

# St Patrick's College - Silverstream - 2014

PATWN

Teacher: Paul Wilson (absent)

Row 3: Lewis Ngatai, James Walker, Nathan Romano, Regan Wright, Cameron de Vis, Kahl Adams  
 Row 2: Samuel McKenzie, Mitchell Kroll, Lince Klemets, Shaun Manning, Mitchell Couchman, Timothy Donaldson, Ryan Fraser  
 Row 1: Charlie Penman, Kieran Scannell, Cameron Wilson-Meek, Dakota Luger, James Matamus, Dominic McArdle-Holmes, Alexander Gray, Benjamin Ruby  
 Absent: Morgan McMenamin

# St Patrick's College - Silverstream - 2014

PATWN

Teacher: Paul Wilson (absent)

Row 3: Lewis Ngatai, James Walker, Nathan Romano, Regan Wright, Cameron de Vis, Kahl Adams  
 Row 2: Samuel McKenzie, Mitchell Kroll, Lince Klemets, Shaun Manning, Mitchell Couchman, Timothy Donaldson, Ryan Fraser  
 Row 1: Charlie Penman, Kieran Scannell, Cameron Wilson-Meek, Dakota Luger, James Matamus, Dominic McArdle-Holmes, Alexander Gray, Benjamin Ruby  
 Absent: Morgan McMenamin

## St Patrick's College - Silverstream - 2014

**TRIAK**

Teacher: Antoon Koolj

Row 3: Hamish Leckie, Logan Zammit, Benjamin Murrow, Conor Meehan, Connah Pamatatau

Row 2: Chris Aumua, Nicholas Hope, Deshan McLachlan, Jonathan Ryan, Marcus Jackson

Row 1: Alex Brien, Travis Langford, Alejandro Sambajon, Jacob Harrold, Christandel Rabe, Zachary Murrow, Ajith Adipudi

Absent: Desmond Pa'atua, Vincent van Gent

## St Patrick's College - Silverstream - 2014

**TRIBH**

Teacher: Blair Hungerford

Row 3: Christian Giannotti, Daniel Schrijvers, Carter Andrews, Tynan Barrett, Benjamin Butler, Jacob Stevenson

Row 2: Nicholas Ruby, Luke Kalivati, Jake Collins, Keegan Radovich, Asafo Aumua, Samuel von Harttzen

Row 1: Chevy Fearon, Zachary McLeod, Blair Dewar, Dylan Page, Bentley Stevenson, Lewis Bush, Scott Bruin

Absent: Antony Love, Daniel Bleakie, Luke Grealley

## St Patrick's College - Silverstream - 2014

**TRIEP**

Teacher: Eddie Petersen

Row 3: Harrison Dean, Alexander Volmer, Maurice Tupua-Wilson, Harvey Henderson, Neilana Bush, Michael Timoteo, Tereá McDavitt  
 Row 2: Jonathan Wong Kee, Enatas Jenkinson, Daniel Fiso, Xavier Wilson, Demetri Perez, Jacob Minshull  
 Row 1: Felipe McDonald-Cuevas, James Granada, Callum Harkin, Adam Kabe, Lemuel Vine, Matthew Elder, Joshua Scott  
 Absent: Jae Neshausen, Morgan Rowan

## St Patrick's College - Silverstream - 2014

**TRIGH**

Teacher: G Hydes

Row 3: Joseph Faure, Justin Bergman, Thomas Gilbert, George Bailey, Cameron McAllister  
 Row 2: Michael Cooper, Benjamin Clendon, Cullum Pope, Dom Kafatoku, Christian Fiso  
 Row 1: Bryn Barnett, Gavin Migiro, Cameron Roberts, Nanumea Foua, Clinton Barton, Joel Hintz, Andrew Roberts  
 Absent: Alexander Vernon, Awarau Snowden, Wesley Dalton

## St Patrick's College - Silverstream - 2014

### TRIPH

Teacher: Patrick Hallot

Row 3: Te Pine Foua, Jacob Ross, Daniel Otte, Scott Maxim, Troy Aloisio, Duncan Leckie  
 Row 2: Vince Long, Dylan Odell, Jaesyn Maxwell, Connor Elliott, Inelio Timoteo, Sam Dewar  
 Row 1: Jacob Kavirita, Izaak Lynch, TeRaka Wiremu, Oscar Harstin, Jon-Luke Harvey, Gabriel Subbeniente, Cassian Jewell  
 Absent: Carter Andrews, Matthew Ma'a, Sam Gillespie

## St Patrick's College - Silverstream - 2014

### TRIRD

Teacher: Dave Richards

Row 3: Jolon Behrent, Robert Griffith, Shane Grantham, Andrew Jordan  
 Row 2: Isaac Hill, Zachery Havill, Tuventi Strong, George Daly, Isaac Stevens  
 Row 1: Krishan Raju, Jayden Taylor, Mitchell Bialy, Jackson Ryan, James Beachen, John Granada  
 Absent: Jack Simpson, Joel Murkin, Zion Snowden

## St Patrick's College - Silverstream - 2014

TRISF

Teacher: Simon Fordyce

Row 3: Tarquinn Alapti, Aisea Mafle'o, Tioneva Apineru, Flynn Giles, Liam Eales  
 Row 2: Felix Faure, Ringa Taurewa, Christopher Quin, Nui Te Koha, Angus Aheru, Aidan Cogger  
 Row 1: Carlos Byers, Kody Taylor, Nathan Taylor, Matthew Twort, Adam Lane, Joshua Lomax-Gordon, Finley Byron  
 Absent: Daniel Shepherd, Johann Perez, Joshua Kellett

## St Patrick's College - Silverstream - 2014

5th Year Boarders

Row 2: Jesse Williams, Carter Andrews, Saleli Rayasi, Cameron Soper, Nese Solu  
 Row 1: Marko Collins-Lutic, Cameron Roseingrave, Wainui Takarangi-Taniwha, Lwilo Ngatai, Mana-Raina Collins-Lutic, Alex Lundon
